Agenda Item 1: Introduction of "BTech ECE specialization in Semiconductor Design & Manufacturing."

The department of ECE proposed introduction of specialization in "Semiconductor & VLSI Design" to be offered at Amity University Haryana from 2023-24 academic session.

The proposed structure and curricula of above said specialization have been duly presented before the committee and same has been recommended by committee for approval in the forthcoming Academic Council meeting.

Revised program structure for the BTech ECE with both specialization is appended as Annexure

-A

Detailed syllabus for the electives is appended in **Annexure-B**.

Agenda Item 2: Introduction of “**BTech ECE specialization in Embedded System & IOT**”.

The department of ECE proposed introduction of **specialization in: Embedded System & IOT** to be offered at Amity University Haryana from 2023-24 academic session.

The proposed structure and curricula of above said tracks have been duly presented before the committee and same has been recommended by committee for approval in the forthcoming Academic Council meeting.

Detailed syllabus for the electives is appended in **Annexure-C**.

The Board of Studies meeting of the AIIT was held on 09th Nov 2023 at 12:00 p.m.

Agenda: The meeting was held on following agenda points:

1. Approval of BCA (Bachelor of Computer Applications)/ B.Sc. (IT) programme structure and detailed syllabus, in alignment with the New Education Policy (NEP).
2. Approval of Value-Added Courses (VAC) syllabus, in alignment with the New Education Policy (NEP).
3. Approval of two tracks Artificial Intelligence and Data Science under Discipline Specific Core DSC-II/DSC-III syllabus offered to various other schools, in alignment with the New Education Policy (NEP).
4. Approval of M.Sc. (Cyber Security) programme structure and detailed syllabus.

The meeting was attended by the following faculty members (Attendance Sheet attached):

Internal Members:

1. Dr. Shalini B. Bajaj, Professor Director & Head, CSE, AUH.
2. Dr. Rajesh Kumar Tyagi, Professor, CSE, AUH.
3. Dr. Sunil Sikka, Professor, CSE, AUH.
4. Dr. Surjeet Dalal, Professor, CSE, AUH.
5. Dr. Khushboo Tripathi, Assoc. Professor, CSE, AUH.
6. Dr. Anil Kumar Mishra, Assoc. Professor, CSE, AUH.
7. Dr. Shweta Sinha, Assoc. Professor, CSE, AUH.
8. Dr. Aman Jatain, Assoc. Professor, CSE, AUH.
9. Dr. Priyanka Vashisht, Assoc. Professor, CSE, AUH.
10. Dr. Rashmi Gupta, Asst. Professor, CSE, AUH.

External Experts:

1. Dr. Nanhay Singh, Professor, External Expert, NSUT East Campus, New Delhi.

Agenda Item 1: Approval of BCA (Bachelor of Computer Applications)/B.Sc.(IT) programme structure with detailed syllabus, in alignment with the New Education Policy (NEP).

External expert discussed and approved followings:

1. Reviewed the newly designed BCA/B.Sc. (IT) program detailed syllabus and found that this syllabus is in line with the NEP guidelines.

2. After Assessment, the committee found that syllabus is aligned with industry trends and emerging technologies.

3. Committee has given consent that the syllabus incorporated is interdisciplinary and experiential learning elements as per NEP recommendations.

AIIT has offered this syllabus of BCA/B.Sc. (IT) at Amity University Haryana from 2023-24 academic session onwards.

The proposed structure and curricula of above said programs have been duly presented before the committee and same has been recommended by committee for approval in the forthcoming Academic Council meeting.

Revised program structure for the BCA/B.Sc.(IT) with both specialization is appended as **Annexure -A/Annexure-B** respectively.

Agenda Item 2: Approval of Value Added Courses (VAC) program syllabus offered to BCA/B.Sc.(IT), in alignment with the New Education Policy (NEP).

AIIT proposed approval of "Value Added Courses(VAC) program syllabus offered to BCA/B.Sc.(IT), in alignment with the New Education Policy (NEP)" to be offered at Amity University Haryana from 2023-24 academic session onwards.

The proposed structure and curricula of above said VAC courses have been duly presented before the committee and same has been recommended by committee for approval in the forthcoming Academic Council meeting.

Detailed syllabus for the VAC electives is appended as **Annexure-C**.

Agenda Item 3: Approval of two tracks Artificial Intelligence and Data Science under Discipline Specific Core DSC-II/DSC-III syllabus offered to various other schools, in alignment with the New Education Policy (NEP).

AIIT proposed approval of two tracks Artificial Intelligence and Data Science under Discipline Specific Core DSC-II/DSC-III syllabus offered to various other schools, in alignment with the New Education Policy (NEP) at Amity University Haryana from 2023-24 academic session onwards.

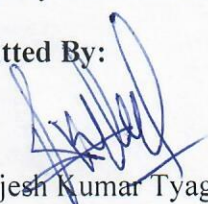

The proposed structure and curricula of above said tracks have been duly presented before the committee and same has been recommended by committee for approval in the forthcoming Academic Council meeting.

Detailed syllabus for the VAC electives is appended in **Annexure-D**.

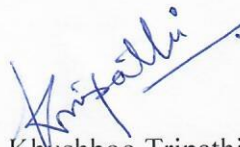

Agenda Item 4: Approval of M.Sc. (Cyber Security) programme structure and detailed syllabus. The proposed programme structure & detailed syllabus of M.Sc. (Cyber Security) was presented before the committee and same has been recommended for approval in the forth coming Academic Council meeting of M.Sc. (Cyber Security).

Detailed syllabus of M.Sc. (Cyber Security) is appended as **Annexure-E**.

Minutes of Meeting

3rd Feb 2023

The Board of Studies (BOS) Meeting for Solar Engineering Department, ASET was held on 3rd February 2023, from 2.30-4.00PM online on MS Team.

The following subject experts and internal committee members were present for the meeting:

Subject Expert:

1. Dr Bibek Bandopadhyay
Former, Advisor, MNRE
Former Director, Solar Energy Centre
Senior Consultant, E&Y
2. Dr Jayanta Mondol
Research Director: Belfast School of Architecture and the Built Environment
Ulster University, Northern Ireland, UK

Internal Committee Members:

1. Dr. Shalini Bhaskar Bajaj
Director, Amity School of Engineering & Technology
2. Maj Gen (Dr) J S Dhull
Director, Amity Institute of Defence Technology

HoD, Aerospace Engineering
6. Dr Sanjeev Sharma,
HoD, Mechanical Engineering Department
7. Dr Ranjana Arora
Asst. Professor III, Solar Engineering Department
8. Dr Mahesh Kumar
Associate Professor, ECE Department

The Agenda of the Meeting was:

1. Proposed introduction of PG Diploma in Energy and Carbon Studies
2. Proposed introduction of PG Diploma in Solar PV Design and Installation
3. Minor modification of the program structure of M Sc Renewable Energy PT program
4. Modify syllabus of Energy Management and Audit for M Tech SAE and Energy Management for M Sc RE program (Full Time & Part Time).
5. Introduce Advanced Energy Systems in M Sc RE FT & PT

The suggestions made by the experts and the internal committee members had been incorporated in the program structures and had been highlighted for reference/review. The modified program structures and syllabus are provided in annexure as below:

Annexure 1: Program structure & syllabus PG Diploma in Energy and Carbon Studies with all suggested modifications

Annexure 2: Program structure & syllabus PG Diploma in Solar PV Design and Installation with all suggested modifications.

Annexure 3: Modified program structure of M Sc Renewable Energy PT program. No further changes have been suggested by Subject Expert. The proposed syllabus is OK.

Annexure 4: Modified syllabus of Energy Management and Audit for M Tech SAE and Energy Management for M Sc RE program (Full Time & Part Time).

Annexure 5: Syllabus of Advance Energy Systems in M Sc RE FT in 3rd sem & PT in 5th Sem. No changes suggested by committee members.

MINUTES OF MEETING

BoS MEETING FOR CHEMISTRY

A board of studies meeting was conducted on **December 02, 2023**, at 10.00 AM on MS-TEAMS to review curriculum of

- ☐ BSc (H) Chemistry Program new curriculum under NEP2020 (Annexure I)
- ☐ MSc Applied Chemistry Program (Annexure II)

Dr. Neeru presented the program structure of the BSc (H) Chemistry courses, and Dr. Dipti Vaya presented that of the MSc Applied Chemistry Program.

Based on the feedback/suggestions of the Area Advisory Board and inputs from various stakeholders, the following changes have been recommended by the BOS:

Recommendation for BSc (H) Chemistry (NEP2020)

- ☐ Program structure of BSc(H) chemistry 4-year program (180 credits) with minor revision in syllabus.
- ☐ DII & DIII courses as an integral part of curriculum.
- ☐ Detailed working knowledge about instruments under spectroscopy course in 2nd semester. Removal of Photocolorimeter, Inclusion of FT-IR instead of IR.
- ☐ Make Spectroscopy compulsory
- ☐ Computer Programming in Skill enhancement
- ☐ Collaboration with IARI PUSA

Revision as per expert's comments

- ☐ Inclusion of Instrumentation in detail in the syllabus of spectroscopy is done as per the expert comments and included in the syllabus.
- ☐ Photocolorimeter removed from the syllabus whereas spectrophotometer is discussed in detail.
- ☐ Spectroscopy course is added under the core course of discipline specific course and is mandatory.
- ☐ All minor changes suggested by expert are done and added to detailed syllabus.

A board of studies meeting was conducted to review curriculum of B.Sc.(H) in Mathematics prepared as per the framework of NEP , on 06 /12/2023 at 11:00 am in Room No. D-309, AUH.

Based on the feedback/suggestions of the Area Advisory Board and inputs from various stakeholders, the following changes have been recommended by the BOS:

Recommendations:

- 1) The course titled "Mechanics" has been recommended to be included in the seventh semester of UG four-year program as core elective along with the existing core elective courses.
- 2) To remove "Operations Research" from the list of electives of eight semester since the course of "Optimization techniques" is already there in the semester in the fourth semester for both the pathways.
- 3) To change the name of the course "Numerical methods with MATLAB: to "Numerical solutions to differential equations".
- 4) To remove the courses "Scientific writing with Latex" and "Computing and C programming" from the curriculum of seventh semester (with Research) and add the courses "Statistics Inference with Lab" and "Scientific tools for Research".
- 5) To include the courses titled "Nature Inspired Optimization algorithms" and "Research Project" in the eight semesters (with research).

Action Taken:

The BOS recommends the above changes be approved for implementation with effect from academic year 2023-2026/2027.(Program structure duly approved by external expert is attached)

Minutes of Meeting of the Board of Studies meeting conducted by Department of Physics, ASAS

A board of studies meeting of the Physics Department, ASAS was conducted on 07/12/2023 at 10:30 am in Room No. D-305, AUH. The agenda of the meeting was to implement the National Education Policy (NEP) in the BSc (H) Physics program. The revised syllabus and program structure was presented in the meeting. The external expert Prof Devendra Mohan joined through MS Teams.

Based on the feedback/suggestions of the external expert and inputs from various stakeholders, the following changes have been recommended by the BOS:

A. Suggestions for BSc (H) Physics Program

1. The expert suggested the inclusion of two courses: "Group Theory and Crystal Structure" and "Vacuum Technology" in the curriculum.

Action Taken: The Course "Group Theory and Crystal Structure" has been incorporated in the 8th semester and the course Vacuum Technology is incorporated in the 7th Semester of the program structure. Both courses are included as elective courses.

2. The term "Material's Science" should be employed in place of "Material Science" in the nomenclature of the course.

Action Taken: The nomenclature of the course has been changed to "Material's Science". The course is offered in 6th semester.

B. Suggestions for MSc Applied Physics Program

1. One of the faculty Dr Chander Shekhar pointed out that syllabus for Materials Science, PHY4307 (MSc AP, 3rd Sem) is lengthy and needs some shortening. He suggested the deletion of the Module "Materials Failure" from the syllabus.

Action Taken: The syllabus has been revised accordingly.

The BOS recommends the above changes be approved for implementation with effect from academic year 2023-24.

MINUTES OF MEETING

BoS MEETING FOR FORENSIC SCIENCE

A board of studies meeting was conducted on **December 08, 2023**, at 2:00 PM on MS-TEAMS. Dr. Prof. Seema R. Pathak welcomed and requested the expert, Dr. R. K. Sarin, Professor, National Forensic Science University, Delhi to review the curriculum of:

- B.Sc (H) Forensic Science Program new curriculum under NEP 2020 (Annexure I)
- M.Sc. Forensic Science Program (Annexure II)
- D2 and D3 in Forensic Science
- D2 and D3 in Computer Forensics & Cyber Security

Dr. Mamta presented the program structure of the B.Sc. (H) Forensic Science course and Dr. Bhuvnesh Yadav presented the syllabus of M.Sc. Forensic Science Program. The meeting concludes with Vote of Thanks from the Head of Department of Department of Chemistry, Biochemistry & Forensic Science Dr.(Prof) Seema R Pathak and with the insight into paradigm of forensic courses.

Based on the feedback/suggestions of the Area Advisory Board and inputs from various stakeholders, the following changes have been recommended by the BoS:

Recommendation for BSc (H) Forensic Science (NEP 2020)

1. Bachelor of Science (Honors/ Honors with Research) in Forensic Science with 180 credits (4 years) as per NEP 2020 was offered which was previously 150 credits (3 years programme).
2. 1st semester- Total credits 23. The nomenclature of the subject should be changed i.e. Fundamentals of Forensic Science Lab (DFCH 2152) is changed with Crime Scene Management Lab.
3. 2nd semester- Total credits 22.
4. 3rd semester- Total credits 24.
5. 4th semester- Total credits 21.
6. 5th semester- Total credits 25. PATHWAY : UG-3 Programme with Major in Core and Minor
7. 6th semester- Total credits 20. PATHWAY : UG-3 Programme with Major in Core and Minor
8. 5th semester- Total credits 25. PATHWAY: UG 3 Programme with Two Majors

Board of Studies Minutes of Meeting

Dated: 18th Dec 2023

The Board of Studies meeting of the Amity School of Earth and Environmental Sciences was held on **18th Dec 2023** at 09:30AM.

Agenda: The meeting was held on following agenda

1. Introduction and review of B.Sc. Earth Science Programme syllabus as per NEP2020
2. Introduction and review of Minor/Major of Earth Science and Sustainability Science as per NEP2020

The meeting was attended by the following (Attendance Sheet attached):

Internal Members:

1. Prof.(Dr.) Indu Shekhar Thakur, Director, ASEES, AUH
2. Dr. Kushagra Rajendra, HOD & Associate Professor, ASEES, AUH
3. Dr. Puja Singh, Associate Professor, ASEES, AUH
4. Dr. Shaili S Nigam, Associate Professor, ASEES, AUH
5. Dr. Deepika Pandey, Associate Professor, ASEES, AUH
6. Dr. Abul Amir Khan, Assistant Professor, ACOAST, AUH
7. Dr. Aakriti Verma, Assistant Professor, ASEES, AUH

External Experts:

Dr. Rajesh Kr. Ranjan,
HOD & Associate Professor,
Sikkim University.

Agenda Item: "Introduction and review of B.Sc. Earth Science and Minor/Major of Sustainability Science as per NEP"

Amity School of Earth and Environmental Sciences proposed introduction of DII and DIII courses for UG Programs (Earth Science and Fundamentals of Sustainability Science) respectively to be offered at Amity University Haryana from 2023-24 academic session.

The proposed structure and curricula of above said specialization have been duly presented before the committee and some has been recommended by committee for approval in the forthcoming Academic Council meeting.

The following points were discussed and approved in the BOS meeting held:

1. All the course contents were thoroughly examined and analyzed as per NEP guidelines.

2. The invited BOS external expert Dr.Rakesh Ranjan, suggested following specific points

- Change in nomenclature of foundation in Biology/Math (DESC2102/DESC2103) to Biology/Mathematics
- Incorporation of a course of Physics in II semester

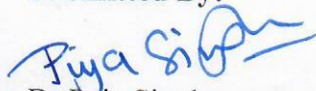

3. Apart from specific suggestion BoS came out with following modification:

- Addition of topic of Morphometric Analysis in Geomorphology.
- Reduction of topic in Module II of Geoinformatics to avoid repetition.
- Incorporation of field project in course of Hydrogeology.

4. In Major/Minor programme of Sustainability module plan of all courses are worked out and modified to bring uniformity in syllabus. Incorporation of Project in each course is worked out.

The proposed structure and curricula of the above said tracks have been duly presented before the committee and recommended suggestions are incorporated in the final draft of syllabus. The final draft has been recommended by the committee for approval in the forthcoming Academic Council meeting.

Course: Geomorphology - Part I
Semester: V SEM
Credits: 4
Course code: BGS201

Course Objectives:

Module I: Basic concepts of geomorphology and its historical development. Universal cycle and waves in geomorphology; sources and sinks; Natural cycle of erosion. Principles of Soil Types, Soil and Mass movement; Types of land movement; Classification, causes, and prevention. Soil: Importance of soil, soil profile, classification of soil.

Module II: Valley Development: Valley Deepening, Valley Widening and Lengthening. Concept of interfluvial, threshold erosion and plateau. Steps: Denudation, erosion, and landform classification. Lake types and associated features. Volcanic, glacial, volcanic, erosion, of India. Tectonic setting and life as well as geomorphic applications.

Module III: Denudation: Factors, Morphometry of drainage basin: basin asymmetry, basin aspect, stream ordering, bifurcation ratio, the law of stream numbers, length ratio, law of stream length, geometry of basin shape, the law of basin perimeter, basin length, and basin area, stream frequency - drainage density, drainage texture, relief aspects, surface index, drainage index, law of channel shape, profile analysis.

Module IV: Field Work: Reading topographic maps, Concept of scale: Projection of a topographic profile - Preparation of longitudinal profile of a river, Reporting field profile: Calculating stream length, gradient, area, Morphometric analysis: Calculating different morphometric parameters - Preparation of geomorphic map - Interpretation of geomorphic processes from the geomorphology of the area.

The following deliberations were made as per the items of the circulated agenda:

Agenda 1 & 2: The Chair (Dr.Rajendra Prasad) introduced the implementation of NEP 2020 at AUH, and the consequent need for reviewing the BSc Biotechnology and BSc Biological Sciences programs currently offered by AIB, AUH. The significance of the newly drafted curriculum was highlighted.

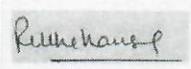

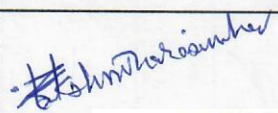

External reviewer appreciated the newly drafted curriculum for both the programs for the unique line of courses offered and for keeping it up to date to enable students to face competitive exams in academics and other career prospects.

Agenda 3: The Chair (Dr.Rajendra Prasad) explained the need for shifting of the course Bioinformatics BTH 4211 from 2nd semester to 3rd semester so that both the theory and lab courses of the same subject are in the same semester.

The external examiner readily agreed with the relevance of having both courses in the same semester and recommended the this change to be implemented.

The structure and details of all revised and introduced course content given in Annx.-1 and Annx.-2 zipped folders.

The meeting ended with vote of thanks by Prof. Rajendra Prasad.

3. Recommendations

The BOS recommends: -

- (a) BA (J&MC) 3-year course structure and syllabi, that have been revised to be in tandem with the NEP 2020 guidelines, making it a 135-credit course. A fourth year is provided as an option called BA(J&MC) with Honors that splits into dual pathways- With Research and Without Research (45 credits). Total credits of the 4-year programme are 180. Annexure-I is attached for reference.

Agenda: Approval of syllabus of B.A. English Programme in compliance with National Education Policy 2020

The proposed structure and curriculum of BA English was presented before the committee by Dr. Sunil Kumar Mishra, Programme Coordinator, B.A. English, ASLA. The same was approved following minor modifications and suggestions as follows:

- a) The expert endorsed the allocation of 4 credits for all the core courses in BA English syllabus.
- b) The expert appreciated the diversity of courses and the research-oriented focus of the syllabus evident in the inclusion of Gender Studies, Linguistics, Ecofeminism etc.

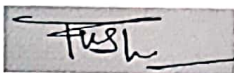

- c) The expert lauded the fact that the syllabus is exhaustive and in-tune with the contemporary academic requirements of the students.
- d) The expert pointed out that Course Outcome 4 (CO 4) was erroneously typed as Course Outcome 5 (CO 5) in the syllabus of "History of English Literature".
- e) The expert pointed that the alignment between Program Specific Outcome 1 (PSO 1) and Program Specific Outcome 2 (PSO 2) for the course "English Poetry from Chaucer to Blake" (DENG 2101) needs to be streamlined.
- f) The expert suggested that the titles of units along with their contents (in several cases) must be accompanied by the relevant outcomes such as "Thematic study", "Critical Analysis" etc.
- g) The expert appreciated the titles of all the courses highlighting that they are well-aligned and declared that the syllabus is approved to be implemented after incorporating the suggestions.

The meeting concluded with the vote of thanks by Prof. Hemant Kumar Jha, Head, Department of English, Amity School of Liberal Arts, Amity University Haryana.

The suggestions given by the Expert and other faculty members present in the meeting have been incorporated in the final draft of the syllabi and programme structure of BA English.
