Mr. Nitish Kumar

Transportation Planning is our Studio Exercise Semester IV which has the 9 credits weightage. We have selected the study area of Dharamshala, Kangra District for the preparation of Transportation plan.

Pre-visit preparations like Checklist, base map, survey questionnaires, tasks of field visit has been reviewed on **25/02/2019** and undertaking & bonafide of students has been processed by the department of Amity School of Architecture and Planning, AUH.

On Wednesday (**27/02/2019**), we reached Dharamshala from Delhi accompanied by the Faculty Co-ordinator with the students in the public HRTC bus.

Day1: We went for reconnaissance survey, listed major roads within the study area.

Day2: We went take permission and processed the formalities in the office of the Superintendent of Police, Dharamshala [Kangra] to do perform surveys in their area. And we had small discussion regarding our studio exercise with the SP sir.

Day3: We went to collect data from municipal co-operation of Kangra.

Day4: We visited RTO to collect data regarding no of vehicles registered in past 10 year, no of road accidents list.

Day5: We started our survey Traffic Volume Count, in 8 different spots which was connected to one area. We did survey for twice morning and evening. Different types of Cross sections with in that area.

Day6: We started our next survey which is household survey, we identified no of vehicles, do people use their own vehicle or public transport, transport facilities.

Day7: We visited near by places kind of sight-seeing Tibetan temple, malls etc. Then in evening left from Dharamshala.

It was very good chance and kind of opportunity to have such a well experience in these Studio exercise regarding Transportation Plan. The positive respond we received in our surveys fully satisfied the work.

We are glad and very much thankful to our faculty Mr. Nitish Kumar, Professor, ASAP for facilitating our needs throughout the trip.
