Sales, a perennial part of any business, got a facelift as Rain Group trained the participants on the how to sell well.

RAIN Group is a sales training and consulting firm that can help unleash a company's comprehensive sales potential.

Amity Skills Institute partnered with RAIN group for a training programme conducted on 08th & 9th September 2017 with 14 participants. Each participant got to learn about the tricks of the trade and the art of selling and received a certificate for the same.

The training programme included discussions about the newer techniques that are being used in businesses. The students were explained, with examples and role-play, the practices that work and the ones that don't.
