Message from Prof. (Dr.) Padmakali Banerjee

Achieving academic excellence expresses the core philosophy at Amity University Haryana and this is the driving force behind rigorous academic programmes and high quality teaching which instill a spirit of learning amongst students. We believe in learning that takes students beyond the classroom and into the real world where they must use instinct, negotiating skills, collaboration and experiential learning with innovation.

Amity School of Architecture and Planning in collaboration with NOSPlan brings all the students and professionals of Planning together to enhance interaction between them and discuss the general issues related to the field. Exchange intellect and information between the students, professionals and academics within this field and hence increase the knowledge of each individual. This is a platform for students of planning to share their thoughts and ideas about the planning profession and its practices among themselves, related bodies and planning professionals.

The XIX Annual NOSPlan Convention will not only provide an enriching environment to the young minds to share their expertise in different areas of Planning but will also be professionally constructive to them. It will also help to provide a platform towards strengthening our relationships in knowledge sharing while at the same time provide the necessary momentum in joint research collaborations within the research society.

I welcome all the participants from across the country to Amity University Gurgaon and wish this convention to be the foundation for the growth of new ideas towards a better tomorrow.

As per the theme of Convention "Resilient City", the dynamic and vibrant campus of Amity University Haryana provides the unique experience of quality learning in a multi-dimensional and participatory manner in the fast changing trends in planning.

Amity School of Architecture & Planning strives to be one of the strongest pillars at the university in pursuit of excellence and capacity building.

Best wishes to the participants of the XIX Annual NOSPlan Convention 2017.
