5. Any Other

One Paragraph-Mentioning Details of outcome as mentioned above

Students conducted Origin and Destination survey AND Traffic Volume count pertaining to preparing a mobility plan of the city. Besides they also conducted specific surveys at different problematic locations such as Rotaries, Crossings and Commercial Streets etc. The data, thus collected from the above mentioned techniques are being tabulated and inferences drawn by the students in the studio thereafter. This is going to help to bring the final result and the outcomes for comprehensive planning of Haldwani city.
