

Extraction, Fractionation and Isolation of Secondary Metabolites from *Cissampelos pareira* Roots

Thesis submitted in partial fulfilment of requirements for the award of the degree of

Master of Sciences

in

Applied Chemistry

Submitted by

Jyoti

M. Sc. IV Semester

Roll No: A51650916005

Academic Session: 2016-18

Under the Supervision of

Dr. Anurag Sharma

(Supervisor)

Department of Applied Chemistry

Amity University Haryana, Gurugram

Dr. Upendra Sharma

(Co-Supervisor)

Scientist NPC&PDD,

CSIR-IHBT Palampur, HP.

Amity School of Applied Sciences (ASAS)

Amity University Haryana, Gurugram
