3.1 General Introduction of the Event

Understanding of research methodology is essential to bring about changes in the clinical areas so that the Evidence Based Practice approach can be incorporated in patient Care to provide the highest quality and most cost-efficient patient care possible. This one day conference is a platform for exchanging ideas as well as enable us to apply correct methods, materials, scientific tools and techniques relevant for the problem chosen.

3.2 Objectives of the Event

This conference will enable the Delegates to:

- Acquire knowledge about correct steps of research process
- Discuss about various experimental research designs using suitable examples
- Elucidate various non experimental research designs
- Outline different sampling techniques- probability and non probability
- Discuss about different methods of data collection questionnaire, interviews, biophysiological measures
- Deliberate on major qualitative research designs phenomenology, ethnography and grounded theory.

3.3 Brief about the address/talk of speakers

The second national conference of Amity college of Nursing embark with the registration and floral welcome. Maj. Gen Dr. Mahavir Singh greeted renowned speakers, delegates and all students gathered in conference. Dr. Tamil selvi unveiled the theme of National conference Research Methodology and wished for the great success.

Prof. Sheuli sen: Delivered a lecture on Overview of Research Process. She covered the entire steps of research process with her fascinating examples.

Dr. Deepika C Khakha: Gave lecture on Overview of Qualitative Research designs. She is Very dynamic and informative speaker, Lots of implementable ideas regarding an important and current topic of qualitative designs were discussed with audience.

Dr. Mini George: Gave lecture on Overview of Experimental Designs. She gave some good examples and appeared to be comfortable. It was appreciated that she was an academic that was able to share her research ideas with the group.

Dr. Tamil Selvi A: Gave talk on Overview of Non experimental designs. Great communicators can be defined by two key characteristics – 1) they are passionate and engaging and 2) their content makes you think and as a result you walk out smarter than when you came in. Madam achieved on both accounts. Her charisma and obvious enthusiasm for the material was palpable after she uttered her first sentence. She completely engaged audience with her enthusiasm.

Dr. Poonam Sharma: Delivered a talk on Sampling techniques used in Research. She drew upon her deep knowledge, innate energy, and fascinating slides to bring the room to life and leave valuable takeaways for all.

Dr. Smriti Arora: Gave lecture on Data collection techniques. Her class was electrifying, and her large audience was fully engaged and content was both factual and inspirational.

At the end vote of thanks was given to all eminent speakers, delegates and entire organising team of ACON
