INTERNAL QUALITY ASSURANCE CELL

Annual Quality Assurance Academic and Administrative Audit Report by External members - 2023-2024

1. Introduction

Amity University Haryana (AUH) has been functioning as a private university in Haryana since 2010. Through its distinctiveness as an academic institution over a long period of time, the university believes in continuous quality assessments and assurance. To keep in sync with the quality assurance, the university adopted the NEP 2020 guidelines for upgrading its curriculum, providing students more options in courses as per their area of interest thus resulting into enhanced quality standards as per the demand of industry. It has been continuously upgrading the curricula and infrastructure to enhance the quality of education. Hence, the authorities in line with one of its missions "To foster academic innovations to create an environment of student centric learning" & "To nurture talent and creativity" have voluntarily started the academic audit with the establishment of the Internal Quality Assurance Cell at AUH, to implement and improve quality standards and strategies through internal and external evaluation; and look into its strengths and weakness and identify the scope for continual improvement.

The Academic and Administrative Audit (AAA) establishes a standardized framework based on key parameters to ensure quality education. The IQAC acts as a facilitator in this process. Proper documentation within a department plays a crucial role as a reference for future improvements. The IQAC conducts regular audits to enhance teaching-learning processes, organizational structures, and methodologies. Feedback and recommendations provided by the IQAC are carefully reviewed and implemented to drive progress. The academic standards defined by the institution serve as benchmarks, reflecting its commitment to delivering quality to its stakeholders.

2. Objective of Audit

1. The objective of the academic audit was an independent assessment of the institute/school by an internal peer and external member in tean

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

2. The external academic audit of Faculty of Studies was organized by IQAC through a self-designed proforma to review and analyze the prevailing academic and administrative processes and functioning of the institutes / schools.

3. Methodology adopted for External audit:

The audit team physically verified the documents, Amizone related verticals, had a face-to-face interaction with Head of the institution & each faculty member.

4. Observations and Recommendations:

Based on the information gathered from the available documents in the institutes and through faculty interactions, the audit committee made a sincere endeavor to put forward certain views, observations, and recommendations faculty wise in the report with expectations that these recommendations, when implemented, will best serve the interest of the university as intended.

5. Profile of Faculty of Studies at AUH:

Achieving academic excellence is the core philosophy of Amity University Haryana and is the driving force behind its robust academic framework and high-quality teaching-learning process which instills a spirit of learning amongst students. To make the education more equitable, inclusive and holistic and to focus on fostering critical thinking, creativity, and problem-solving skills, NEP emphasizes teaching a wider range of subjects in addition to traditional subjects being offered in the core courses. Equal focus has been given on the core values viz, Multi-Entry &-Exit system, Choice-Based Credit System, Multidisciplinary education, Indian Knowledge System, and Foreign languages. Also, students are motivated to register for online courses on platforms like SWAYAM / NPTEL for self-paced learning. Community Engagement in Sustainability is a mandatory three-credit course for programs offered as per NEP 2020 framework. However, other students of various programs are also engaged in community engagement projects as per the design of their curriculum. The incubator at the university has promoted seven startups. The curriculum and methodologies are designed to enhance holistic development of students. A total of 30 JRFs, SRFs, post-doctoral fellows, research associates, and other research fellows enrolled during the academic year 2023-2024. This is instrumental in promoting research acumen at the university. The university offers 90 UG, PG and M.Phil

programmes, and Ph. D in specialization fields in the Six Faculty of Studies / Departments as listed below:

- **Faculty of Management Studies & Behavioural Sciences**
- **Faculty of Science, Engineering & Technology**
- **Faculty of Arts**
- **Faculty of Law**
- **Faculty of Health & Allied Sciences**
- **Faculty of Architecture and Planning**

5.1 FACULTY OF MANAGEMENT STUDIES & BEHAVIOURAL SCIENCES

The department is comprising of five institutes as below.

- Amity Business School
- Amity College of Commerce
- Amity School of Hospitality
- Amity Institute of Behavioral and Applied Sciences
- Amity Institute of Clinical Psychology

The faculty offers 24 programs at under graduate, post graduate level and 12 minor tracks along with Ph.D programs in different specializations. The faculty in the department are dedicated and skilled professionals from some of the finest institutions. Their academic and professional excellence, combined with their strong values, makes them inspiring role models for the students.

Amity Institute of Clinical Psychology is recognized by Rehabilitation Council of India (RCI) and the Clinical Psychology programme is well in demand in the prevailing society where people are leading a mechanical life. It has introduced a new programme, the Post Graduation Diploma in Rehabilitation Psychology, as per the recommendations given earlier.

Summary of observations as stated under:

i. ABS has its own reputed inhouse journal with quality publications.

ii. State-of-the-art computer labs, a Student Counselling and Guidance lab, and modern hospitality labs equip students for hands-on learnin

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

iii. Corporate guest lectures bring industry insights directly to students, enriching their knowledge and showcasing essential workplace skills.

iv. Students immerse themselves in live projects, case studies, and certification courses, creating a dynamic experiential learning environment.

v. Behavioural Sciences workshops conducted by AIBAS faculty across the university enhance student development, preparing them for successful placements.

vi. Faculty members actively engage in prestigious national and international conferences, seminars, and workshops, contributing to reputed academic journals.

vii. The Institution Innovation Council and E-cell activities ignite creativity, nurturing ideas that evolve into startups within the university's incubator.

viii. Dedicated Centres of Excellence have been established for BRICS Studies and Rural Innovation & Social Entrepreneurship (RISE), driving innovation and research.

ix. The department's sustainability education programs champion educational goals aligned with global sustainability objectives.

x. AIBAS students lead social awareness initiatives through impactful projects, with visits to NGOs and well-being centers fostering empathy and social responsibility.

Recommendations:

i. Enhance research initiatives, consultancies, and training programs supported by external agencies, including government bodies, NGOs, and private institutions at national and international levels.

ii. Prioritize consultancy projects to foster practical applications and enhance the number of consultancy services.

iii. Develop and implement innovative programs and courses in emerging fields to address evolving academic, professional, and industry demands effectively.

iv. Encourage faculty to actively participate as resource persons or experts in diverse activities such as conferences, seminars, judging events, and delivering lectures at esteemed educational forums and industry platforms both nationally and internationally.

5.2 FACULTY OF SCIENCE, ENGINEERING & TECHNOLOGY

This department comprises of four institutes as stated below:

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Amity School of Engineering & Technology
- Amity School of Applied Sciences
- Amity Institute of Biotechnology
- Amity School of Earth & Environmental Science

The department offers 30 undergraduate, postgraduate programmes and 23 minor tracks along with Ph.D. programs in different specialization areas to fulfill the needs of skilled professionals as per the industry demand. Faculty members are research oriented, highly experienced and have qualifications from the best institutions that are involved in the teaching- learning activities of the department. World class infrastructure equipped with high tech research labs is available for conducting collaborative and interdisciplinary research.

Summary of observations as stated under:

i. Director and faculty members in the department are one of the best and are placed in Top 2% scientists of the world.

ii. ASAS has got a Govt. funded FIST of 2 crores.

iii. The department boasts Centres of Excellence in areas such as Data Science, Computational Biology, Genomics & Proteomics, and Pollution Control. It also houses world-class research facilities, and also keeps upgrading its labs and 2 new labs have been constructed for boosting research in Nanotechnology.

iv. State-of-the-art laboratories are available for interdisciplinary research, equipped with advanced instruments for physical and biological sciences, including biotechnology, forensic sciences, chemistry, and biochemistry. Facilities such as the Central Instrument Research Facility (CIRF) and Amity Lipidomic Research Facility (ALRF) support cutting-edge studies, with strict adherence to good lab practices and robust inventory management systems.

v. The faculty and researchers at the Amity Institute of Biotechnology (AIB) have earned numerous accolades for their contributions to research, industry integration, and academics. Many faculty members hold doctoral degrees, have published in Scopus-indexed journals, authored books with ISBN numbers, and actively participate in national and international conferences, seminars, and workshops.

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

vi. The department hosts numerous research fellows who have cleared the JRF, with full-time Ph.D. scholars actively engaged in research activities. Faculty members at the Amity Institute of Biotechnology (AIB) hold doctoral degrees and have received numerous accolades, reflecting global excellence in research, industry integration, and academics.

vii. The department collaborates with leading organizations such as the National Institute of Solar Energy, under the Ministry of New and Renewable Energy, to conduct Skill Development training programs. Additionally, a Memorandum of Understanding (MOU) exists between Amity University Haryana, India, and NASA-AERONET, Goddard Space Flight Center, Maryland, USA, fostering global partnerships.

viii. The Amity School of Earth and Environmental Science (ASEES) undertakes impactful social initiatives, including renewable energy projects, rainwater harvesting, sewage and effluent treatment, zero water discharge, and waste management. The school organizes educational field trips and assigns in-house projects for students to study the diverse flora and fauna of the university's lush 110-acre campus. It also adheres to UGC guidelines, offering Environmental Studies as a core course for undergraduate students.

Recommendations:

i. Faculty members should collaborate in research publications with international peers for pursuing higher academic pursuits and recognitions.

ii. Identify and explore research opportunities in areas like environmental health, conservation, wastewater treatment, green energy, pollution control, waste management, and environmental policies, with a focus on expanding these areas to address pressing global environmental challenges and sustainability issues.

iii. Emphasize experiential learning for students, developing their critical thinking and problem-solving skills, and preparing them to apply knowledge effectively in real-world situations.

iv. Encourage students to actively participate in E-cell activities, fostering the development of innovative technological ideas. These ideas will be nurtured into marketable products with the support of the university's incubator, promoting entrepreneurship and creativity.

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

v. Strengthen efforts to secure funded projects and consultancy services, while expanding collaboration with international universities for faculty and student exchange programs.

vi. Place greater emphasis on securing patents related to the commercialization of products developed by faculty members. A total of seven patents have been granted and 18 have been published.

5.3 FACULTY OF ARTS

The department consists of three institutes as mentioned below.

- Amity School of Liberal Arts and Foreign Languages
- Amity School of Communication
- Amity Institute of Design

A total of 14 undergraduate, postgraduate programs and 18 minor tracks are being offered in this department along with Ph.D in different specializations. The department also offers various language programmes which are value-added courses mandatory for UG & PG students and offers a Communication Skills course for all UG and PG students.

Summary of observations as stated under:

i. The FL and CS courses have been restructured as per the attainment level of students.

ii. The department has its own in-house journal with ISSN number.

iii. ASCO has launched a fake journal detection app for helping students understand the difference.

iv. The department emphasizes ICT-enabled teaching, learning, and evaluation to promote self-directed learning through platforms like Swayam and other MOOCs.

v. The andragogical approach focuses on experiential learning, with facilities such as the Media Studio, Amity TV, Language Lab, Fashion and Design Labs, Art Gallery, and Animation Labs offering students opportunities for “learning by doing.”

vi. Holistic development is supported by 24/7 activities across the university, including poster-making competitions, debates, and various co-curricular initiatives that enrich students' learning experience.

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

vii. Cultural and sports activities are integral, promoting the rich cultural values of great civilizations while aiding in personality and character development.

viii. The department actively supports student growth by integrating academic, creative, and extracurricular initiatives for a well-rounded educational experience.

Recommendations:

i. The department should focus on enhancing IPR activities, such as copyright and patenting, and publishing research papers with international academic peers to strengthen the research culture in non-science fields.

ii. To increase the number of students qualifying for national-level competitive exams like JRF and NET, efforts should be made to motivate and fully support aspiring students for enrolling in progressive value-added courses which will be taught by professional experts from the academic session 2024-2025 for achieving their career goals.

iii. The department should collaborate with prestigious organizations to establish faculty and student exchange programs for global exposure.

iv. Promoting the internationalization of faculty members through participation in conferences and seminars will further enrich academic and research opportunities, while encouraging interdisciplinary research both nationally and internationally.

5.4 FACULTY OF LAW

Amity Law School is approved by the statutory body Bar Council of India (BCI). It offers 04 undergraduate, post graduate programs and 02 minor tracks are offered in this department along with Ph. D in specialized field.

Summary of observations as stated under:

i. The school organizes an annual National Moot Court competition, providing students with the opportunity to interact with eminent judges, academicians, and practicing advocates. This platform allows students from various institutions to engage in meaningful discussions and win accolades.

ii. The students actively participate in a range of inter-university and intra-university tournaments, excelling and earning recognition. Additionally, the school provides

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

coaching for competitive exams, helping many students benefit from focused preparation and achieve success in these exams.

iii. The department boasts a well-stocked library with the latest law books and resources. In addition to physical books, e-resources like SCC Online are available, and the library is sufficiently equipped as per the norms set by BCI.

iv. The department extensively integrates ICT tools in the learning process. Faculty members adopt a blended learning approach, encouraging students to develop presentations and work on case studies, promoting interactive assignments and projects to deepen their understanding.

Recommendations:

i. Organizing International Moot Court competitions will provide students with hands-on experience, helping them develop a global perspective and fostering international exposure in the legal field.

ii. The school should prioritize recruiting Ph.D. faculty members while encouraging existing faculty to complete their Ph.D. programs on time, ensuring a highly qualified and academically driven teaching staff.

iii. Focus should be given to promoting activities that foster relationships with the industry and corporate world, facilitating opportunities for student internships and placements, thus enhancing their career prospects.

5.5 FACULTY OF HEALTH & ALLIED SCIENCES

The department comprises of three institutes namely:

- Amity Medical School
- Amity College of Nursing under the regulatory body Indian Nursing Council (INC)
- Amity Institute of Pharmacy in accordance with the regulatory body Pharmacy Council of India (PCI).

A total of 15 undergraduate and postgraduate programs and 02 minor tracks are being offered in this department along with Ph.D. in different specializations. Amity Medical School is also running a programme Bachelor in Audiology and Speech Language

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Pathology approved by Rehabilitation Council of India (RCI). Community Engagement for Sustainability is a mandatory three-credit course for students.

Summary of observations as stated under:

i. The department emphasizes providing students with opportunities to engage with the neighboring community on social issues, offering solutions where applicable. Extension and outreach activities in local villages contribute to the holistic development of students, instilling compassion and empathy. The department organizes several voluntary activities, including

- Conducting awareness programs in nearby villages on health, hygiene, and social issues.
- Organizing blood donation drives and health check-up camps for villagers on campus.
- Offering free optometry and audiology consultations to local villagers and school children.

ii. Memorandums of Understanding (MoUs) have been signed with hospitals such as ESI and Paras, along with NGOs, to provide students with internship opportunities and hands-on workplace experience as part of the academic framework.

iii. Faculty members in the department are actively engaged in research activities, with significant contributions in patents, funded projects, book publications, and research papers, reflecting the school's commitment to academic and research excellence.

iv. The laboratories maintain comprehensive stock registers for consumable and non-consumable items, with annual physical verification of stock. The Amity Institute of Pharmacy features state-of-the-art laboratories for experiential learning, adhering to good laboratory practices displayed within the facilities.

v. M. Pharma course has been introduced, and new labs have been established for PG courses.

vi. As per PCI, the intake of students increased from 60 to 100.

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Recommendations:

i. AIP should apply for additional intake in bachelor's program as the demand in the health sector has increased.

ii. Strengthen the admission in Post Basic Nursing program as per the sanctioned intake of students.

iii. The department should actively promote social awareness programs in collaboration with NGOs and government-recognized institutions, particularly focusing on community health initiatives to create a meaningful impact.

iv. There is significant potential within the department to develop new technologies and products, enhancing innovation and bolstering Intellectual Property Rights (IPR) activities.

v. Schools in the department should prioritize organizing workshops, seminars, conferences, and faculty development programs to keep faculty and students updated on the latest technologies, fostering a continuous increase in their knowledge and expertise.

vi. The department should focus on getting Govt. sponsored projects from DST, ICMR etc. for boosting research.

5.6 FACULTY OF ARCHITECTURE AND PLANNING

Amity School of Architecture and Planning is following the statutory regulations of the Council of Architecture (CoA). The faculty strength is filled as per the sanctioned posts and norms of council.

AUH is a Platinum certified Leadership in Energy and Environmental Design (LEED) campus. The University has established the prestigious Leadership in Energy and Environmental Design (LEED) lab in collaboration with Green Business Certification Inc. (GBCI). A Certification course is optional for students on LEED. It is an educational tool offered to suitable students across universities mainly from Architecture, Planning, Civil and Mechanical Engineering and Environmental sciences. It is a classroom as well as field-based module offered to train students in green building design, operation and rating. The School of Architecture and Planning and School of Earth and Environmental Science are nodal institutes to offer this program.

Internal Quality Assurance Cell • Amity University Haryana •

Registrar
Amity University Haryana
Manesar Gurgaon-122413

The department offers 03 undergraduate, post graduate programs and 01 minor track along with Ph. D in specialization domain.

Summary of observations as stated under:

i. Faculty members actively incorporate hands-on learning, including designing miniature architectural models and engaging students in NOS (National Organization of students) planning to enhance practical understanding and creativity.
ii. Students frequently visit historical sites showcasing excellent architecture and participate in industry visits to gain insights into contemporary practices and interact with architects and professionals of the industry.
iii. The departmental library offers sufficient books and E-resources, while the computer lab is equipped with essential software to support students in completing their coursework effectively.
iv. The faculty members hold recognized professional memberships, as verified during the audit process.
v. The placement opportunities provided to students by the school are commendable and align with industry standards.

Recommendations:

i. Encourage faculty members to publish research in prestigious high-impact journals to contribute to academic excellence and professional growth.
ii. Enhance students' experiential learning through innovative and creative initiatives designed to develop diverse skills and perspectives.
iii. Foster collaboration with the government to tackle regional social and environmental challenges effectively.
iv. Establish consultancy services for institutions, focusing on architectural projects to provide professional expertise and practical solutions.

6. Conclusion:

At AUH, all Faculties of Studies emphasize academic innovation, research, and extension activities, forming the foundation of each departme [illegible] ing a

AAA- Action Taken and Follow-up Report 2023-2024

The Academic and Administrative Audit was carried out by external experts for all the Six Faculty of Studies at AUH. Based on the recommendations given by the team for the academic session 2022-2023, the action taken report and follow up are as under:

NAAC Criteria	Action Taken
1. Curricular Aspects	• Introduced four new programs 1. BBA (Business Analytics) 2. M.Pharma (Pharmaceutics) 3. PG Diploma in Rehabilitation Psychology 4. M.A. (Political Science) • Introduced 30 new Value-Added Courses (VAC) in emerging fields under the NEP 2020 framework, enriching academic diversity. • 39 Skill tracks are offered to students enrolled in NEP program and 7 skill tracks are offered to students enrolled in non-NEP programs.
2. Teaching- Learning and Evaluation	• Use of LMS was made mandatory as a part of course planning and teaching learning. • The percentage of doctorate faculty increased to 76.2%, reflecting enhanced academic credentials. • The university had organized 25 Faculty Development Programs (FDPs). • Five faculty members received international fellowships, and one received a national fellowship.
3. Research, Innovations and Extensions	• Research funding is of 4 crore and 33 lacs in 2023-2024 session. The new Cheminova lab is established under New FIST grant with

Internal Quality Assurance Cell • Amity University Haryana

Registrar
Amity University Haryana
Manesar Gurgaon-122413

	instrumental in promoting the research output of the university. • 38 patents have been filed, 2 copyrights have been filed, and seven patents have been granted during the academic year • Total Scopus publications have increased from 2188 to 2887. • Scopus citation index of AUH has increased to 19119 to 30345 and h-index of AUH has improved to 66. • There is an exponential growth in the consultancy services at AUH amounting to Rs. 48.31 Lacs. • A total of 147 periodicals have been acquired for the current session, including 49 international journals, 88 national journals, and 10 magazines.
4. Infrastructure And Learning Resources	• Above 415 plus new books were added to the library. • One new food joint "Deja Brew" has been opened in the campus. • The campus has 43 rainwater harvesting wells and 112 bores. • Over 70% of the campus lighting is LED-based, with plans to achieve 100% in the coming years. • Users have access to over 50 multimedia PCs equipped with 1.3 Gbps internet connectivity for browsing, downloading, and reprographic services.
5. Student Support and Progression	• Amity University Haryana has been selected to offer a “Skill Hub Initiative" by the Ministry of Skill Development and Entrepreneurship. AUH has received a target of skilling 240 candidates in various job roles.

Internal Quality Assurance Cell • Amity University Haryana

Registrar
Amity University Haryana
Manesar Gurgaon-122413

	• 137 Companies were fortune 500/MNC companies who have given our students opportunity. • A total of 457 companies visited our campus in the year 2023-24. • CRC department has already executed 12 MOU's with industry in the past. During the year CRC department has inked MoU with Airport authority of India, WNS. • 668 students have received institutional scholarships. • Over 2,500 students participated in various sports events. • Out of 25 Clubs following two new clubs have been introduced: 1. Aurelia 2. Google Developers Student Club.
6. Governance, Leadership and Management	• Regular meetings of Board of Management (BOM), Governing Body (GB) and Academic Council (AC) are organized as per the norms and specified frequency in the Act. • IQAC physically ensures during audit that the objectives of the university are met for the various stakeholders at AUH. • The physical monitoring of NEP based program is done for Discipline Specific courses where students are enrolled across all institutes to foster multi-disciplinary learning thereby assuring and enhancing the quality of the university.
7. Institutional Values and Best Practices	• Implemented the New Curricular Framework for undergraduate Programmes (NCFUG) in 28 programs, approved by the Governing Body and Academic Council.

Private Trust	-
Others	-
the AUH	

40. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

To revise the B.B.A and B.A. (Hons.) Economics curriculum alignment with the New Education Policy (NEP) 2020, a series of comprehensive assessment exercises was undertaken. The process begin with stakeholder consultations, involving faculty, students, alumni, industry experts, and policymakers to gather diverse perspectives on the strengths and gaps in the existing curriculum. This was followed by a competency mapping exercise, which identifies key skills and attributes expected of B.B.A graduates, such as critical thinking, entrepreneurial abilities, digital literacy, and ethical decision-making, and compares them with the current curriculum to identify areas of improvement. A comparative benchmarking study against leading national and international institutions was undertaken to provide insights into best practices, including the integration of experiential learning, multidisciplinary approaches, and flexibility in course design.

Additionally, a learning outcome assessment was evaluated for the effectiveness of existing courses in achieving desired objectives, using performance data and feedback from students and external reviewers. Scenario-based exercises and interdisciplinary workshops will be included in the curriculum's responsiveness to real-world challenges and opportunities for integrating diverse fields such as data analytics, sustainability, and psychology into the program.

41. Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Registrar
Amity University Haryana
Manesar Gurgaon-122413

c) Employers on the programme offered and how does the department utilize the feedback.

d) Alumni on the programme offered and how does the department utilize the feedback.

Feedback is obtained from a) Faculty, b) Students, c) Employers, d) Alumni & also from Parents and experts from academia. They are encouraged to share structured feedback about course/program which forms the basis of curriculum review. Constant feedback is taken from the industry people to identify new demands and trends of the industry. Comprehensive feedback from students of passing out batches and parents is obtained annually to get suggestions for further improvement. It has been made mandatory for all students to fill on-line faculty feedback, on university portal-Amizone, before and after the exams. IQAC in the department makes sure that this data is properly analyzed, and steps are taken for improvement.

44. List the teaching methods adopted by the faculty for different programmes.

The focus for all programs at Amity Business School is on student centric learning and therefore experiential and participatory learning pedagogies are adopted to ensure that students are active participants in the teaching-learning process.

Lecture method: The conventional method of blackboard-whiteboard is commonly adopted by the faculty for all programs. This method facilitates the faculty to interpret, explain the content of a text for better comprehension of the subject and repeat/reinforce a point, when required. Interactive method:

ICT Enabled Teaching: ICT enabled teaching includes Wi-Fi enabled class rooms with LCD, projectors, Smart Class rooms, E-learning resources and Webinar sessions. Amity Business School conducts regular sessions to develop Behavioral and Communication Skills among the students. Motivational talks, educational videos support the teaching-learning process.

Case Study Analysis and Discussion: Through this method the students gain skills in critical thinking, communication, team cohesiveness and learning. The faculty uses case studies in their respective domains and case study mode of teaching and learning is an indispensable part of pedagogy at Amity Business School.

Group Learning Method: Group Learning allows the slow learners to develop problem solving, interpersonal, presentational and communication skills to confirm quality in learning with Peer Group. Under group learning, heterogeneous group of students comprising Fast, Average and Slow learners are divided into small groups depending upon the c[illegible]ed to participate in activities like group discussions, rol[illegible] process with peers, management

Registrar
Amity University Haryana
Manesar Gurgaon-122413

games, group projects/presentations, discussion and reflection on current trends of the different domains of industry/economy are conducted regularly in the classes.

Project-based and Experiential learning: While both UG students and PG students are required to undergo a project-based summer internship as an important part of the curriculum ,all final year students have to complete a project-based dissertation in their final semester to which a comprehensive follow up is done in the form of a project thesis and a viva-voce for the same. These internships not only teach valuable on-the-job skills but also provide networking opportunities to the students. Periodic industrial visits organized by the school aids in real time experiential learning for students.

Beyond academics: Amity Business school gives high importance to holistic development of students beyond classroom through co -curricular, extra-curricular and field-based activities. In order to pursue the interest in their area of specialization, students 'clubs & committees are functional. Some of the committees are Sports Committee, Alumni Committee, Placement committee, Industry Interaction Committee. Some of the clubs are HR Club, Marketing club, Finance club and Entrepreneurship club. Centres for excellence include Centre for Financial Analytics and Centre of BRICS Studies

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The process of attainment of POs (Programme Outcomes), PSOs (Programmeme Specific Outcomes) and COs (Course Outcomes) begins from writing appropriate COs for each course. This is done from the first Semester until the final semester for each programme. The course outcomes are written by the respective faculty members using action verbs of learning levels suggested by Bloom Taxonomy. Then, a correlation is established between COs and POs to address innovation, contribution towards society, skill development, inculcating appropriate value systems and internationalization among students. A mapping matrix is prepared in this regard for every course in the programme including the elective subjects. The course outcomes written and their mapping with POs are reviewed frequently by Academic Affairs Division of the university before they are finalized.

The process for the evaluation of the students in different courses is followed as per the rules and regulations of the University and its Examination Department. The implementation of the syllabi with changes and the process of evaluation of the learners are monitored by the academic affairs of the university. The university promotes faculty to organize workshops as well as deputes to participate in theseminars and conferences at national and international level. Moreover, they are promoted to present and publish research papers to achieve the Course Outcomes and Programme Outcomes successfully.

The assessment takes place at the following levels:

Registrar
Amity University Haryana
Manesar Gurgaon-122413

The Course-level Assessment includes:

A Continuous Assessment with a relative weight of 30% - 40% is done depending upon the course type, whereas 30% is allotted to meet the course objectives, learning outcomes and pedagogy. Various components for continuous assessment are defined and used. The relative weight of the End semester Examination – written examination/lab examination/practical examination varies from 60% - 70% depending upon the course type.

The Programme Level Assessment includes:

The assessment of Programme Learning Outcomes is done through assessment methodology, comprehensive examination, and rubrics every year. The University conducts surveys keeping in mind the parameters or the learning outcomes as prescribed in the course curriculum. These are measured and the desired emphasis are laid during the delivery of a programme as prescribed in the course curriculum.

IQAC Cell of the University periodically conducts the academic audit of the department and ensure that all academic processes are adhering to the stated quality norms including the attainment of course and programme outcome.

3) Amity Business School, Gurugram has been ranked "Accreditation Council for Business Schools and Programs", USA.
4) Amity Business School, Gurugram has been a member of "The Association to Advance Collegiate Schools of Business", USA.
5) Amity Business School, Gurugram has been Ranked among the "Top 10 BBA Institutions in the North Zone" by Times of India i3RC BBA Institute ranking survey 2023, India.
6) Amity Business School, Gurugram has been "Ranked#13 Amongst Top 10 emerging Colleges in India" and "Ranked#37 Amongst top BBA Colleges in India" by India Today MDRA Survey 2024.
7) Amity Business School, Gurugram has been "Ranked Amongst Top 10 Private B-Schools in NCR" by The Week, Hansa research Survey 2024.
8) Amity Business School, Gurugram "Ranked Amongst Top 10 Private B-Schools in India Third time in a Row, 2022, 2023, 2024" by Times of India.

50. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

51. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths:

- **Accrediations:** Amity University Haryana's Amity Business School is a member of "The Association to Advance Collegiate Schools of Business," which is based in the United States.
- **Strong brand presence:** Amity Business School has a well-known standing in the academic community.
- .**Faculty:** Exceptionally skilled and committed academics with a track record of success and research potential.
- **Curriculum:** Employability is the primary objective of a strong curriculum.
- Encourages innovation through Study
- **Academic innovation:** Promotes innovation through various initiatives like the Choice Based Credit System, Value Added Courses, and Study Abroad programs.
- **Industry connect:** Developed connections with the industry through partnerships and programs such as the Incubation Center and E-cell
- **Infrastructure and resources:** state-of-the-art physical facilities, reading rooms, a central library, ICT-enabled learning centers, and fully furnished computer labs.
- **Mentorship:** Strong mentor-mentee system for personalized student guidance.

Weaknesses:

- **Research:** Research initia[illegible]es require enhancement.
- **Student involvement:** Few [illegible]elated activities.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- **Faculty collaboration:** There is room to improve inter-faculty cooperation for collaborative research.

Opportunities:

- **Global demand:** Rising global demand for management professionals creates a promising outlook for graduates.
- **Entrepreneurship:** E-Cell and Incubation Center can support students in becoming successful entrepreneurs.
- **Industry partnerships:** Leverage existing industry connections for increased internship and placement opportunities.

Challenges:

Research impact and visibility: Increasing research impact and visibility through digital presence, cross-citation, and exploring new research areas

52. Future plan of the department for the next Academic year.

For the next academic year, the department aims to enhance the academic and professional development of students in both BBA and MBA programs. Emphasis will be placed on incorporating innovative teaching methods, including case-based learning, live projects, and simulation exercises, to strengthen practical understanding. Industry collaboration will be expanded through partnerships with leading organizations, offering internships, mentorships, and placement opportunities. The curriculum will be updated to align with emerging trends such as digital transformation, sustainability, and entrepreneurship. Additionally, new certification programs in analytics, leadership, and financial modeling will be introduced. Focused workshops and seminars on career readiness, networking events with alumni, and exposure to international perspectives through exchange programs are planned to prepare students for global business challenges.

40. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

Yes, before development of new programme we obtain feedback from industry, alumni, Parents and the existing students of our university. We also conduct a pilot study with the junior batch students who are prospective students of that programme. E.g for introduction of B.Com(Business Analytics) one can conduct pilot study and obtain feedback from(10+2) students . We also obtain the suggestion from our IQAC department regarding development of new programme

41. Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

All issues related to teaching-learning-evaluation are discussed at the departmental meetings on a regular basis. Suggestions for improving them are placed before the board of Studies (BoS) for approval and implementation. Based upon suggestion given by IQAC on regular basis we evaluate our teaching learning process and incorporate the recommendation suggested by them.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

The subject teacher gets feedback on curriculum, teaching-learning process etc from students on a regular basis. All issues related to teaching-learning-evaluation are discussed in a comprehensive manner. The department analyses these reports and suggestions and corrected measures, if needed are taken. IQAC takes feedback on regular basis from the students and based upon those feedback suggest the concerned department for the improvement in their teaching learning and curriculum design

c) Employers on the programme offered and how does the department utilize the feedback.

Yes, we obtain feedback from our existing and prospective employers of our students. Based on the prevailing industry norms we get those feedbacks and incorporate them into our curriculum and teaching pedagogy in order to achieve the objective of industry integration. IQAC monitors feedback of employers and ensures it is properly disseminated to the institutes by the IQAC.

d) Alumni on the programme offered and how does the department utilize the feedback.

Yes, we obtain feedback from our alumni who are well placed in different organizations. Based upon those feedbacks we try to incorporate the industry requirements and expectation from the students of that programme in the curriculum of the programme. IQAC at central level collect the feedback from the alumni during convocation and recommends accordingly.

42. List the distinguished Alumni of the department

Mandeep Singh	B.Com(H)	2015-18	Won Bronze Medal at Junior World Cup shooting Championship in 25metre rapid fire round at Sydney Australia in the year March 2018
Johny Garg	B.Com(H)	2011-14	Financial Advisor at Bank of Nova Scotia,Toronto,Canada
Tanya Goyal	B.Com(H)	2014-17	PWC,Mumbai
Sana Narula	B.Com(H)	2014-17	Master's From Deakin University,USA
Lavanya Sangwan	B.Com(H)	2017-20	Campus Princess National 2020 finalist, Miss Diva 2020 top 27 (Delhi finalist), Miss India 2020 top 5 Haryana finalist,
Anirudh	B.Com(H)	2015-18	Manager at SBI Bank ,Jaipur
Anmol Datta	B.Com(H)	2011-14	Senior data Analyst at National Grid,Massachusetts,USA

Ms Lakshmi	M.Com	2018-20	Manager in Oberai, New Delhi

43. Give details of student enrichment programmes (workshops / training/skill development) involving external experts.

S. No.	Type of Event	Title of Event	Month - Year	No. of participants
1	Guest Lecture	ACCA UK Programme	22nd August,23	63
2	Seminar	ACCA UK	1st November,23	6
3	Seminar	Roadmap of ACCA	4th December,23	12
4	Seminar	ACCA Interaction session with ISDC representatives	14th March,24	15

44. List the teaching methods adopted by the faculty for different programmes.

a) Orientation Program and Bridge Courses for new students
b) Outcome Based Learning (Bloom's Taxonomy)
c)Teaching Pedagogy: Lecture Method, Interactive Method, ICT Enabled Teaching, Case Study
d)Analysis & Discussion, Group Learning Method, Project Based and Experiential Learning
e) Summer Internship Project/Dissertation
f) Unique Mentor Mentee System
g) Fully Integrated ICT Enabled Academic Processes and Evaluation (AMIZONE)
h) Course and Program assessment

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

- Preparation of lesson plans for each subject and maintenance of course files;
- Regular academic audits by IQAC and implementation of suggestions made by them

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Regular and periodic assessment of students through internal exams, semester exams, Viva's , presentation , dissertation and Summer internship
- Self-assessment and feedback by alumni; and
- Employer's interaction.
- Guest Lecture
- Workshops
- Seminars

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.) NA

47. Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lectures/ certifications. NA

48. State whether the programme / department is accredited / graded by other agencies? If yes, give details. NA

49. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Bachelor of Commerce (Hons), Master of Commerce and Doctoral programmmes focus on basic as well as applied knowledge and skills in Accounting , taxation and other allied subjects and their applications that are integrated and delivered in a comprehensive manner to prepare students to enter the corporate world. IQAC recommendation & Suggestions are interrelated in generating new knowledge

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strength

1.) Good strength of faculty with Doctoral Degree .

2.) Good Campus placement of Bachelor of Commerce (Hons) and Master of Commerce students for the last many years, evidencing that the B.Com (Hons) and M.Com curriculum, teaching infrastructure and its environment, etc, have been of great importance to the students and highly relevant to the Industry.

3.) Research Publications in Sc

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Weakness

1.) Low number of sponsored major/minor research projects.

2.) Inadequate number of tie-ups/MoUs.

Opportunities

1.) Training for both Faculty members and Students through workshops/seminars.

2.) Consultancies and Funded research projects.

3.) Multi-disciplinary research

Challenges

1.) Adopting industry Open Standards in the University to allow for the most cost-effective acquisition of accounting software products. The use of a standard and common set of tools will allow for ease of communication, information interchange and the sharing of data.

2.) Location of the University

51. Future plan of the department for the next Academic year.

- **Academic**

1. Redesign curricula on par with the industry 4.0 growth.
2. Introducing new teaching and research programmes.
3. Increasing new electives like Business Analytics and Financial Management in M.Com programme.
4. Collaborations with different reputed universities of India and Abroad.

- **Placement**

1. Increase Industry Academia Interaction.
2. Establish MoUs with various national and international companies.
3. Provide soft-skills and stress management tips to students.

- **Research**

1. Work for sponsored research proposals and projects.
2. Introduction of a journal based upon latest development and innovation in the field of Commerce and Management.
3. Initiative to establish an open source software lab.
4. Host National/ International conferences to share research findings and challenges prevailing nationally

41 Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

- Yes, all issues related to teaching-learning-evaluation are discussed at the departmental meetings on a regular basis. Suggestions for improving them are placed before the Board of Studies (BoS) for approval and subsequent implementation.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

- The subject teacher gets feedback on curriculum, teaching-learning process etc. from students on a regular basis. Feedback is given by the students in Amizone periodically on various parameters. IQAC Department directly contacts the students and get their feedback on Academic and non-Academic issues at regular intervals. All issues related to teaching-learning-evaluation are discussed in a comprehensive manner. The department analyses these reports and suggestions and corrected measures, if needed, are taken.

c) Employers on the programme offered and how does the department utilize the feedback.

- Feedback from Employers are evaluated periodically on various parameters. All feedbacks are discussed in a comprehensive manner. The department analyses these reports and suggestions and corrected measures, if needed, are taken.

d) Alumni on the programme offered and how does the department utilize the feedback.

- ASH is in touch with some of the alumni through personal contacts as well as social networks. They offer suggestions for the improvement of the curriculum as well as teaching-learning-evaluation. During alumni meet, a session is dedicated to discussing the syllabus and curriculum since the feedback from alumni is extremely valuable for us to improve the curriculum, research efforts and quality of service.

42 List the distinguished Alumni of the department

46 Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

Event Management has become an Effective Training Methodology to Acquire the best managerial Practices and Professional skills. Faculty Members and students of the Department actively participate in extension activities like University Fest, Seminars, Group Discussions etc. These Events and Activities are the most exciting part of campus life at Amity School of Hospitality give them exposure to manage such events successfully.

47 Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lectures/ certifications.

Quality components such as Cooking Workshops, Case Studies, Group Project, Student Presentations, Industrial Visits etc. are the practices to enrich "beyond syllabus and scholarly activities" of the department. Learning while doing is always considered as a best practice in many practical oriented courses like hotel management. Amity School of Hospitality organizes in house events and has placed itself at the university level in the field of hospitality and tourism education with bench marking standards.

The various event including entrepreneurship development has been started to guide student by various technical skills. Before starting this event faculty help students to make a student club named "MEZBAAN" to complete the task. A series of regional cuisine and an event named Tourism Week has started that provide students various learning platforms to gain exposure of Cooking skills, baking skills, Entrepreneurship Skills, and F&B Services Skills, tour guiding, tour planning and many more that tends to help them to operate new startup and be entrepreneur in future.

48 State whether the programme / department is accredited / graded by other agencies? If yes, give details.

- Amity School of Hospitality belongs to Amity University Haryana which is NAAC accredited 'A' Grade University

49 Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

BHM and BTTM programmes focus on basic as well as applied knowledge and skills in Hotel Management and Tourism Industry that are integrated and delivered in a comprehensive manner to prepare students to enter into the industry. To continue the practices department organizes:

- Workshop related to F& B Service,
- Restaurant Etiquettes,
- Cooking Workshops,
- Outdoor catering with 5-Star Hotels,
- ODC for Students (National & International) with collaboration with Event Management company.

Digitalization is encapsulating hitherto domains where manual operations were considered irreplaceable. Trends in Higher Education System characterizing both the current learning environments in Hospitality & Culinary education as well as a vision for future learning environments and outlines a strategy for successful implementation of innovations in educational delivery. The traditional housekeeping management so well established across the world in almost every building on the planet on leaving aside only the hospitality business is now facing significant challenges each passing day.

The following areas of focus are addressed:

- To help students to explore the industrial based kitchen labs practice which meet the requirement the current situations.
- Prepare students with reference to emerging trends challenging students to think critically, communicate lucidly, and synthesize broadly to solve problems.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Used blending method of teaching by using various case study and with the help of group discussion method.

Academic Audits are conducted by IQAC and their recommendations are taken into consideration by ASH in Academic activities. These implementations are reflected in the Best Practices and also in Academic Innovative practices followed by the department in regular teaching-learning process in both theory & practical sessions.

50 Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths :

- For many years, students have been placed on campus successfully, demonstrating that the curriculum, teaching infrastructure, and environment, among other things, have been of considerable relevance to the students and highly relevant to the industry.
- Obtaining feedback from students, academic peers, and employers in order to analyses and redesign curriculum.
- Publications of research findings in peer-reviewed journals.
- Seminars, workshops, refresher courses, conferences, and other forms of continuing academic and professional development.

Weaknesses :

- Inadequate amount of collaborations / MoUs, Consultancy Services, Market demand fluctuations impacting placement record.
- Lack of appropriate & relevant infrastructure followed in the industry, is one of the major obstacles towards effective experiential learning of the students.

Opportunities :

- Workshops / Seminars provide training for both faculty and students.

Challenges :

- Adoption of industry Open Standards at the University to enable the most cost-effective procurement.
- Absence of a state of the art hotel school has proved to be a major challenge in attracting more admissions. This aspect has remained long-pending & has recently received traction in Planning Board approval.

40. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

Sub-committees of Faculty were constituted to get feedback from students, employers, and subject experts of other prominent Central and State Universities. The syllabus of UGC, UPSC, and Central and State Universities were reviewed. Weightage of various topics and sub-topics calculated. Based on the relevance and competencies required for UG and PG students, the syllabus / extra curriculum and pedagogy methodology were updated.

41 Does the department obtain feedback from

a) **Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?**

Yes. Every semester the feedback on Curriculum is obtained from faculty members and students. The same is utilized in making changes in the existing curriculum to make it more effective and is being monitored by the team IQAC.

b) **Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?**

The student's feedback on Staff and Teaching-Learning-Evaluation is taken through Amizone portal. The obtained feedback is discussed in Faculty meetings held on regular intervals. The feedback is taken twice in a semester. Head of the Institution and Program coordinators also have meetings with Class Representatives (Student representative) of each class to discuss the issues at hand. The feedback on curriculum is also obtained in these meetings from the students which is then utilized to update the existing curriculum in the Board of Studies meeting. The faculty members discuss more effective ways of curriculum delivery making the student more engaged in the experience and identi ficant for the student's learning

Registrar

and overall development. IQAC Team periodically visits Institute and review of academic & evaluation systems in place. Based on the feedback received from IQAC Team, quality improvement is made.

c) Employers on the programme offered and how does the department utilize the feedback.

The feedback from the Employers is taken each year and is utilized to make the curriculum more skill-based and industry-oriented. Support from the Corporate Resource Centre (CRC), AUH is received from time to time and on a periodic basis to provide necessary support for the placements of students, their handholding, and building the capacities to deal with job interviews.

d) Alumni on the programme offered and how does the department utilize the feedback.

The feedback from Alumni on the programs is taken regularly and their suggestions are incorporated to make the programs effective so that the students passing out from the institute are better able to practically apply their knowledge. Based on the feedback received from the IQAC Team with regard to quality improvement, efforts are made in make quality improvements in the programmes offered

43 Give details of student enrichment programmes (workshops / training/skill development) involving external experts.

Nil

44 List the teaching methods adopted by the faculty for different programmes.

- Lecture method
- Group discussion/ Participatory learning §Projects / Assignments
- Blended learning
- Case study discussion
- Experiential learning through weekly field visits §Problem solving methodologies
- Role Play
- Seminars/ Workshops
- Mentor – mentee sessions
- Remedial classes
- Journal Clubs
- Military training camps
- 100% teachers use ICT for effective teaching with Learning Management Systems (LMS), e-learning.

45 How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Programme Objectives are constantly reviewed in the internal meetings of AIBAS faculty & staff. Corrective measures are taken regularly based on the decisions taken. IQAC Team periodically monitor the objectives and activities of Institute. Based on the feedback from IQAC Team, corrective measures are taken for the quality improvements in academic programme delivery. Feedback from students are faculty are periodically taken.

46 Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

Students regularly participate in outreach activities based on Field Practicum. Every 5th day of week i.e. Friday, the students are taken to the specific NGOs, Institutions and Clinics to get the hands-on experience. These visits are supervised by the Faculty members. Apart from this students and faculty organize 24x7 activities as per the academic calendar. Special events are organized marking important days in each semester.

40. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

During corona pandemic the population was under significant psychological distress. It was realized our country has limited number of trained clinical psychologist. So, the department thought of bridging this gap.

41. Does the department obtain feedback from

I. Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?- Yes
II. On the spot feedback during supervised internship- Yes
III. Post examination feedback-Yes
IV. Post assignment feedback- Yes
V. Post academic programs like seminar presentations, journal clubs, casepresentation feedback- Yes
VI. Post CEP feedback-Yes
VII. Feedback subsequent to submission of clinical cases-Yes
VIII. Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?
IX. Through Academic programs
X. Employers on the programme offered and how does the department utilize the feedback.

- Feedback is given by CRC and monitored by IQAC
- Through teaching and learning of trainees

Alumni on the programme offered and how does the department utilize the feedback.

- IQAC plays a central role in providing feedback in this aspect.

42. List the distinguished Alumni of the department.

50. **Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.**

Strengths

1) Running professional clinical psychology programme (RCI), much needed in thecountry.
2) Well experienced faculties from tom institution of the country. NIMHANS, IHBAS,RINPAS
3) Majority of faculties are PhDs
4) Majority (UGC)NET qualified
5) Diversified exposure of faculties and trainees i.e. medical psychology, psychiatry,disability

Weaknesses

1) Need for more avenues for training
2) Funded research/projects

Opportunities

1) Avenues for interdisciplinary research behaviour science, forensic science, audiology

Challenges

Maximize the exposure of trainees at national and international level

51. Future plan of the department for next Academic year.

1. Much Needed RCI based professional programme.
2. Advance Diploma in child and guidance
3. AICP is striving to have its own:
   - Clinical Neuropsychology Unit
   - Behavioural Medicine Unit
   - Happiness And Mindfulness Centre
   - CHILD Psychology Unit
   - Relationship Enrichment Unit

30. Code of ethics for research followed by the departments.

The University makes it mandatory for all faculty, researchers & students to adhere to the policy of academic malpractice and plagiarism and strives to use best tools and practices to identify and check academic malpractice and plagiarism.

• In order to ensure academic integrity, check malpractices and plagiarism, the University follows a Policy Guidelines for Plagiarism Prevention that all research material originating from Amity should be original and not plagiarized from any source. These guidelines shall apply to all Faculty members, Staff, Research fellows, Ph.D Scholars and students before they publish any research work with Amity University affiliation.

•To ensure the same, all research materials to be sent for publication, are checked for originality using "Turnitin plagiarism software" which is a leading academic plagiarism detection software. As per the University policy, the Ph.D. Theses of scholars are being checked by the Turnitin Software, prior to acceptance for evaluation.

•The Head of Institution is to ensure that no thesis is submitted by the scholar without Plagiarism check. in case a scholar is found adopting or suspected of adopting unfair means or lifting of other's work and inserting it in his/her work without proper acknowledgement, credit and reference, penal action is taken by the University.

• The concerned guide is required to submit a certificate, mentioning that the thesis of scholar has been checked by Turnitin Software. The plagiarism report is provided for verification and records by Departmental Research Committee.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

•The same policy is followed for the faculty members to check malpractices and plagiarism in research.

• Since the University makes use of the software for all research related material before it is published, only few such cases alleging plagiarism has been reported and appropriate action has been taken.

31. Students profile programme-wise: Pass out Batch- 2024

37. Present details of departmental infrastructural facilities with regard to

a) Library

There are some technical books, Competitive guides for NET/GATE exams, Personal development magazines and Philosophical books. We are disseminating the information related to good books to all Faculty/Staff/Students. All the entities of the departments are getting the benefits of this departmental library. ***E-library with 14 computers and internet*** *connectivity is available in the library. Students and staff can access e-resources in the library.*

b) Internet facilities for staff and students

Internet through LAN in all Computer Labs
Audio Visual Class room (Smart room C-214)

Registrar
Amity University Haryana
Manesar Gurgaon-122413

c) Total number of classrooms: 37

d) Classrooms with ICT facility

11 classrooms out of 37 classrooms are made ICT ready and the LCD projectors are being fixed. 4 classrooms out of 11 classrooms (ICT) are having Wi-Fi/LAN facility which will be used in effective learning.

e) Students' laboratories

Institution has 38 well equipped laboratories out which Computer Science Department has 12 laboratories in which the computers has at least core 2 duo processors. Internet connectivity is provided to all computers. Other department like Mechanical Engineering has 8 laboratories, Civil Engineering has 4 laboratories, Electronics & Communications has 10 laboratories, Aerospace Engineering has 2 laboratories and one each for Robotics and Bio-Medical engineering.

40 Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

Yes, BOS is done for designing any new program or modifying existing programmes.

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

An internal feedback is taken from faculty during regular departmental meetings.

Based on the suggestions, syllabus is modified which is then presented before BOS for approval. At the time of Board of Studies (BOS) meeting as well, all faculty members along with external experts from industry, academia and alumni are present for finalization of curriculum.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Students submit their feedback twice a semester on amizone. This feedback is submitted individually for every subject and includes questions related to relevance of content and teaching quality. Also, a cumulative feedback is taken for the complete course curriculum during exit procedure of passing out student.

c) Employers on the programme offered and how does the department utilize the feedback.

Employers are a part of BOS as experts from industry. BOS is the approving body for inducting any new programme or modification/extension of existing programme.

d) Alumni on the programme offered and how does the department utilize the feedback.

Alumni are a part of BOS which is conducted designing any new program or modifying existing programmes.

41 Does the department obtain feedback from

The curriculum of the academic programmes in ASET is designed and improved by giving due consideration to the inputs and recommendations of different stakeholders – students, faculty, industry experts, alumni and parents. IQAC department conducts audit and collects feedback from faculties and students to get insights for improving curriculum and teaching methodology.

All inputs are then presented before the BoS (Board of Studies) constituted at the school and Academic Council of Amity University Haryana. Upon the approval of BoS

Registrar
Amity University Haryana
Manesar Gurgaon-122413

and Academic Council the inputs and recommendations are included as a part of curriculum.

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

Faculty provide their feedbacks to IQAC as well as discussions are held in HoI/HoD meetings for improving Teaching-Learning Evaluation.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Students fill feedback form twice every semester-Pre-Examination and Post-Examination. This is being used by HoI and higher management for accessing Faculty Performance.
Further, Student Satisfaction Survey (SSS) online Microsoft form is filled by students and the inputs are considered during curriculum revision as well as for improvement of teaching practices.
IQAC do regular interactions with class representatives which introduces them with quality standards of University as well as which ensures a check on all departmental activities.

c) Employers on the programme offered and how does the department utilize the feedback.

Yes, the feedback received is discussed in the Board of Studies meeting and Faculty meetings and considered for possible implementation in the curriculum.

d) Alumni on the programme offered and how does the department utilize the feedback.

Yes, the feedback received is discussed in the Board of studies meeting and faculty meetings and considered for possible implementation in the curriculum.

In 2023-24, BOS was conducted for introducing specializations (Semiconductor design and manufacturing) in B.Tech. ECE. Even, IQAC get feedback from alumni to get suggestions to make students industry ready and to know any problems they found in teaching or placement process.

42 List the distinguished Alumni of the department

45 How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The Department has a systematic process of collecting and evaluating data on programme and course learning outcomes and uses it to overcome the barriers to learning. The assessment takes place at following levels:

The Course-level Assessment includes:

- Continuous assessment having a weightage of 30%.Various components for continuous assessment are defined and used. This method is evaluating the attainment of CO by using student's marks, where the student marks consists of

(1) Final exam

(2) Tests

(3) Quizzes

Registrar
Amity University Haryana
Manesar Gurgaon-122413

(4) Assignments

(5) Project and etc.

- End semester Examination – The weightage of end semester examination is 70% which consist of written examination /lab examination depending upon course type.

➢ **IQAC Audits**

- IQAC always play active role during conduct of sessional, practical's as well as end-term examination.

It assures regular evaluation of departmental data like course manuals, syllabus completion, result and outcome analysis, weak student analysis, question paper preparation, marking schemes, attendance analysis etc. The audit reports shared by IQAC helps to keep proper check on achieving program objectives and redefining new objectives for betterment of students.

48 State whether the programme / department is accredited / graded by other agencies? If yes, give details.

AUH has received NAAC accreditation in year 2021 (Grade A).

49 Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Departmental faculty members are well versed with the latest technology and research ideas. They are contributing to knowledge generation by guiding students of UG, PG and Ph D for their research projects.
- Obtaining latest literature in the field of Engineering & Technology.
- Organizing workshops, Webinars, Guest lectures, industrial Visits etc. for the students of the department and other universities for disseminating knowledge.
- IQAC regularly discusses innovative and best practices teaching techniques to make students Industry ready. It also conducts FDP's and provides suggestions/recommendations through feedbacks which helps in new knowledge generation.
- IQAC conducts Academic and Administrative Audit (AAA) twice in an academic year i.e. during odd semester and even semester. The AAA focuses on teaching-learning and evaluation process, quality in terms of learning outcomes and evidence-based documentation. Further AAA report is shared with department to make improvements in system.

50 Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

STRENGTH OF THE DEPARTMENT

a. Department has highly qualified faculty members to initiate research on different specialized areas.

b. Have well equipped laboratory for teaching various courses

c. Applied Research approach.

d. Students, faculty members and staff are given opportunity and encouraged to pursue higher education and participate in National and International Conferences.

e. The Department works in collaboration with National Institute of Solar Energy, an autonomous institute of Ministry of New and Renewable Energy for conducting Skill Development training program.

f. Mechanism is available for direct mentoring of students by faculty, interacting with students, and directing them to upgrade their skills.

WEAKNESSES OF THE DEPARTMENT

a. Although, University supports inter university exchange programme of the students and the faculty but right now participation is less. In future, we hope more number of students and faculties participating to unfold their potentials in collaborative research programmes.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

OPPORTUNITIES OF THE DEPARTMENT

a. High employability of students pursuing the programs offered by the department

b. We can emerge as Centre of Excellence in Renewable Energy in the Country.

c. Scope for the development of interdisciplinary projects useful for society

d More employment potential in research centers and bodies like CSIR, CRRI, etc.,

CHALLENGES OF THE DEPARTMENT

a. Creating visibility of the department in national and international platform.

b. Opportunities for international collaboration

51 Future plan of the department for next Academic year.

- To submit proposals to funding agencies for Research and Modernization of Laboratories
- Certificate, Short term Courses and Diploma in Solar PV, Solar Thermal systems
- To start consultancy i.e., testing of Material (Cement, Concrete, Steel, Bricks and Soil etc.)
- Integrated Multi-Disciplinary Dual Degree Courses

23. Details of Patents and income generated.: NA

24. Faculty selected nationally / internationally to visit other laboratories / Institutions / Industries in India and abroad (Year-wise, faculty-wise, Institutions, purpose etc.)

S NO.	Faculty name	National (N) or International (I)	Time period	Institution name	Purpose
1	Dr. Anurag Sharma	International	June 15 - July 16 2024	Applied Membrane Technology Inc. Minneapolis USA	Discussions for the grant and release of funds for carrying out the sponsored project, conduct preliminary investigations to carry out the proposed work in Amity
2	Shiva Dixit	National	29th April-1st May 2024	IIT Bombay	Experimental work and collaboration
3	Anurag Kumar Sahu	National	1 day 24 Sep 2024	TERI School of Advanced Studies 10 Institutional Area, Vasant Kunj New Delhi- 110070, India	visit to provide our students with an invaluable experience, exposing them to scientific excellence.
4	Prof. Rajendra Prasad	International	13-17, September 2023	38th Small Meeting on Yeast Transport and Energetics (SMYTE) in Blankenberge, Belgium,	To deliver a talk

25. Faculty serving in a) National Committees; b) International Committees; c) Editorial Boardd) any other (please specify)

S. No.	Faculty Name	Details of committee membership / Professional service
1	Atanu Banerjee	Editorial Board Member: Journal of Applied Microbiology

Registrar
Amity University Haryana
Manesar Gurgaon-122413

2	Atanu Banerjee	Mentor: American Society for Microbiology-Future Leaders Mentorship Fellowship
3	Gargi Bagchi	DST-Water Technology Initiative
4	Dr. Amresh Prakash	Review Editor in the Journal Frontiers
5	Prof. Rajendra Prasad	Editorial board in the Journal FEMS Yeast Research
6	Prof. Rajendra Prasad	FEBS Reviewer

26. Faculty recharging strategies (UGC, Refresher / Orientation programs, Workshops, Training programs and similar programs- Duration place, dates, purpose)

ID	Full Name	Title of FDP attended	Type of Program	Duration (start date) to (end date)	Place	Purpose
1	Atanu Banerjee	16th Young Investigators' Meeting (YIM)	Leadership Development Program	11-15 March 2024	Bhopal	Selected to participate and present my work as a Young Investigator
2	Dr Sarika Chaturvedi	NEP- 2020 Orientation and Sensitization: Malaviya Mission Teacher Training Programme (MM-TTP) of University Grants Commission (UGC)	FDP	23rd May to 31st May 2024	Virtual	To implement NEP at AUH
3	Dr Sarika Chatuvedi	Empowering Women For Leadership: Progressing Together	Leadership Development Program	March 4th to 8th, 2024	virtual	self updation

Registrar
Amity University Haryana
Manesar Gurgaon-122413

4	Dr Sarika Chaturvedi	Nurturing Faculty Expertise In Agricultural Research, Technology&Entreprenuerial Ventures'	FDP	15Jan to 19 Jan 2024	Virtual	To hone expertise in agricultural research, technology and entrepreneurship
5	Dr Sarika Chaturvedi	Technology Enabled Teaching and Learning in Food Science & Nutrition.	FDP	24/07/2023 to 28/07/2023		
6	Kumar Gaurav	Advanced Tools in Assessment of Marine Biodiversity and Pollution Monitoring (ATAMBPM) – PHASE – II	FDP	12 to 16 September,2023	Virtual	Monitor Pollution Effectively, Enhance Data Collection and Analysis Skill
7	Kumar Gaurav	Innovations, opportunities and challenges in Life Science Sector Skilling and Research	FDP	17 to 21 July, 2023	Virtual	Address Sector Challenges, Understand Emerging Innovations and Develop Specialized Skills
8	Kumar Gaurav	Advancement in the Synthesis and Application of Functional Materials	FDP	27 to 31 May, 2024	Virtual	Understand Functional Materials and Learn Advanced Synthesis Techniques

Registrar
Amity University Haryana
Manesar Gurgaon-122413

9	Dr. Jinny Tomar	"Empowering Women For Leadership: Progressing Together"	FDP	04-03-2024 to 08-03-2024	Amity University Haryana.	To enhance skills, to improve how to handle the team with which you ae working
10	Dr. Jinny Tomar	NEP- 2020 Orientation and Sensitization: Malaviya Mission Teacher Training Programme (MM-TTP) of University Grants Commission (UGC)	FDP	23-05-2024 to 31-05-2024	Virtual-Amity University Haryana	To get the key points of the NEP 2020 orientation program
11	Dr. Jinny Tomar	Innovations, opportunities and challenges in Life Science Sector Skilling and Research	FDP	17 to 21 July, 2023	Virtual	Address Sector Challenges, Understand Emerging Innovations and Develop Specialized Skills
12	Dr. Jinny Tomar	Changing Dimensions Of The Industry And Revisiting Andragogical Approaches In Higher Education: Present Needs And Way Forward"	FDP	24-07-2024 to 28-07-2024	AUH	To understand how the changes in industry demands, contribute to changes in higher education
13	Nirmal Punetha	Applications of Machine Learning Techniques in Sustainable Technologies (AMLST-2024)	Workshop	24-28 Jan, 2024	Virtual	FDP in relevent area
14	Nirmal Punetha	Blockchain Technology	Workshop	19-24 June, 2023	Virtual	Workshop on new related area

Registrar
Amity University Haryana
Manesar Gurgaon-122413

15	Lakshminarasimhan Krishnaswamy	NEP- 2020 Orientation and Sensitization: Malaviya Mission Teacher Training Programme (MM-TTP) of University Grants Commission (UGC)	FDP	23rd May to 31st May 2024	Virtual	To implement NEP at AUH

27. Student projects (internship projects and final semester dissertation projects)

- Percentage of students who have done in-house projects including inter-departmental projects: 40%
- Percentage of students doing projects in collaboration with external organizations:60%

28. Awards / Recognitions received at the National and International level by (Name of the Award, Year, Agency Grantee, purpose).

S no.	Name of the Award	Awarding organization name	Awardee's name	Designation of Awardee at AUH	Month – Year of award	Purpose of award	Additional comments (if any)
1	Certificate of Excellence	AMIFEST, Amity University Haryana	Dr Sarika Chaturvedi	Assistant Professor	Feb-24	Excellence in Student Coordination	

Registrar
Amity University Haryana
Manesar Gurgaon-122413

2	Young Scientist Award	School of Life Sciences and Association of Cancer Education and Research (ACER), B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai, India	Dr. Kumar Gaurav	Assistant Professor	Jan-24	presented a paper titled "The potential of Probiotics in Cancer Therapy "	
3	Young Scientist Award	B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai, India	Dr. Kumar Gaurav	Assistant Professor	Aug-23	presented a paper entitled Synthesis of TiO 2 for its application in biodiesel production from waste cooking oil	

29. Summary Details of Academic Event organized: (Types of Academic Events: Seminars, Guest Lecture, Conference, Workshop, FDP, Industrial visit oreducational visit)

S. No.	Type of Event	Title of Event	Month - Year	National (N) or International (I)	Source of funding	No. of participants
1	Workshop	Workshop on UPLC and Spectroscopy	12-18.07.2023	National	Yes	35
2	Professional Development Program (PDP)	Professional Development Program (PDP) –in collaboration with LSSSDC, New Delhi Event Title: PDP On Innovations, Opportunities and Challenges in Life Science Sector Skilling & Research	17.07.2023	National	No	384

3	Orientation – 2023	Deeksharambh Student Induction Programme	11-08-2023	National	No	24
4	Industrial visit	Industrial visit for Freshers 2023 as part of orientation program	17-08-2023	National	No	24
5	Guest Lecture	Role of antimicrobial peptide in the innate immunity of urinary tract and skin	29.09.2023	National	No	34
6	Seminar	'Seminar on Open Access (OA) Publishing by Taylor & Francis'	22-09-2023	National	No	106
7	Guest Lecture	Climate Resilient Crops in the Era of Plant Genomics	16.10.2023	National	No	47
8	Sangathan Sport Meet	24th Inter Amity Institutions Sports Meet in Celebration of Founder's Day – Sangathan Event 2023	17.10.2023	National	No	152
9	Workshop	Workshop on Flow Cytometry & Cellular Imaging: From Operation to Application.	12/10/2023 to 20/10/2023	National	Yes	11
10	Talk	Tips and Tricks for Mobilizing Extramural Funds	19.10.2023	National	No	75
11	Guest Lecture	"Exploring human Brainwaves: One Flash at a Time"	03-01-2024	International (I)	No	12
12	Seminar	Exploiting Lysosomes in Human Skin Barrier Development and Regeneration	16-01-2024	National (N)	No	16
13	Talk	"My Story" talk series promoted by Institute Innovation Council (IIC) - AUH Event Title: "Bio-entrepreneurship and Start-ups in Biological Businesses"	23-01-2024	National (N)	No	148

Registrar
Amity University Haryana
Manesar Gurgaon-122413

14	Guest Lecture	CAR T cell therapy; Reimagining live cell therapies to combat Cancer	31-01-2024	National (N)	NO	61
15	International Conference	Celebrating 30 Years of Cdr1 Research	(15-19) -02-2024	International (I)	YES	84
16	Guest Lecture	From bench to bedside: How interdisciplinary research at The University of Manchester shapes future treatments"	28-02-2024	International (I)	NO	30
17	Industrial visit	Mother Diary Plant, Vinod Nagar North, New Delhi, 110092	04.03.2024	National (N)	NO	34
18	Guest Lecture	Unravelling the molecular insights of cyclic di-AMP signaling in mycobacteria and development of novel inhibitors to tackle AMR	20-03-2024	National (N)	NO	29
19	Guest Lecture	Head and Neck Cancer-Integrative Genomic Analysis and Next steps for Immunotherapy	20-03-2024	National (N)	NO	29

41. Does the department obtain feedback from

a) **Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?**

All ongoing semester students fill faculty feedback form two times a year, post commencement and pre-exam, collected by IQAC-AUH. Both this feedback gives an idea about student's comfort and understanding level with concerned faculties. Apart from this, students are also asked to fill in a feedback form after they are done with the course, by IQAC-AUH.
Based on the feedback score teachers are supposed to teach according to student need and fill in their PBAS form. This makes the learning method modified if needed. Also, the departmental head gives clear instruction to follow on/address every respective comment of the students. As per IQAC-AUH guidance, even Mentor-Mentee sessions are also conducted by assigning cluster of students to individual faculties to track overall growth.

b) **Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?**

Yes. Students share their feedback through the Class-Representatives' meeting with the HoI and some faculty members. AIB follows up on the issues raised by the students. Also, every student of this campus is aligned to a teacher Mentor. The individual or group session with Mentor gives clear feedback of mentees' educational and other developmental requirements and lacunas. From such meetings mentor makes action plan and execute through proper channel depending on the type of dissatisfaction if any (Hostel, Washroom, Library, Food, WiFi and other facilities). Apparently IQAC-AUH also takes a comprehensive student feedback by conducting meeting with the class representatives.

c) **Employers on the programme offered and how does the department utilize the feedback.**

The CRC (Corporate Resource Centre) collects feedback from the employers (of AIB-AUH students) and apparently IQAC duly monitors it and shares with the departments. If and when the department receives such feedback, we follow up with necessary action in our teaching, training and curriculum.

d) **Alumni on the programme offered and how does the department utilize the feedback.**

0During every convocation, feedback forms are also filled in by the alumni for their comments on course and university. Their comments also asked about their recent engagements and how past courses have helped them in achieving their goal. These cumulative comments are discussed and actions are taken over that ur rovement. A Central feedback is apparently gathered by the IQAC low up action.

44. List the teaching methods adopted by the faculty for different programmes.

Lectures, Experiential learning, Flipped classroom learning, self-directed learning

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Faculties are taking the classes in accordance with set programme objective. Regular meetings are conducted and discussion are carried out to make sure that these Programme objective are followed. Continuous assessment in terms of quiz viva and assignment helps in monitoring the learning outcomes

IQAC regularly conducts academic audit of the department and monitors the programme objectives and learning outcomes. A check of registration of students, faculty load, sessional examination, time table, event calendar, mentor mentee, placement is carried out by IQAC to monitor attainment of learning outcome. All faculty members incorporate the suggestions of IQAC such as innovations in teaching methods, continuous evaluation and use of modern pedagogical methods.

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

No extension or outreach activities were carried out.

47. Give details of "beyond syllabus and scholarly activities" of the department.For e.g. seminars/conferences/guest lectures/ certifications.

48. State whether the programme / department is accredited / graded by other agencies? If yes, give details.

No. The department or program is not accredited independently.

49. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

AIB research publications are included in response to (22) above.

50. Detailfive major- Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Institutional Strength:

1.Academic Innovation: Multidisciplinary flexible Choice Based Credit System (CBCS) focuses on leveraging the talent and innovative capabilities of students, making them industry-ready. It gives them the flexibility to design their own degree and do a minor in the area of their choice.

2.Faculty and Research: AIB/AIISH has some of the most talented faculty trained in the best national and international institutions with numerous publications in Indexed, National and international journals, with patents and books, sponsored projects and numerous collaborations/MoUs for research. AUH is part of the Amity education group having global presence in five continents with eleven Indian and eight campuses abroad.

3.Centres of Excellence: Data Science and Computational Biology and Genomics and Proteomics.

Institutional Weakness

The institute has robust infrastructural facilities, but it has still to achieve it optimal strength of students.

Institutional Opportunity

AIB/AIISH is going to play a dynamic role as India evolves as a global education hub creating a quality revolution in higher education and shape the 21st century model of higher education that is of high quality, yet equitable and affordable.

Institute's rich infrastructure and research facilities like CIRF and other research centres can provide excellent opportunities for national/international research projects

Manesar Gurgaon-122413

Nurture students as future leaders who are responsible citizens with national pride, sensitivity and awareness.

AIB/AIISH believes in Innovation, Industry Integration and Internationalization. Our collaborations with national and international agencies of repute can be instrumental in initiating collaborative research and projects in national interests.

Institutional Challenge

Striding with global developments in higher education and research and integrating with country's current scenario and industry integration. Integrating ever evolving technologies in Academic sector. Attracting more international students and faculty members thus creating a global presence.

51. Future plan of the department for the next Academic year.

AIB plans to organize a series of Scientific events to highlight the success of the department over the past 15 years since establishment, and prepare for a robust future. This series of events will serve as valuable learning opportunities for the students.

AIB aims to increase the number of students enrolling for Ph.D.

AIB aims to carry out outreach activities to inspire, inculcate and nurture scientific temper in school level students.

Proforma for Academic Audit

AUH/IQAC/AC-A/2021/Rev-1

Evaluative Report of the Institute/ School for the Academic Audit, Session -2023 -2024

1. **Name of the Institution/ School**: *Amity School of Applied Sciences (ASAS)*
2. **Year of establishment**: 2013
3. **Is the department part of a School / Faculty of the university:** *Yes, Faculty of Science, Engineering and Technology*
4. **Names of programs offered.**

Undergraduate:
Bachelor of Science (Hons) Chemistry - BSc (Hons) Chemistry
Bachelor of Science (Hons) Mathematics - BSc (Hons) Mathematics
Bachelor of Science (Hons) Physics - BSc (Hons) Physics
Bachelor of Science (Hons) Forensic Science - BSc (Hons) Forensic Science
Postgraduate:
Master of Science (Applied Mathematics) - MSc (Applied Mathematics)
Master of Science (Applied Chemistry) - MSc (Applied Chemistry)
Master of Science (Applied Physics) - MSc (Applied Physics)
Master of Science (Biochemistry) - MSc (Biochemistry)
Master of Science (Forensic Science) - MSc (Forensic Science)
Doctoral:
Doctor of Philosophy (Chemistry) - PhD (Chemistry)
Doctor of Philosophy (Mathematics) - PhD (Mathematics)
Doctor of Philosophy (Physics) - PhD (Physics)
Doctor of Philosophy (Biochemistry) - PhD (Biochemistry)
Doctor of Philosophy (Forensic Science) - PhD (Forensic Science)

5. **Interdisciplinary programs offered and departments involved.**
Open Elective courses offered by department: Data Analytics, Computer forensic and Cyber Security, Material Science and Technology Pharmaceuticals, Polymer technology.

6. **Courses in collaboration with Foreign Institutions, etc. (Please give complete details)**
Nil

7. **Details of programmes discontinued, if any, with reasons.**

Nil

8. **Examination System: Annual/Semester/Trimester/Choice Based Credit System.**
Semester and CBCS

9. **Participation of the department in the courses offered by other departments.**

Faculty actively involved in taking courses of Mathematics, Chemistry and Physics of other departments.

All UG Students take open elective from the minor track offered by university. Students also take courses of behavior science, communication skills and foreign languages.

10. Number of teaching posts sanctioned and filled (Professors/ Associate Professors/ Asst. Professors /others)

	Sanctioned	**Filled**
Professor	7	7
Associate Professors	11	11
Asstt. Professors	27	25

30. Code of ethics for research followed by the departments.

• *The Department makes it mandatory for all faculty, researchers & students to adhere to the University policy on academic malpractice and plagiarism and strives to use best tools and practices to identify and check academic malpractice and plagiarism.*
• *In order to ensure academic integrity, check malpractices and plagiarism, the Department follows University's Policy Guidelines for Plagiarism Prevention that all research material originating from Amity should be original and not plagiarized from any source. These guidelines shall apply to all Faculty members, Staff, Research fellows, PhD Scholars and students before they publish any research work with Amity University affiliation.*
• *To ensure the same, all research materials to be sent for publication, are checked for originality using "Turnitin plagiarism software" which is a leading academic plagiarism detection software. As per the University policy, PhD thesis of scholars are checked by the Turnitin Software, prior to acceptance for evaluation.*
• *The Head of Institution is to ensure that no thesis is submitted by the scholar without Plagiarism check. In case a scholar is found adopting or suspected of adopting unfair means or lifting of other's work and inserting it in his/her work with[illegible]ut proper acknowledgement, credit and reference, penal action*

Registrar

In campus IQAC also collects data from faculty members, analyzes it and send the action taken report from time to time. IQAC has taken an important quality initiation by making all feedback forms online. Structured feedback is also obtained from IQAC and discussed in BoS.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Yes, the feedback received from students on various aspects is discussed in the different appropriate forums such as Board of Studies meeting and Faculty meetings and considered with highest priority for possible implementation at the appropriate level.

In addition to the department, IQAC also collects data from students, analyzes it and send us action taken report from time to time. IQAC has taken an important quality initiation by making all feedback forms online. Structured feedback is also obtained from IQAC and discussed in BoS meetings for further recommendations and implementation.

c) Employers on the programme offered and how does the department utilize the feedback.

Yes, the feedback received from the employers through corporate resource Centre (CRC) is discussed in the Board of Studies meeting and Faculty meetings and suitable changes as recommended are considered for possible implementation in the curriculum.

IQAC also collects data from Employers, analyzes it and send us action taken report time to time. IQAC has taken an important quality initiation by making all feedback forms online. Structured feedback is also obtained from IQAC and discussed in BoS.

d) Alumni on the programme offered and how does the department utilize the feedback.

Yes, feedback from the alumni is periodically received and is discussed in the faculty meetings initially and Board of studies meeting subsequently for the appropriate action as deemed fit and considered for possible implementation in the curriculum.

IQAC also collects data from Alumni, analyzes it and send us action taken report time to time. IQAC has taken an important quality initiation by making all feedback forms online. Structured feedback is also obtained from IQAC and discussed in BoS.

43. List the teaching methods adopted by the faculty for different programmes.

The approaches that have been applied to inculcate scientific acumen and temperament in young minds and ignite their brains to understand the basic concepts are: project based learning; Presentation/Study material based online/offline teaching; traditional White board-based teaching learning (online and offline); Peer and Collaborative learning; Blended learning and Think-Pair-Share strategies; Problem based learning to engage students in deep problem solving; Following Bloom's taxonomy for effective teaching; Use of Digital Pedagogy: Incorporating ICT with teaching.

- **Project-based learning**: Project students were guided to perform experiments/research on thrust areas like energy, environment, medicinal, material science, nanotechnology etc. They are guided by team of faculty members who are experts in the domain. The research and results are also communicated at various platforms like conferences (national/international), journals, seminars etc. to get wider spread of information.
- **Community engagement programs:** This is a field-based project leading to an excellent experiential learning for students. Students are involved in various activities focusing primarily climate change issue, environment, education etc. wherein they practically visit the field and help in resolving societal issues/problems/challenges.
- **Integrative and transformative learning through digital platform:** ICT supported teaching and learning environment is used to extend and enhance the learning domains. Use of digital aids like touch screen with stylus for better delivery of online content. Maximum usage of [illegible] LMS. Correlate the topic with

Registrar
Amity University Haryana
Manesar Gurgaon-122413

anecdotes and stories. Best use of Amity e-library. After explanation/problem solving, random pop-up online quizzes were conducted to assess the students on the topic taught.

- Students were provided with **scientific journals, research articles** for up to date information of the topic which are searched and downloaded in the real-time while teaching on MS TEAMS. This exposed the students to the current knowledge, a practice which is innovative as compared to the conventional teaching from the books.

- Emphasis on **problem-based learning** to engage students in deep problem solving and inculcate critical thinking. This promotes outcome-based education for young minds of the students. So, there was a conscious effort by every faculty to move from lectures to discussions which involves two-way communication between faculty and students.

- **Use of open resources such as Virtual labs**: Acclimatizing the students with regular virtual labs as per the requirement of an experiment. Conduction of online practical, trainings and demonstrations using virtual labs is being done with practical assignments. Demonstration with videos from MHRD website and YouTube, MIT open classes etc. are being undertaken. **Live and Recorded demonstrations of Experiments** are being provided to the students to enhance their practical knowledge.

- **ChemDraw**, a drawing tool that allows users to draw chemical structures and reactions is used as and when required for teaching Chemistry in an online mode.

- **Flip class room teaching:** A kind of teaching pedagogy that aims to enhance student learning by watching online lectures, collaborative discussions.

44. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Amity School of Applied Sciences (ASAS) Gurgaon-122413 (INDIA)

Change in curriculum is adapted whenever is required and is also updated time to time as per GOI mandate. On of the example is AUH has successfully **implemented NEP 2020,** the vision of new education system of India and is collaborating on path to mission of transforming India's education system by 2030 to achieve the objectives to universalize education and make India a global knowledge superpower.

The **unique Mentor-Mentee** concept of Amity is followed to cater the problems faced by students with active engagement of both mentor and mentee, helped the department too, it ensured a constant interaction between the faculty and the students on academic matters. The faculty as well as the Department got constant feedback on attainment of program objectives and monitoring of learning outcomes from none other than the students themselves. Pre-exam faculty feedback is collected from students at amizone to ensure the quality.

To check students' subject knowledge, **mid- term/class tests/quizzes/assignments** are being given regularly and randomly. This has proved to be an efficient way of monitoring the learning outcomes.

Remedial classes for the weak students were conducted as per the students need and convenience through online mode.

To ensure academic excellence - stringent **updating of course modules**, e-books and journals, reference books and study material on the ICT platform was incorporated. The curriculum is periodically reviewed by Board of Studies (BOS) to ensure alignment with the program objectives, industry standards, and emerging trends.

Mapping Learning Outcomes: Program objectives are mapped to specific course outcomes, ensuring a clear path for achieving desired competencies.

Performance Analysis: Students' performance in assessments and placements is analyzed to track progress toward learning outcomes.

Program Outcome Attainment: Tools like Outcome-Based Education (OBE) software are used to measure attainment levels of program outcomes (POs) and course outcomes (COs).

Graduate Tracking and Placement Analysis is regularly done by continuous track on alumni success and placement matrices.

Alumni Success: The achievements of graduates in higher education or employment are tracked to evaluate the program's long-term impact.

Placement Metrics: Placement rates and employer feedback provide valuable data for assessing learning outcome effectiveness.

IQAC also works as a monitoring agency. They visit the department just after the commencement of every session, check session plan uploaded details, attendance registers, students' registration status etc. Each aspect is carefully audited by IQAC team, and they send us report including follow up actions. IQAC also perform audits on result analysis, weak student analysis.

48. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- ***Skill courses***, *as per the domain specific skill sets that are in demand in the job market have been introduced to enhance employability and also start ups opportunity. Courses tend to emphasize expert lectures, practical, hands-on experience, would include real-world applications.*

- ***Industrial trips*** *are organized to understand the challenges in real world and possible solutions a way through industry academic collaborations.*

- *Various* ***activities by chem club*** *and* ***photon club*** *with several themes also inculcate scientific acumen and temperament.*

- *The department conducts* ***summer training/ summer school/ summer internship program*** *for undergraduate and postgraduate students. The aim of the summer school is to acquaint the students with the software like LaTeX, MATLAB which will help them to write documents/articles/research paper/books/presentations.*

- *Through* ***regular Board of Studies (BoS) meetings***, *the Department ensured that various courses are reviewed and updated from time to time as per the new information generated in the respective fields. It also introduced new courses of study as per industry's needs, thus raising the chances of student placement.*

- *Department of Chemistry, Biochemistry and Forensic Science brings out a Newsletter* ***"Vigyan Sanwad-The CBFS Saga"*** *and conducts a "****Seminars Series****" to generate new knowledge through articles and talks of eminent academicians. Department of physics also brings out a Newsletter* ***"SPECTRUM"*** *and conducts "****Seminars Series****". Scientists of national and international repute present basic and applied knowledge in an attractive manner through well-written articles and*

Registrar

Manesar Gurgaon-122413

Amity School of Applied Sciences (ASAS)
Gurgaon-122413
(INDIA)

presentations. The newsletter and seminar series have become a platform to inculcate research acumen among students and faculty members.

- *In the final year of BSc and MSc, the students have to do dissertation/project which will help them to develop a foundation to do research in their future. The students are encouraged to present their work in conferences and publish their work in reputed journals.*

- *IQAC help department in generating new ideas and knowledge by their timely audits and reports. They also help department in organizing workshop/training programs and encourage us to involve industry participation in all activities.*
- *IQAC gives suggestions after every audit and the suggestions/recommendations given by them are instrumenting in generating new knowledge and to improve quality.*

49. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths

- *Faculty with strong education and research background and industrial experience, all PhDs/ postdocs from reputed institutes/universities*
- *Knowledgeable and cooperative faculty with effective collaboration in terms of research. Faculties are proactive in establishing teacher-student congruence.*
- *Research / Project oriented teaching-learning procedure with regular workshops and seminars by eminent scholars.*
- *Curriculum Design is student centric and updated with stakeholders' feedback*

Weaknesses

- *Limited lab space for carrying out research.*
- *Moderate research funding, so there is a need to prepare and present more national/international level grant proposals to increase funds available for research*

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Gurgaon-122413
(INDIA)

- *Research exposure is limited for undergrad students, for this the component of research in curriculum must increase.*
- *Underutilization of Student Capacity*

Opportunities

- *Collaborative research projects, focus on tie- up with internationally recognized research institutions/labs.*
- *Excellent faculty dedicated to teaching and research are supported through a new Materials Research Facility and Central Instrumentation Research Facility which houses advanced analytical instruments*
- *Multiple Schemes for Research grants from industry and government agencies like DST and CSIR*
- *Increase Collaboration activities with foreign universities through MoUs*

Challenges

- *Mostly students from rural back ground, After under graduations/graduations fewer students turning up for higher education.*
- *To ensure capacity utilization of infrastructure and facilities to the fullest.*
- *To bring more funding for sponsored research and consultancy.*

50. Future plan of the department for the next Academic year.

To improve students' skills to improve job prospects and better placement.
To aim for patents to disseminate invention made by individual inventors.

Amity School of Applied Sciences (ASAS) Gurgaon-122413 (INDIA) Amity University Haryana (AUH)

Registrar
Amity University Haryana
Manesar Gurgaon-122413

To aim at high-impact journals for publishing research and explore opportunities for joint projects with other departments/universities, for joint PhD supervision etc.

To improve student involvement in research and innovation activities through Major projects /trainings/expert lectures

30. Code of ethics for research followed by the departments.

- Encourage research, planning, design, management, and review of activities in a scientifically and technically objective manner.
- Incorporate the best principles of the environmental sciences for the mitigation of environmental harm and enhancement of environmental quality.
- Responsible for the validity of all data collected, analyses performed, or plans developed and be ethical in professional activities. No misrepresentation of work performed in the department will be tolerated.
- Examine and condone all actions which could be legitimately interpreted as a conflict of interest by scientists, officials, the public or peers.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Dishonesty, fraud, deceit, or misrepresentation will not be tolerated. Zero-tolerance for discrimination or harassment.
- Committed to upholding a positive environment that reflects equality and inclusion, and mutual respect.
- Ensuring all policies, plans, activities, or projects are consistent with all governing laws, ordinances, guidelines, plans, and policies to the best of knowledge.

39. Number of post graduate students getting financial assistance from the

    (a) State government/ UGC/ private trust / others: **Nil**
    (b) University: **Nil**

40. Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

    No new programme was introduced.
    Minor/ Major Course in Sustainability Science was introduced for UG students (NEP)

41. Does the department obtain feedback from

    a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

    Yes, the structured feedback from IQAC after the commencement of semester is taken and action taken report is shared. The suggestions from faculty are incorporated in the BoS meeting.

    b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

    Yes, their suggestions are taken through mentor-mentee meetings and CR meetings, and on-line feedback form from IQAC is available since the pandemic to accommodate the suggestions from students.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

c) Employers on the programmes offered and how does the department utilize the feedback.

The feedback is obtained from Alumni placed in various sectors through Alumni meeting and the suggestions are applied in advancing the curriculum towards creation of innovative ideas and job-leading prospects.

d) Alumni on the programmes offered and how does the department utilize the feedback.

Yes, verbal suggestions were taken through alumni meetings and included in BoS meetings. It was found useful for enrichment of students' knowledge manyfold.

Celebration of days of environment - Earth Day, World Environment Day, Group discussions, Leisure-time activities such as Visits to Research Organizations and Laboratories.

47. State whether the programme / department is accredited / graded by other agencies? If yes, give details.

NA

48. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Basic foundation course of Environmental Studies at UG level across all departments of the University; Sustainability related education in different departments of the University. Recommendations from IQAC in Academic innovations and Best Practices, Workshop and seminars held on relevant topics, regular IQAC audits and FDPs in collaboration with IQAC.

The contributions of the Department have been recognized by (i) National and International Organizations, working in the fields of Aerosol and Water Pollution, Cloud Physics, Dust, Fog & Stubble Burning Morphology, Air-water interactions, water and air pollution modeling, Polar Science, Global Warming and Climate Change, Pollution Exposure and Health (cardiovascular, respiratory, COPD, Lung cancer, morbidity, and mortality) Risk analysis.

49. Detail five major- Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths: Well trained and qualified team, motivated students, unique curriculum and pedagogy, world-class, cutting-edge technology-based equipment for air pollution monitoring, significant contribution in research clusters, awards and honors for research projects, inter-Amity collaborative research, scientific research campaigns.

Weakness: Limited collaboration with institutes of excellence.

Opportunities: Job prospects, inter/trans disciplinary approach.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Challenges: Less awareness for Earth Sciences, funding and research opportunities, horizontal academic/ job hierarchy

51 Future plan of the department for next Academic year.

- Identify, explore and extend research opportunities in areas of waste valorisation, environmental conservation, wastewater treatment, Green energy, pollution control, waste management and environmental policies.
- Academic collaboration across intradisciplinary and transdisciplinary area i.e., developing course module on Sustainability/ Sustainable Courses with institutes of repute in area of Earth and Environment.
- Creating collaborative skilling and training platform in area of green sector jobs.
- Enhance effort (faculty and institute level) for funded and consultancy and R&D projects.
- Strengthening existing academic programmes and introduction of new programmes aligned with mandate of NEP 2020.

40.Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

- **NIL**

41. Does the department obtain feedback from:

a) **Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?**

Yes. Every semester the feedback on Curriculum is obtained from faculty members and students. The same is utilized in making changes in the existing curriculum to make it more effective and is being monitored by the team IQAC.

b) **Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?**

The student's feedback on Staff and Teaching-Learning-Evaluation is taken through Amizone portal. The obtained feedback is discussed in Faculty meetings held on regular intervals. The feedback is taken twice in a semester. Head of the Institution and Program coordinators also have meetings with Class Representatives (Student representative) of each class to discuss the issues at hand. The feedback on curriculum is also obtained in these meetings from the students which is then utilized to update the existing curriculum in the Board of Studies meeting. The faculty members discuss more eff ery making the student more engaged in the experience and iden nificant for the student's learning and overall development. IQ institute and review of academic &

evaluation systems in place. Based on the feedback received from IQAC Team, quality improvement is made.

c) **Employers on the programme offered and how does the department utilize the feedback.**

The feedback from the Employers is taken each year and is utilized to make the curriculum more skill-based and industry-oriented. Support from the Corporate Resource Centre (CRC), AUH is received from time to time and on a periodic basis to provide necessary support for the placements of students, their handholding, and building the capacities to deal with job interviews.

d) **Alumni on the programme offered and how does the department utilize the feedback.**

The feedback from Alumni on the programs is taken regularly and their suggestions are incorporated to make the programs effective so that the students passing out from the institute are better able to practically apply their knowledge. Based on the feedback received from the IQAC Team with regard to quality improvement, efforts are made in make quality improvements in the programmes offered

42. List the distinguished Alumni of the department.

S.No	Name of the Students	Organization Name	Designation	Pass out Year
1	Raghav Sharma	Delhi Judiciary	Judicial Officer	2017
2	Aakash Nandolia	Advocate On Record	Lawyer, Supreme Court of India	2017

44. **List the teaching methods adopted by the faculty for different programmes.**

- Lectures using ICT.
- Tutorials
- Case Presentations through Group Discussions and Brainstorming Sessions
- Home Assignments
- Seminars/ Workshops
- Mentor – mentee sessions
- Remedial classes
- Military training camps
- Blended learning
- 100% teachers use ICT for effective teaching with Learning Management Systems (LMS), e-learning

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

An Annual Audit by External Members and IQAC Audit is conducted before the commencement of every Session for monitoring Course Curriculum, Course Outcomes, Programme Objectives and Learning Outcomes. Non-conformities are shared by them and accordingly necessary changes are made.

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

Students and faculty of Amity Law School actively participate in various extension and outreach activities, contributing meaningfully to society and enhancing their practical knowledge. In 2024, a notable legal awareness camp was organized in a nearby village, where students educated the local community about fundamental legal rights, fostering legal literacy and empowerment. Additionally, students and faculty engaged in pro bono initiatives, addressing critical legal issues faced by underprivileged groups. Faculty members collaborated with students on community-based research projects, resulting in impactful publications and actionable insights. These activities not only enriched the participants' practical skills and societal understanding but also reinforced the institution's commitment to community service and legal outreach.

47. Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lec

48. State whether the programme / department is accredited / graded by other agencies? If yes, give details.

Yes, Accredited by Bar Council of India

49. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The Department of Law at Amity Law School has made significant contributions to generating new knowledge through its focus on both basic and applied legal research. Between April and July 2024, the department published 18 research papers on contemporary legal issues, addressing critical areas such as criminal law reforms, constitutional challenges, and the integration of artificial intelligence in legal frameworks. Faculty members are actively involved in editing a book on emerging dimensions of criminal law, reflecting a commitment to advancing theoretical and practical knowledge.

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

- Strength: Industry integrated and dedicated Faculty Members. ALS is student centric with focus on holistic developments of its students.
- Weakness: Lack of funded projects.
- Opportunities: ALS organizes events that help in building a relation with the Industry and Corporate world which provides placement opportunities to our students.
- Challenges: ALS faces the challenge in Research Publications in Scopus-Indexed Journals, and we are working towards improving it.

51. Future plan of the department for next Academic year.

- ALS plans to introduce the 3-year LL. B Programme
- ALS is in talks with Foreign Universities for collaborating in Research and Student Exchange Programmes
- ALS plans to have greater Industry Collaboration with more interaction and integration of inputs in our curriculum.
- Establishment of Centre for Excellence

40 Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

Yes. Experts from the industry and academicians from institutions of repute were involved in the development of new courses, applicable from the Academic Session 2024-24

41 Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

Yes, the department obtains feedback from faculty on curriculum and teaching- learning evaluation during Board of Studies meetings. The faculty members teaching a course are closely involved in the course designing, drafting session-plans and revision. Sessional examinations are also conducted in the mid-semester to evaluate and assess the student's progression. IQAC also takes feedback from Faculty every year regarding Course-Curriculum and Teaching-Learning-Evaluation.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Student Feedback pertaining to Staff, Curriculum and Teaching-learning Evaluation is submitted on the existing Online platform 'Amizone' both at the Post Commencement of every semester and Pre-Examination. There are different parameters of the assessment divided into various categories such as delivery of course content and delivery, field connectivity and relevance, continuous evaluation/internal assessment and feedback and personality and the behavior of the faculty. Besides, an open-ended link in remarks is also available for in detailed feedback and suggestions.

Apart from this, IQAC also takes account of the feedback received from students in each semester and prepare a suggestive report based on feedback provided. Also, Mentor-Mentee system of Amity University is a strong foundation in the direction of building lifelong bonding between faculty and students, in this way mentor-mentee sessions are conducted twice in a month by every faculty mentor to ensure the regular communication between students to faculty and address the grievances of the students in personal counselling sessions.

c) Employers on the programme offered and how does the department utilize the feedback.

ASCO strongly believes in a feedback-based approach while designing the curriculum and other academic activities like workshops, seminars, industry expert lectures, and industry visits. Based on employers' and industry experts' feedback we have implemented and added many modules and subjects into our courses like Digital Marketing, Electronic Communication, Data Journalism, Mojo or Mobile Journalism, Design Thinking, User Experience Design, Unity (for augmented reality and gaming), and many more. Corporate Resource Centre also keeps the records of the employer's feedback year wise and it is monitored by IQAC.

d) Alumni on the programme offered and how does the department utilize the feedback.

Once a student completes his or her degree and steps into the industry, he or she knows the real deal between what is being taught and what is the current requirement in the industry. So, we keep on asking our alumni what are the current requirements in the industry. Based on this feedback we modify and implement our academic structure, as we keep on updating our equipment in the studio as well as in the computer lab to provide the latest technologies available across the industry for our students to have hands-on experience. ASCO also invites Alumni to have live discussions with the existing batches of the students. IQAC also takes feedback from

e) Give details of student enrichment programmes (workshops / training/skill development) involving external experts.

The institution organized a series of student enrichment programmes aimed at enhancing skills and industry exposure. These events involved external experts and covered diverse domains like media, desig

1. **Guest Lectures:**

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- *"Unlocking the Metaverse: Connecting Brands with Digital Natives"* (Sept. 2023) attracted 167 participants, offering insights into emerging digital trends.
- A film screening and interactive session with filmmakers Saumitra Singh and Nathalia Syam (Sept. 2023) engaged 74 students in discussions on filmmaking.

2. **Workshops:**

- The *SEEN pARty* workshop (Sept. 2023) introduced 199 participants to augmented reality applications.
- A *Fact-Checking Workshop* (Feb. 2024) emphasized media accuracy for 28 participants.
- An *International Travel Photography Workshop* (Feb. 2024) provided global perspectives on travel photography, engaging 97 students.
- The *Innovation Design Workshop* (March 2024) focused on creative problem-solving, with 61 attendees.
- A *Capacity Building Program* on multimedia and mass media (March 2024) enriched 30 students' knowledge.

3. **Educational Visits:**

- Students attended the *Jagran Film Festival* in Gurgaon (Sept. 2023), with 80 participants gaining exposure to independent cinema.
- A visit to the *Times Now Summit* (March 2024) provided hands-on industry insights to two selected students.

f) List the teaching methods adopted by the faculty for different programmes

The courses were taken using PowerPoint presentations, flipped classroom method and available offline and online resources. Students studying Fundamentals of Radio Journalism were encouraged to produce radio programmes themselves using online tools available and programmes were uploaded on 'Spotify' as the Official Student Podcast of Amity School of Communication, AUH. Technically the other methods adopted are:

a) Flipped Classroom
b) Inquiry-Based Learning
c) Cooperative Learni

Registrar
Amity University Haryana
Manesar Gurgaon-122413

d) Problem based learning

e) Project-based learning

f) Discussion-based learning

g) How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

For each Program (BAJ&MC, B.Sc.A&VG and MAJ&MC) Program Specific Outcomes have been defined each course wise and mapping of these outcomes is ensured with the objectives of every course during and at the end of the semester with the use of various evaluation techniques such as End Term Examination (Open Book Examination/Multiple Choice Questions), Sessional Examination, Flipped Classrooms, Webinar and Workshops, Quiz, Discussion Forums, Case Study Projects, On Field/Online resources based Assignments and Research Projects. During the times of COVID-19 Pandemic and Online mode of learning all the assessment is ensured on Amity Learning Management System (A-LMS) and Microsoft Teams Applications with the deposition of all the submission online. Besides, the best use of these platforms is also made for sharing study content and online resources among students at their ease.

However, IQAC also monitors and ensures meeting up the learning outcomes of each course specifically in every semester. Team IQAC keeps a regular check on uploading the course-wise session plans and Course Outcomes on Amizone at the beginning of the semester and evaluates its execution at the closing of each semester religiously. IQAC Audits at ASCO are also another way of monitoring course outcomes at different intervals.

h) Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.) **NIL**

i) Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lectures/ certifications. **Refer to point no. 29 and 43.**

j) State whether the programme / department is accredited / graded by other agencies? If yes, give details. **NAAC Grade 'A'**

k) Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The team of the academi udents at Amity School of Communication work in tand 'he students work on hands on

Registrar
Amity University Haryana
Manesar Gurgaon-122413

activities/assignments which help them enhance their skill sets. To this end, the journalism students worked on many hands on assignments and projects like making in house news journal, publishing write-ups in the newspapers, writing letters to the editors, taking live interviews during various events for university website and broadcasting, writing blogs, delivering audio content on podcasts, producing short films and documentaries, creating animated and 3D based videos, content creation and sharing on public platforms such as social media and other platforms.

Apart from this, the regular academic audits being conducted by IQAC team at ASCO and the suggestions given in the audit reports along with the FDPs are instrumental in generation of new knowledge in terms of suggestions and recommendations, which helps the institute to take up further in reviewing course structure, organizing various events and competitions, research paper publications and completion of research-oriented projects and assignments by the students.

l) Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

SWOC Analysis of ASCO

STRENGTH:

- Specialized industry-oriented programmes with contemporary thrust areas like digital media and gamification.
- ASCO has state-of-the-art infrastructure, and its own TV channel.
- Faculty from industry and academia.

WEAKNESS:

- Despite the excellent pool of talent and infrastructure that ASCO has, we somehow lack visibility.
- ASCO is in the process of executing industry tie-ups and collaborations which have not been materialized so far.

OPPORTUNITIES:

- In-house TV channel offers plethora of internship/placement opportunities and [illegible] ts.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Opportunities can be explored to secure projects and consultancies.
- Students do hands on training with various departments in university.

CHALLENGES:

- Recession in the media industry.
- Technology used in the media industry is fast evolving and gets obsolete very fast

m) Future Plan of the department for the next Academic year.

The **Amity School of Communication** has outlined the following future plans for the next academic year:

1. **Enhancement of Industry Collaborations:**
   Strengthen partnerships with media and communication industries to provide students with hands-on training, internships, and placement opportunities.
2. **Infrastructure & Research Development:**
   Upgrade multimedia labs and research facilities and promote faculty participation in international conferences and research collaborations.
3. **Alumni Engagement:**
   Increase alumni involvement by organizing guest lectures, mentorship programs, and industry networking events to guide current students and keep them informed about industry trends.
4. **Community Outreach & Research Publications:**
   Expand community engagement initiatives and encourage students and faculty to publish research in reputed journals and present at national and international conferences.

These initiatives aim to enhance the overall academic experience, strengthen industry connections, and prepare students for evolving career opportunities in the field of media and communication

30. Code of ethics for research followed by the departments:

The Amity School of Liberal Arts and Foreign Languages adheres to a stringent code of ethics for research, ensuring academic integrity, transparency, and social responsibility in all scholarly pursuits. Researchers are required to maintain honesty in data collection, analysis, and reporting, avoiding any form of falsification or plagiarism. Informed consent and respect for participants' rights are paramount, particularly in studies involving human subjects. Confidentiality and privacy are protected, and researchers must comply with relevant legal and institutional regulations. The code also emphasizes avoiding conflicts of interest, ensuring that all research is conducted without undue bias or external influence. Collaboration and peer review are encouraged to enhance the quality and credibility of research. Ethical considerations extend to environmental and societal impacts, fostering responsible and sustainable research practices. Researchers at Amity are expected to contribute positively to the academic community and society, upholding the highest standards of ethical conduct.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Integrity and Honesty: Researchers must conduct their work with honesty, ensuring accurate representation of data and results.

Objectivity: Avoid bias in all research stages, from data collection to interpretation, maintaining impartiality and neutrality.

Confidentiality: Safeguard the confidentiality of sensitive information and data gathered during research, ensuring privacy for participants.

Informed Consent: Researchers must obtain voluntary, informed consent from all participants involved in the study, explaining the purpose and potential risks.

Plagiarism Prevention: Adhere strictly to anti-plagiarism policies by giving proper credit to all sources, ideas, and prior work.

Respect for Intellectual Property: Acknowledge and respect intellectual property rights, seeking permission for any use of copyrighted material.

Social Responsibility: Research should be conducted with a view to benefit society, addressing relevant societal issues without causing harm.

Transparency: Be transparent in methodology, data sharing, and reporting, ensuring other researchers can replicate and verify findings.

Accountability: Researchers should be accountable for their work, answering any questions or challenges about the research process or outcomes.

Avoidance of Conflicts of Interest: Disclose and manage any potential conflicts of interest that could affect the integrity of the research.

- Educational tours for BA History, BA Political Science, and BA and MA English to various museums in Delhi [illegible] insights into topics such as

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Partition, freedom struggle, and art history, which are integral components of their syllabus.

- Resourceful use of PowerPoint presentations, and online lectures by faculty of international universities over YouTube, so as to explain and retain concepts as well as broaden the scope of learning.
- Active enrolment of around 200 students in SWAYAM-based courses to enhance and support existing learning through university course curriculum.
- Conduct of assessment via LMS for General Business Communication module of Communication Skills program.
- Use of student-centric fun apps like Mentimeter to conduct fast-paced polls and short quizzes to assess understanding of students as they learn in class.
- Guest lectures by resource persons of repute that allow students to learn from their expertise as well as develop their critical learning and evaluation skills.
- Mock Interview, Video Review, Animation Review, Listening Comprehension, Reading Comprehension, etc.
- Linguistic Competence Outcome based delivery of lessons.
- Learner-centric approach of evaluation.
- Blend of modern and traditional teaching techniques.
- Tailor made courses for students as per the industry requirements.

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

The following measures are taken to ensure that programme objectives are constantly met and learning outcomes are monitored.

- Continuous feedback
- Monitoring Students' learning.
- Monitoring homework
- Formative assessment
- Summative assessment

- Students are regularly evaluated through interviews, written tests, and presentations to ensure that the programme objectives are met. Faculty members keep a meticulous record of these assessments taking remedial measures in cases where the performance is less than satisfactory.
- Mentor-mentee meetings are conducted in letter and spirit so as to ensure that each student receives individual attention. In addition to providing academic and non-academic support to students to monitor their general well-being and performance, mentors also maintain the record of students' enrollment and performance in SWAYAM courses.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- Course coordinators and faculty members encourage students to remain in touch through various channels such as emails and WhatsApp groups to keep them apprised of various departmental events, information regarding examination, and important deadlines.
- In order to ensure that the course objectives are thoroughly met, the department organizes educational tours which help the students to gain in-depth knowledge about theoretical concepts that they study in class. For instance, a tour to the Partition Museum was organized for BA and MA English students which proved to be extremely beneficial for them to understand Partition Literature texts such as *Midnight's Children* and *Toba Tek Singh* which are prescribed in their syllabus.
- Above all, the IQAC monitors the preparedness of faculty members and ensures that the school is well-prepared for its academic endeavors before the commencement of a semester. The status of IQAC is shared from time to time to ensure conformity to all criteria of assessment. The IQAC audits students' progression and analyses their overall performance that helps in their academic growth, placement, higher studies, entrepreneurship etc.

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

Sr. No	Title of the activity	Date	No. of participants	Outcome of Event
1	Phuljhari	8th November 2023	44	Students of ASLA learnt the feelings of compassion and affection and followed the motto 'Sharing is Caring'.
2	Rangkari	20th March 2024	27	Rangkari stands as a shining example of the transformative power of compassion and collective action. Through its vibrant celebration of Holi with underprivileged children, it not only brought joy and laughter but also nurtured a sense of community and solidarity.

resulting in paper publications and book publications by the students.

- Apart from management–organized workshops, faculties at ASL organize workshops and training as and when they feel the need in a particular area. For the last two years, FDP's have been organized on Teaching and Learning alone by faculties at ASL. Classroom delivery of lectures and ways of teaching and learning have been our primary focus in the past few years to improve the quality of teaching by applying new ways of teaching acquired through experience and research of own faculties and colleagues from other universities.
- Research and publication are other major areas of focus at ASL. Articles have been published by faculties at ASL (in their respective area of expertise) in reputed national and international journals.
- Friday meetings are organized to discuss new materials generated in-house and share best practices. New materials are discussed in detail to analyse them in both individual and universal contexts to avoid behavioral mimicry.

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

STRENGTHS

- Employability- oriented teaching pedagogy
- Promotion of research at school as well as individual level
- Inclusion of significant themes like gender sensitization, national integrity, and skill development in the curriculum.
- Value Added courses that cater to the holistic development of students.
- Timely and in-depth mentoring of students.

WEAKNESSES

- Inadequate number of well-equipped classrooms.
- Limits on staff compensation & research.

OPPORTUNITIES

- Proposing new courses as per the needs of industry and academia.
- Expanding research and consultancy.
- Courses with flexible timings.
- Better inter-institutional collaborations and MoUs.

CHALLENGES

- Growing beyond constrai

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Udaya

- Overcoming limitations of infrastructure

51. Future plan of the department for the next Academic year:

- Increasing the placement of students
- Signing functional MoUs with International Collaborators
- Innovative activities to foster industry-academia connect
- Proposing more courses in collaboration with premier global institutions
- New Courses approved by Academic Council: BA (hons) in Korean, Masters in French, German and Spanish but yet to begin. Ph.D. in translation Studies was theoretically approved by the Hon'ble Vice-Chancellor in an Academic Council meeting and the deliberation on and preparation of Ph.D. Course-work plan and material for the same are underway.
- Proposal to start Open Elective in Translation Studies and in Chinese Studies.
- Focus on signing MoUs with Foreign Universities for exchange programs.
- Collaboration to be initiated between international accreditation testing agencies and AUH to smoothen the process of enrolment for the examination for our students.
- Head of Institutes/ Departments to be aware of benefits of all languages, so that they can convince students to open their horizon and opt for the not so popular but beneficial languages too.
- To plan optimum usage of language lab for both honors as well as FL classes once the university reopens for the students.

30. Code of ethics for research followed by the departments.

ASFDT as per the guidelines of the University makes it mandatory for all faculty, researchers & students to adhere to the policy of academic malpractice and plagiarism and strives to use best tools and practices to identify and check academic malpractice and plagiarism.

In order to ensure academic integrity, check malpractices and plagiarism, the University follows a Policy Guidelines for Plagiarism Prevention that all research material originating from Amity should be origi[illegible] ource. These guidelines shall

Registrar
Amity University Haryana
Manesar Gurgaon-122413

ASFT AUH

apply to all Faculty members, Staff, Research fellows, Ph.D Scholars and students before they publish any research work with Amity University affiliation.

To ensure the same, all research materials to be sent for publication, are checked for originality using "Turnitin plagiarism software" which is a leading academic plagiarism detection software. As per the University policy, the Ph.D. Theses of scholars are being checked by the Turnitin Software, prior to acceptance for evaluation.

The Head of Institution is to ensure that no thesis is submitted by the scholar without Plagiarism check. in case a scholar is found adopting or suspected of adopting unfair means or lifting of other's work and inserting it in his/her work without proper acknowledgement, credit and reference, penal action is taken by the University.

The concerned guide is required to submit a certificate, mentioning that the thesis of scholar has been checked by Turnitin Software. The plagiarism report is provided for verification and records by Departmental Research Committee.

The same policy is followed for the faculty members to check malpractices and plagiarism in research.

Since the University makes use of the software for all research related material before it is published, only few such cases alleging plagiarism has been reported and appropriate action has been taken.

49 State whether the programme / department is accredited / graded by other agencies? If yes, give details.

NAAC 'Grade A' Accredited University.

50 Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- Students are encouraged to explore art & design forms from different regions of the world in various Modules in the Curriculum.
- Industry Visits, Gallery visits and interactions with artists are regularly arranged for the students.
- Guest speakers are invited from industry to share their knowledge and experience with our students.
- Students are given the opportunity to exhibit their work from concept to final creation in Exhibitions held in the Campus and outside.
- Workshops are organized to encourage students to learn new skills and apply them during their study.
- Students are encouraged to to participate and showcase their talent in Inter-College competitions where they gain exposure & hands-on experience.
- Recommendations and suggestions given by IQAC are incorporated in the Curriculum.

ASFT AUH

51. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths

- Faculty with knowledge & experience in their respective fields.
- Students are aware of the changing trends & eager to learn.
- We have a close association with Textile Association of India which provides us with a strong Industry connect.
- Students are regularly taken for visits to the industry and also Experts from the Industry are invited for Guest lectures.
- We also have a close affiliation with Apparel Made-Ups & Home Furnishing Sector Skill Council (AMHSSC) and offer two skill tracks Apparel Merchandising & Fashion Design for the students of other departments of the university.

Weakness

- Students have been organizing and participating in national level events/ competitions, but we need to organize and participate in events/ competitions held at international level.

Opportunities

- Design is ever changing; therefore, there is a lot of scope for students to excel in this field.
- Since the Course is skill based the students can be self-employed/ start their own business.
- The Ministry of Textiles is promoting the industry & providing a platform for new enterprises.

Challenges

- Fashion and Art are never constant; therefore, we need to always be evolving & in sync with the industry.
- Material availability: Material required by the students is not readily available in or near the University Campus.

52. Future Plan of the department for the next Academic year.

- Introduce new courses PhD and M. Des in Fashion Design
- To increase the visibility of ASFDT students at national level
- To motivate students to write and publish papers.
- To bring various companies for placement and internships for students of ASFDT
- Regular updating of courses with the latest research and technology as per industry requirements.

41 Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.

Yes, the syllabi of other universities are reviewed and formally discussed by the Dean of Academics Office and the IQAC. Feedback from industry and academic professionals is also considered. Following this, Board of Studies (BOS) and Academic Council meetings are held to finalise the program.

42 Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

Yes, at the university level, the IQAC department conducts regular audits for class conduction, lab work ev[illegible] of lab records. Student feedback is collected regularly thr[illegible]s to assess the teaching-learning

Registrar
Amity University Haryana
Manesar Gurgaon-122413

process. Feedback plays a crucial role in revising and updating the curriculum, with detailed evaluations conducted at the RCI/AUH level. This helps address gaps, adopt new teaching methods, and improve overall quality. Feedback on the curriculum is also gathered from industry, alumni, parents, and external academic experts. It is then submitted to the Dean of Academics office, incorporated into Board of Studies (BOS) meetings, and used to initiate collaborations

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

The IQAC department collects regular feedback after each semester. Any identified non-conformities are sent to the respective department for improvement. The strengths and weaknesses from the collected data are analyzed and shared to enhance performance in upcoming semesters. Feedback is collected through AMIZONE, and areas for improvement are addressed by adopting new teaching methods and taking appropriate action to rectify identified shortcomings. Employers on the programme offered and how does the department utilize the feedback.

The syllabi are sent to employers and industry experts for their input, and any suggested changes are incorporated through Board of Studies (BOS) meetings. This process supports the overall growth and development of the organization. Annual feedback is gathered, reviewed, and implemented at the central level.

c) Alumni on the programme offered and how does the department utilize the feedback.

Feedback plays a key role in updating the course curriculum and programs to meet industry needs, addressing any shortcomings in the process. The IQAC department regularly meets with students to gather their feedback through pre-developed forms, and also collects input from alumni. This feedback, including responses via Google forms from graduates, is used to make adjustments to the syllabus. Additionally, feedback is obtained before issuing transcripts and is implemented in upcoming semesters after thorough review.

43 List the distinguished Alumni of the department

3. Shamir Ophthalmic lens seminar on 25/09/2023

45 List the teaching methods adopted by the faculty for different programmes.

Teaching methods in healthcare education are designed to equip students with the knowledge, skills, and competencies required to provide quality patient care. These methods often integrate both theoretical learning and practical experience to ensure well-rounded healthcare professionals. Here are some common teaching methods used in healthcare:

1. Lectures and Didactic Teaching

Traditional classroom-based teaching provides foundational knowledge in subjects such as anatomy, physiology, pharmacology, and medical ethics. Lectures are often supplemented with multimedia presentations, video tutorials, and interactive discussions to enhance understanding.

2. Case-Based Learning (CBL)

Involves the use of real or simulated patient cases to teach clinical reasoning and decision-making. Students ditions, and develop treatment plans, fostering critical thir oretical knowledge to practical situations.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

3. Problem-Based Learning (PBL)

Students work in small groups to solve complex, real-world problems with minimal guidance from instructors. PBL emphasizes self-directed learning, teamwork, and critical thinking, allowing students to explore healthcare challenges from multiple perspectives.

4. Simulation-Based Training

Utilizes medical mannequins, virtual reality (VR), and standardized patients (trained actors) to simulate clinical scenarios in a controlled environment. Students practice procedures, patient communication, and emergency responses without the risk of harm to real patients. Simulation enhances technical skills, teamwork, and decision-making under pressure.

5. Clinial Postings

Provides hands-on experience in hospitals, clinics, and other healthcare settings under the supervision of experienced professionals. Students observe and participate in patient care, developing clinical skills, professionalism, and an understanding of the healthcare environment.

6. Flipped Classroom

Students review lecture materials, readings, and multimedia content at home, while class time is reserved for discussions, problem-solving, and hands-on practice.

7. **Role-Playing and Communication Training**

Simulated patient interactions allow students to practice patient interviewing, counseling, and delivering difficult cases. Effective communication is essential in healthcare, and role-playing helps develop empathy, professionalism, and patient-centred care.

By integrating these diverse teaching methods, healthcare education provides students with a well-rounded, practical, and theoretical foundation to excel in their field, ensuring that they are prepared to meet the challenges of real-world clinical practice.

46 How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Regular monitoring and evaluation is done by the senior members of the institute. The attendance, class registers, lesson plans, Lab Manuals, Course material etc. are audited from time to time. Also it is done by IQAC and ensures by student feedback. To ensure that program objectives are consistently met and learning outcomes are effectively monitored, regular assessi [illegible] lucted throughout the academic process. These include fo [illegible] ments, feedback from students,

Registrar
Amity University Haryana
Manesar Gurgaon-122413

faculty, and industry experts, and the use of data analytics to track performance. Continuous audits, curriculum reviews, and updates based on feedback ensure alignment with industry standards and evolving educational needs. Additionally, tools like feedback forms, student surveys, and peer evaluations are employed to measure learning outcomes, allowing for timely interventions and improvements to maintain high-quality education and achieve desired program objectives.

The feedback system of AUH is very strong so it is supporting system to make sure about the outcomes. Through the learning practice of students and their progress in their field Daily class monitoring and monthly students evaluation met the objectives of the program. Periodic inspection by the council as well.

47 Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

These activities address critical local issues such as healthcare, education, environmental conservation, and social inequality. By providing services like health camps, educational workshops, and awareness campaigns, they help uplift marginalized communities, improve access to essential services, and raise awareness on key issues like health, hygiene, and sustainability.

- Eye Camp on 11.01.2024
- Eye camp with Keshav suri foundation at hotel lalit 10.02.2024
- 2023- Community engagement activity – AIDS Awareness program
- Community Awareness Program about AIDS on 1st December (No. of student-17, faculty -2)
- Community Visit to Chetna NGO on Nutrition and Health Awareness Program about PEM, hygiene and sanitation and anaemia on 22nd February 2024 (No. of student-18, faculty -2)
- Community Visit at Anganwadi, Fazalwas Village, topic-Anthropometric assessment and awareness of personal hygiene for Anganwadi children on 12th March 2024 (No. of student-22, faculty -2)
- Health Rally and Community Awareness on Antibiotic Resistance on 8th May 2024 (No. of student-19, faculty -5

Extension activities help students develop empathy, compassion, and a deeper understanding of social issues. They foster a sense of civic responsibility and encourage students to contribute to societal well-being, creating socially responsible professionals. Nutrition awareness activities have several positive outcomes. They improve community knowledge about healthy eating, leading to better food choices and healthier lifestyles. ed diets, portion control, and the prevention of nutritio /, diabetes, and heart disease. Overall, these initiative : health and wellness.

48 Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lectures/ certifications.

Faculties and students have presented research papers in national and international conferences. Students are encouraged to participate in national speech and hearing association conference by presetting research papers

S. No.	Type of Event	Title of Event	Month - Year	National (N) or International (I)	Source of funding	No. of participants
1	Seminar	Bausch & Lomb – Mastermind In-campus Program	23/04/2024	National	NA	35
2	Seminar	Shamir Ophthalmic lens seminar	25/09/2023	National	NA	60
3	Seminar	World Sight Day Celebration	3rd to 4th October 2023	National	NA	150

49 State whether the programme / department is accredited / graded by other agencies? If yes, give details.

Yes, Bachelor in Speech Language and Pathology by RCI since 2014 till date. MSc SLP received approval in 2023 and is applicable till 2027.

50 Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

The IQAC Academic Administrative Audit Report recommendations are implemented at the school level to ensure quality standards are maintained. The curriculum is enriched with a choice-based credit system. The Faculty of Health and Allied Sciences at Amity University Haryana (AUH) has produced highly skilled professionals in the healthcare sector. AUH is committed to supporting the community's health and well-being through various social initiatives. The numerous programs offered in Health and Allied Sciences have produced a large number of qualified healthcare professionals, such as dieticians, audiologists, speech therapists, optometrists, lab technologists, clinical researchers, nurses, and pharmacists, who contribute significantly to society's development.

After the pandemic, AUH launched numerous extension initiatives, both in-person and virtually, to share academic and clinical research findings, promoting healthy living and well-being. Additionall[illegible] istic development by providing students with local, n[illegible] osure to expand their research opportunities and reso[illegible] ith 09 hospitals and healthcare institutions (4 local, 4 [illegible] AUH offers networking events,

Registrar
Amity University Haryana
Manesar Gurgaon-122413

internships, and hands-on training, enhancing students' career prospects and readiness for real-world healthcare challenges. Many students have also transitioned into full-time roles in these partner organizations.

The curriculum integrates clinical research training, internships, and projects in collaboration with partner institutions. Guest lectures are regularly organized to exchange ideas and experiences in healthcare and research.

AUH conducts extensive outreach programs aimed at promoting social awareness among students. These initiatives help students engage with the community and understand social realities. Various health and wellness events are organized, such as free health check-up camps, diet-related awareness programs, and eye, speech, and mental health disorder prevention activities. Notable events include the "Eye Screening Camp" for promoting eye health, "Speech and Hearing Camp" on World Hearing Day, "Blood Test Camp" offering basic lab services, and the "Baush and Lamb Workshop" demonstrating lens fitting techniques. Other initiatives include the "LIVE Healthy Recipe Making Contest" during National Nutrition Month, the "Colourful Food Plate" event where students showcase their culinary skills, and a "Virtual Tour of Anganwadi" to educate students on government programs like ICDS.

A nutrition awareness program aims to educate individuals and communities about the importance of healthy eating habits and balanced diets. It focuses on promoting nutrient-rich foods, portion control, and the prevention of diet-related health issues like obesity, diabetes, and malnutrition. The program may include workshops, health camps, cooking demonstrations, and awareness campaigns that emphasize the benefits of fruits, vegetables, whole grains, and proper hydration. Participants also learn about food safety and how to make informed food choices. Ultimately, such programs seek to improve public health, foster long-term healthy lifestyles, and reduce the risk of chronic diseases. AUH faculty are also active in national and international research communities, frequently delivering talks and publishing books with leading publishers. Faculty members have filed patents, many of which have been published, and have been recognized with awards from prestigious organizations.

These initiatives not only contribute to the well-being of the community but also help students develop a deep sense of social responsibility and the ability to participate in meaningful societal development.

Outreach Educational Activities

The Faculty of Health and Allied Sciences at Amity University Haryana is highly committed to outreach activities in nearby villages and local areas. These initiatives aim to raise social awareness among students while providing opportunities for them to work directly with the community. Through these activities, students gain a deeper understanding of social community welfare, and engage in creative, constructi university organizes various outreach programs, inc health awareness rallies. Some

Registrar
Amity University Haryana
Manesar Gurgaon-122413

activities are conducted online through webinars, panel discussions, and podcasts. These extension programs benefit students by offering hands-on experience and fostering community interaction, creating a symbiotic relationship between students, the university, and the community. Additionally, research projects focused on community well-being play a significant role in the university's outreach efforts. The Department of Dietetics & Applied Nutrition has organised several awareness workshops and seminars, training programs, and recipe contests to promote nutrition awareness and its impact on social well-being.

51 Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths

1. Diverse Curriculum: Allied health programs offer a broad range of courses that cover various disciplines, such as nutrition, optometry, audiology, medical lab technology and public health. This diverse curriculum prepares students for multiple career paths within the healthcare field, allowing them to choose specialties that align with their interests.
2. Hands-On Training: This hands-on experience equips students with essential skills and confidence, enabling them to apply theoretical knowledge in real-world healthcare settings.
3. Interprofessional Collaboration: Allied health programs often emphasize teamwork and collaboration among different healthcare professionals.
4. Focus on Preventive Care: Allied health programs prioritize preventive care and patient education, equipping students with the tools to promote health and wellness in communities.
5. Strong Employment Opportunities: Graduates of allied health programs are in high demand due to the growing healthcare industry. Many programs provide career services and networking opportunities, helping students secure internships and job placements, thus ensuring a smooth transition into the workforce

Opportunities

1. Career Advancement: Allied health programs provide pathways for students to pursue advanced certifications and specializations, enhancing their qualifications and career prospects. Graduates can advance to leadership or specialized roles in healthcare, such as clinical coordinators, managers, or advanced practice providers.
2. Interdisciplinary Collaboration: Students in allied health programs often have opportunities to collaborate with peers from various healthcare disciplines. This exposure fosters teamwork skills and enhances understanding of how different professionals contribute to patient care, preparing stu[illegible] ients in the workforce.
3. Research and Innovation: [illegible] ge students to engage in research projects that address cur[illegible] articipating in research allows

Registrar
Amity University Haryana
Manesar Gurgaon-122413

students to contribute to the advancement of medical knowledge, gain practical research experience, and enhance their critical thinking skills.

4. Community Engagement: Many allied health programs emphasize service learning and community outreach initiatives. Students have opportunities to work with diverse populations, enhancing their understanding of social determinants of health while making a positive impact on community well-being.
5. Lifelong Learning: Allied health programs instill a commitment to lifelong learning and professional development. Graduates are encouraged to pursue continuing education, attend workshops, and participate in professional organizations, ensuring they stay current with industry trends and advancements in healthcare.

Challenges

1. Resource Limitations: Many allied health programs face constraints related to funding, facilities, and equipment. Insufficient resources can hinder the ability to provide quality training, limit access to the latest technology, and affect the overall learning experience for students.
2. Workforce Shortages: The healthcare sector often faces workforce shortages, particularly in allied health professions. This situation can lead to increased pressure on academic programs to produce qualified graduates quickly while maintaining educational quality.
3. Regulatory Compliance: Allied health programs must adhere to strict accreditation and regulatory standards. Keeping up with changing requirements and maintaining compliance can be a significant administrative burden, diverting attention from educational priorities.

Weaknesses-

1. There is no inhouse hospital, so the students have to go to other hospitals for internship.
2. Adaptation to Changing Healthcare Needs: The rapid evolution of healthcare demands and technologies can make it challenging for allied health programs to adapt quickly enough. Programs may struggle to incorporate new methodologies, tools, and practices into their curricula in a timely manner.

52 Future plan of the department for the next Academic year.

Amity Medical School is dedicated to supporting the healthcare sector by training skilled professionals. Since the inception of the program, we have actively engaged in community outreach activities.

Curriculum Enhancement: Continuously update and diversify the curriculum to incorporate emerging l and best practices. Emphasize interdisciplinary approa ollaborative work environments in healthcare settings.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Integration of Technology: Invest in advanced simulation labs and online learning platforms to enhance practical training and accessibility. Incorporate telehealth training to equip students with the skills needed for remote patient care.

Focus on Research and Innovation: Encourage faculty and students to engage in research projects that contribute to advancements in allied health. Provide funding and resources for research initiatives and facilitate opportunities for students to present their findings at conferences.

Community Engagement Initiatives: Increase outreach programs to promote health awareness and education in local communities. Involve students in service-learning projects that enhance their understanding of social determinants of health.

Alumini Engagement -Establish pathways for alumni to pursue continuing education and professional development. Offer workshops, certifications, and refresher courses to help graduates stay current in their fields.

40 Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology. No

41 Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

1. Feedback from IQAC was discussed in the Board of Studies meeting, resulting in curriculum improvements.
2. Faculty feedback is being utilized by the HOI to enhance the teaching and learning process, with IQAC overseeing ongoing monitoring.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

1. Suggestions are gathered through CR meetings, Mentor-Mentee sessions, and online feedback facilitated by IQAC to receive student input.
2. IQAC collects and analyzes student feedback and provides action summaries periodically.
3. The department uses student feedback to address weaknesses and improve the teaching and learning process.

c) Employees on the programme offered and how does the department utilize the feedback.

1. Employers regularly provide feedback to the HOI, which is then discussed in BOS and faculty meetings for potential curriculum updates.
2. IQAC gathers employer feedback and periodically shares action taken reports.
3. Recommended changes based on employer input are considered for implementation in the curriculum.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

d) Alumni on the programme offered and how does the department utilize the feedback.

1. Feedback from alumni and their parents on the teaching-learning process is reviewed in BOS meetings, with potential curriculum changes implemented.
2. Alumni are invited to orientation programs for BSc, MSc, and PBBSc I Sem to share their experiences with new students.
3. IQAC monitors alumni feedback and provides timely action reports.

42 List the distinguished Alumni of the department

45 How does the department ensure that program objectives are constantly met and learning outcomes are monitored?

Constant monitoring of IQAC helped our institute to meet the program objectives through the below measures:

Weekly timetable updated: Weekly timetable has been uploaded on amizone of every coming week by the class coordinator with the prior approval of HOI.

Weekly class report sends to HOI: Weekly class held report send by all the teachers to the HOI on every Friday where all teachers mentioned their weekly academic activities done by them.

Monthly faculty meeting with HOI related to objective outcomes: Monthly faculty meeting held on every first week of the month where The Agenda for the meeting includes: Minutes of the previous meeting, Matters arising from previous, Course appraisal of all programmes, Report of Activities: SNA, Placement Cell, Sessional Examination, Quality Audit, Outcome Report, Events of the particular month.

Research proposal presentation: Research proposal presentation held by various courses like BSc, P.B.B.Sc and MSc Nursing. Where step by step presentation is given by students like problem statement presentation, synopsis presentation, tool presentation, pilot study presentation.

Outcome reports submission (campus/outstation): Outcome report of every week submitted to the outcome coordinator by the faculty members whether any event attended by any faculty inside or outside the campus like workshops, conference, webinar, seminar, FDP'S.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Faculty evaluation report: Faculty feedback form is filled by all the students on amizone. After that HOI will see that and rectify the shortcomings.

46 Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

S No	Tittle of the activity	Date	No of participants	Outcome of Event
1.	Creating awareness about the endometriosis prevention and treatment (ENDORUN)	23-01-2024	140	The ENDORUN organized by ACON in collaboration with PAIR academy and "women with wings" unfolded as a initiative to raise awareness about endometriosis prevention and treatment on 23-01-2024 at b block auditorium of AUH
2	Lamp light ceremony	06-03-2024	120	The lamp lightning ceremony organized by ACON stated with inauguration and lighting of lamp by respected guest followed by dance, cultural programme, Oath taking ceremony and ended with vote of Thanks.

48 State whether the programme / department is accredited / graded by other agencies? If yes, give details.

Amity college of Nursing is recognized by Haryana Nurses and Nurse Midwives Council, Indian Nursing Council, New Delhi.
AUH has received NAAC accreditation in year 2021 (Grade A).

49 Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

- **Awareness Programme at Community Level:** Faculty of Nursing conducted various awareness program that is Celebration of Girl child day, world Diabetes day, World AIDS day and Activities planned on Prevention from COVID and Myths and facts of COVID Vaccination at community level. PHD Students have attended workshop on Research and publication ethics.
- **Implementation of Simulation Technique:** All the procedures related to concerned subjects have been demonstrated to the students for better learning in the labs by creating a real situation and by utilizing the inventory which is available at the department.
- **Faculty Development Related to New Curriculum and Basic Applied Research**
  Faculty Development program have been planned and implemented at department level to sensitize the faculty members. like FDP on OSCE /OSPE has been successfully completed which was introduced by the Indian Nursing Council in curriculum.
- **Improving basic and technical learning skills among faculty and students by joining the department with govt/ non govt health agencies:** In every semester events/ activities have been planned to develop the learning skills of faculty members and faculties accompany the students in various affiliated hospitals for practical training.

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

STRENGTHS

- MoU with well-repu[illegible] hospitals

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- All well-qualified Ph.D. Nursing and M.Sc. Nursing Faculties.
- Community outreach programs
- Excellent Placement record
- Semester scheme with continuous assessment – Fully flexible Choice Based Credit System
- Effective Teaching-learning processes with good use of ICT
- ACON invites Guest faculty with exceptional domain understanding to help students to get excellent grasp over specific topics
- Teaching Faculty's knowledge and skill help in training our students even beyond curriculum. College encourages faculty mentoring students for research.
- Quick Grievance redressal.

WEAKNESS

- Non availability of affiliated hospital within a radius of 5 km.

OPPORTUNITY

- The Institute has substantial potentiality for expanding its educational and research operations by bringing about innovative changes in teaching-learning evaluation, library resources and laboratory resources with the support of its qualified teachers.
- Alumni Association need to be strengthened
- Extending the rural community.
- Framing of NSS and NCC unit and Student Red cross unit at Institute level.
- Student selection based on entrance exam.

CHALLENGES

- Researches that meet the need of current-day contemporary nursing science.
- Collaboration with Super Specialty Hospitals for providing super specialized training to the nursing students and make them industry ready.
- To bring Clinical research funds and projects for evidence-based practice.

51. Future plan of the department for the next Academic year.

- To promote existing nursing programmes
- To motivate our faculty for Ph.D enrollment
- To sign MOU with super specialty hospitals with international standards for enhancing in camp

Registrar
Amity University Haryana
Manesar Gurgaon-122413

- To organize various Outreach activities and Community camps and clinics in rural areas.

12. **List of senior visiting fellows, temporary faculty, and emeritus professors**: Nil

Senior visiting fellows	Temporary faculty	Emeritus professor
1)	1)	1)
2)	2)	2)
3)	3)	3)

(*add more rows as required*)

13. **Percentage of classes taken by temporary faculty- programme-wise information**:
Nil

14. **Programme-wise Student Teacher Ratio**

a) **Teacher: Students Ratio**

S. No.	Programme	Ratio
1	B.Pharm	1:15
2	M.Pharm	1:11

15. **Number of academic support staff (technical) and administrative staff: sanctioned and filled as on date**

S. No	Technical		Administrative	
	Sanctioned	Filled	Sanctioned	Filled
1	8	3	2	1

16. **Research thrust areas as recognized by major funding agencies.**

1. Isolation and characterization of active constituents from natural sources
2. Drug discovery
3. Nanotechnology
4. Molecular Pharmacology
5. Herbal Drug Development

40. **Was any need assessment exercise undertaken before the development of new programme(s)? If so, highlight the methodology.**

Yes, assessment exercise was undertaken for following points:

1. Availability of M.Pharm course.
2. Demand of Professionals in Pharmaceutical Industry.
3. Availability of faculty and Infrastructural facilities for the said course as per norms of PCI.

41. Does the department obtain feedback from

a) **Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?**

Herein AIP we strictly follow the norms and standards laid down by IQAC team. Said team is actively involved in studying the key critical parameters that impact the academic and research outcomes. Moreover, IQAC continuously motivates department to achieve excellence by helping in design of teaching methodology and advanced pedagogy. Also, the feedback mechanism helps individual faculty members to realize his/her goal of becoming a better academician.

b) **Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?**

We at AIP periodically take feedback from the students about the staff, curriculum and teaching learning evaluation. Subsequently, the university IQAC team evaluates these feedbacks and direct us about the necessary action. IQAC also provides their valuable input in conducting such feedback gathering exercise.

c) **Employers on the programme offered and how does the department utilize the feedback.**

Here at AIP we obtain feedback of employees on the programmes offered and we try our level best to incorporate those feedback. Further the University IQAC team during their audit visit scruitinize those suggestions/ feedbacks and suggest us the necessary action.

d) **Alumni on the programme offered and how does the department utilize the feedback.**

The directorate of alumni affairs Amity University Haryana receive the feedback from the Alumni. At AIP, we work on the suggestions given by the pass out

44.List the teaching methods adopted by the faculty for different programmes.

Faculty adopted student centric learning approach with the help of various teaching methodologies to impart knowledge to students which include presentations, online video lectures, project-based learning, class discussions, quizzes, home assignments. Moreover, students are given hands on practical training for all subjects to link theorical knowledge with the practical. In laboratories, they work on different aspects of pharmacy like extraction, preparation, quality control of different dosage forms like tablets, capsules and various semi solid dosage forms.

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

IQAC at Amity University Haryana has been at the forefront of continuously providing input for improving academic outcomes by various suggestions such as:

- Surveilling the students' performance and ways to improve it

Identifying the gaps and content beyond curriculum and rectifying it with the help of expert lectures from academia and industry. IQAC at Amity University Haryana has been at the forefront of continuously providing great inputs for improving academic outcomes by various suggestions such as:

- Surveilling the students' performance and ways to improve it

Identifying the gaps and content beyond curriculum and rectifying it with the help of expert lectures from academia and industry

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

S.no	Year	Nature	No of participants	Outcome
1.	2023-24	Health camp	44	1. Health record of women residing in nearby villages will be studied and will be analyzed to recommend

Registrar
Amity University Haryana
Manesar Gurgaon-122413

				corrective actions so that their health can be improved. 2. By educating students and women on early signs and symptoms of various diseases, health camps enable early detection and treatment reducing the incidence and severity of health problems.

47. Give details of "beyond syllabus and scholarly activities" of the department. For e.g. seminars/conferences/guest lectures/ certifications.

Besides the curriculum, various value added courses are taught to B.Pharm students like behavioral studies, communication skills and different foreign languages . The industry-academia gap is filled by organizing guest lectures from time to time from persons involved in academia and Pharmaceutical Industry. Furthermore, timely Industrial visits to Pharmaceutical Industry are organized to give insights about various manufacturing, testing and packaging operations. It is also required for third year B.Pharm students to undergo practical training in Pharmaceutical industry as per PCI norms

48. State whether the programme / department is accredited / graded by other agencies? If yes, give details.

Approved from PCI, New Delhi- (Annexure III)

49. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

Since its inception in 2018, AIP has published more than 100 publications in various peer reviewed national and international journals of repute. Also, 40 patents have been filed so far in past five years. Moreover, faculty is actively engaged in project based learning with final year students, thereby enabling them with required employability skills.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

IQAC by working in tandem plays a pivotal role in generating new knowledge by its active participation in initiating exerts talks and conferences, thereby helping AIP become best in the area of pharmacy education

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strength

- Well qualified faculty with M.Pharm, PhD from reputed institutes
- Experienced faculty with experience ranging from 8-40 yrs
- Herbal garden with more than 100 medicinal plants
- Well-equipped labs with state of art equipment
- Good support system of university i.e hostels, playgrounds, medical facilities etc.

Weakness

- Good research infrastructure needs to be strengthened
- More funding opportunities to be tapped
- Industry involvement to be increased

Opportunities

- Inter and intra university research collaboration
- Gurugram being hub of pharmaceutical industry, there are many opportunities for students for training and placement
- Technical manpower from industry readily available

Challenges

- More girl students to need to be inducted in programme
- International students to be attracted to the programme

51. Future plan of the department for the next Academic year.

- Introduction of M. Pharmacy course in other specialization and increase in intake of B.Pharm.
- More emphasis on publications, patents, products, and grant mobilization.
- Regular PhD student's enrollment will be encouraged.
- Collaborations with Academic Institutions and Industries.

41. Does the department obtain feedback from

a) Faculty on Curriculum as well as Teaching-Learning-Evaluation? If yes, how does the department utilize the feedback?

Yes, the department did follow the faculty and Board of Studies' advice. Usually twice a month, we have in-person meetings with the faculty to get their input on curriculum-related inquiries, fieldwork, and teaching. The Internal Quality Assurance Cell helps us produce the action taking reports, and we [illegible] **sed on the facilities'**

Registrar
Amity University Haryana
Manesar Gurgaon-122413

recommendations. We physically list related issues and their fixes during meetings. With the help of the IQAC team, we accomplish the solutions and include them in our curriculum.

b) Students on Staff, Curriculum and Teaching-Learning –Evaluation and how does the department utilize the feedback?

Yes, the staff and students' suggestions were taken into consideration by the department. We have a monthly meeting with Class Representatives to discuss various questions regarding classes and personal matters. Based on remarks made in class, necessary steps are taken, and concerned faculty members are involved if necessary to address issues. The Central IQAC team is then given access to the report for their feedback. During mentor-mentee sessions, students are frequently asked for their opinions on the department or curriculum. Students are required to complete an online portal in Amizone for teacher input before the exam.

c) Employers on the programme offered and how does the department utilize the feedback.

Yes indeed, the department did consider the suggestions made by the employers. Our primary sources of industry connections are students completing internships and our graduates who are either freelancing or have launched their own businesses. Employers and alumni are asked for their opinions at our annual alumni meeting. In order to maintain our curriculum up to date with student demand, we have increased the amount of online interaction between students and alumni through webinars and workshops, as advised by IQAC.

d) Alumni on the programme offered and how does the department utilize the feedback.

Yes, the department did consider the advice given by the alumni. We ask our alumni for input at our annual alumni meet. At the recommendation [illegible] **d online interactions**

Registrar

44. List the teaching methods adopted by the faculty for different programmes.

a. **Power point presentation**

b. **Lecture videos**

c. **MOOCs**

d. **Survey**

e. **Case study demonstration through you tube**

f. **Provision of Online study material**

g. **Utilization of LMS and MS Teams.**

h. **Uploading of study material on Amizone**

i. **Internal assessment**

j. **Examination through MCQ and OBE**

45. How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?

Every semester, a team from the IQAC department performs an IQAC audit. The central IQAC team visits departments twice a semester on top of that. Session plans, timetables, attendance registers, and mentor-mentee records are all reviewed during this audit, and recommendations are given as needed. The action report is also provided, and it is followed by an analysis. These audits ensure that the program's objectives and learning outcomes are satisfied.

46. Highlight the participation of students and faculty in extension / outreach activities (Year, Nature, Outcome etc.)

S. No.	Extension/Outreach Activities	Year	Nature	Outcome
1	Case Study for Health Care	2023-24	Visit	Understanding the Health Care Clinic. **Objectives of the Event:** • To help students evaluate the positive and negative traits in a health care design • To analyse the need and requirements of a health care centre. • Understanding the services used and required in clinics
2	Primary Office Complex Space DLF Galleria Sector 91, Gurugram & LivSpace Office Sector 29, Gurugram	2023-24	Visit	On-Site Visit to DLF Galleria Sector 91, for site selection of Office space design. Understanding construction and change of renovation as per site requirement and analysis. Learning construction techniques and building façade methods for designing of spaces. Case Study of renowned office Livspace a interior design office understanding its requirement and services for the society and designing for the future. Providing necessities for the office space.
3	Visit to Kiran Nadar museum	2023-24	Visit	A visit to Kiran Nadar Museum was planned on 12th March.'2024 where students of Amity School of Architecture and Planning had a good experience. Kiran Nadar Museum of Art (KNMA) is a pioneering private museum of Modern and Contemporary art in South Asia, with two spaces located in New Delhi and Noida. KNMA had organized a new exhibition titled **'Mirror/Maze: echoes of song, space and spectre'** that brings together works of 21 artists from the Museum's diverse collection. This exhibition owes its stimulus to artists and the provocations they present through their distinctive forms of practice, initiating a re-thinking about art and its presence in our lives. Their self-willed journeys draw us into the worlds they create through 'affect states' of sound and silence, meditation and labour, stillness and action, emptiness and fullness; at times, taking us to the edge. Disrupting the sense of space/place, de-stabilising the notion of a fixed image, accelerating and slowing down the experience of time, they raise our consciousness towards the complicatedness of everyday along with the lingering fear of the unknown. Curated by irector and Chief Curator, KNMA) attacharya, Debashree Banerjee,

Registrar
Amity University Haryana
Manesar Gurgaon-122413

				Madhurima Chaudhuri and Agastaya Thapa, the exhibition allows the viewers to engage a wide spectrum of artistic experiences, from drawing, paintings and sculptures to digital presences, AI and computer-generated images and computer coded hyper realities. An activity titled **Photomontage** was also organized by KNMA after the walkthrough of the museum . Photomontage is the process and the result of making a composite photograph by cutting, gluing, rearranging and overlapping two or more photographs into a new image. Sometimes the resulting composite image is photographed so that the final image may appear as a seamless physical print. Students showcased their creativity skills and created beautiful photomontage art panels.
4	CDP for Neemrana	2023-24	Visit	As an out academic exercise of making Master Plan of Neemrana, Students have conducted the site visit to collect primary as well as secondary data to have a better understanding of the area. Primary objective of the field visit is to facilitate experiential learning and holistic development among students. Understanding the growth of Neemrana as an Industrial Hub and how it is affecting the local population and economy. Factor affecting the growth and development of Neemrana. **Day 1** : Survey of whole town including some interviews with locals and Police officials. Visited Industrial Area of Japanese Zone. **Day 2** : Office visit of Block education board, Panchayat Samiti & visited Industrial Area of Indian zone. **Day 3** : Visited RIICO Neemrana Office and had a meeting with the regional manager & household survey. **Day 4** : Finding the problematic zone and traffic survey (Traffic volume count).

5	Study trip to Bhopal	2023-24	Visit	Amity School of Architecture and Planning organized a Study Tour to Bhopal from 16th to 19th March, 2024 for the students of 1st 2nd and 3rd year B.Arch.. The tour offered comprehensive exploration of history, design, and visual arts for architecture students. In Bhopal's Old City, students encountered traditional Mughal-era buildings and narrow lanes, providing insight into its medieval past. Modern marvels like the Bharat Bhavan cultural complex, SPA Bhopal, Tribal Art Museum, Indira Gandhi Rashtriya Manav Sangrahalaya showcased innovative design and cultural expression. Nearby Bhopal, Sanchi and Bhimbetka Caves, UNESCO World Heritage Sites, hold immense historical and architectural significance. Sanchi is renowned for its ancient Buddhist monuments, notably the Great Stupa, while Bhimbetka's rock shelters reveal early human habitation and prehistoric art dating back over 30,000 years. During the tour, students were engage in sketching, and photography, focusing on architecture's characteristic features like Torana's, Chhatris, Domes etc . Sketching enables detailed observation, aiding in understanding and live perspective drawing. The tour was indeed very informative, and students gained a lot of knowledge about Vernacular Architecture, Islamic Architecture and Contemporary Architecture styles.
6	Artius Interior Products Pvt Ltd	2023-24	Visit	A visit to Artius Interior Products (P) Ltd, Gurgaon was planned on 3rd MApril.'2024 where students of Amity School of Architecture and Planning had a good experience. Artius, an innovative enterprise in India, pioneers the use of patented glulam technology to craft exceptional timber windows, doors, and expansive structures for exclusive private residences. Established in 2011 by Ms. Bhawna Sharma. Nestled at the intersection of innovation and craftsmanship, Artius Interior Products stands as a beacon in the realm of wood manufacturing, design, and construction. During the visit ,students had the unique opportunity to witness the craftsmanship of wood , from the conception of a mere idea to the realization of breathtaking designs. Guided by experts, students explored the intricate processes that transform raw materials into works of art and gained insights into the meticulous attention to detail .
7	From vision to venture	2023-24	Alumni guest lecture.	The aim of the guest lecture was to provide students an insight of interior design industry from an aspiring and established interior designer with the knowledge, resources, and inspiration needed to succeed as entrepreneurs in the dynamic field of interior design. Th[illegible] ignite creativity and innovation among [illegible]nts who will be future entrepreneurs,

Registrar

49. Briefly highlight the contributions of the department in generating new knowledge, basic or applied.

In collaboration with IQAC, the department facilitates and supports faculty, staff, and students in the generation of new knowledge by assisting with the filing of patents and copyrights. Research scholars are encouraged to take on funded projects. PhD researchers gain new knowledge through submitting their work to journals, giving presentations at national and international conferences, and publishing research articles for journals.

50. Detail five major - Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths	Weaknesses
1. LEED Certified building 2. Highly qualified faculty 3. Good infrastructure and Lush green campus 4. Good strength of PHD. Scholars 5. Creative students with rationale minds	1. The University has robust infrastructural facilities, but it has still to achieve it optimal strength of students. 2. At present 31% of faculty members are with doctoral degree, 62% are pursuing PhD whereas the ambition of university is to have 100% doctoral faculty. 3. Evolved strong alumni network.
Opportunities	**Challenges**
1. Study Abroad Programs 2. Interdisciplinary learning 3. Proactive support for Online teaching and learning 4. Institutional support for filling Patents 5. Research support and assistance for Entrepreneurship establishment	1. Competitor institutes nearby and within NCR 2. Reduced count of foreign students

51. Future plan of the department for the next Academic year.

Registrar
