The programme has been designed to provide the students with necessary foreign language skills to provide a vantage point for employability as well as increasing their viability for higher education.

Programme Outcomes (PO's) for FL Korean courses

PO1. Effective Communication: Develop effective communication skills by focusing on all the four language competencies; Listening, Speaking, Reading and Writing in the given foreign language and make meaning in context by connecting people, ideas, books, media and technology.

PO2. Social Interaction: Elicit views of others, comprehend conversations in connotative and denotative backdrop and help reach conclusions in group settings.

PO3. Critical Thinking: Develop critical-thinking skills, as well as a critical understanding of key aspects of the given country's history, culture and contemporary society and in the process learn to unlearn the self-formulated ideas and relearn through analysis.

PO4. Ethics: Recognize different value systems of the language specific society in various settings vis-à-vis personal and professional. Accept the co-existence of various cultures. Analyse and deduce the prescribed behaviour for the given situation.

PO5. Self-directed and Life-long Learning: Acquire the ability to engage in independent and life-long learning in the broadest context socio-technological changes. Also explore opportunities beyond formal studies to engage and learn through interaction with native speakers and other French language speakers.

PO6: Employability: Skills into learning through specific purposes like tourism, business practices and terminologies and translation.

PO7: Effective Citizenship: Demonstrate empathetic social concern and equity centered national development, and the ability to act with an informed awareness of issues and participate in civic life through volunteering.

Programme Specific Outcomes (PSO's) for FL Korean

PSO1: The students will perceive the various sound patterns and their pronunciation put into practice even by a native speaker. They will also learn the various grammatical rules of the language for their optimum utilization in all the four competencies, namely listening, speaking, reading and writing

PSO2: The students will understand the phonological system for reading and analysing a text. They will be able to express their views in writing in a syntactically coherent manner congruent to their needs.

PSO3: The students will communicate effectively and fluently in various registers like formal and informal set ups. They will effectively use their overall language skills acquired in simulated scenarios in real time life situations.

PSO4: The students will inculcate the nuanced understanding of Korean culture, history and society and also be able to infer the connotative meaning of a text of speech.
