Dear Prof. Yansen

Greetings from Amity University Haryana (AUH)!

On behalf of Amity University Haryana, I wish to express our deep appreciation for University of Bengkulu (UNIB) for its encouraging response to build partnership between UNIB and AUH.

Amity University Haryana (AUH) is a part of Amity Education Group, which has more than 150,000 students studying in its 300 programs spread across 9 Universities and 150 institutions. AUH was established under Govt. of Haryana Act 10 of 2010. It is located in Gurugram, a part of the National Capital Region Delhi.

Amity University Haryana has six faculties (Science and Engineering, Management, Architecture, Law, Arts, Allied Health Science). Currently, nearly 6000 students are studying in various undergraduate, masters and doctoral programs of AUH.

We are a Research and Innovation driven university. AUH has a very strong research base with large number of funded research projects. We lay great emphasis on collaboration and developing partnerships for interdisciplinary research in emerging areas. The collaboration extends to universities and research institutions within the country and outside.

Thus, with the signing of this Memorandum of Understanding (MoU), we hope build a strong and enduring partnership between UNIB and AUH for mutually beneficial activities as stated in the MoU.

Please find enclosed the MoU document copy for you duly signed from AUH side. We have kept one copy for our records.

Thank you for your support and understanding.

Kind regards,

(Prof. A.K. Yadav)

Dear Prof Yadav,

Greetings from University of Bengkulu (UNIB)!

On behalf of University of Bengkulu, we would like to send our highly appreciation for Amity University Haryana (AUH) for the willingness to build collaborations between AUH and UNIB.

University of Bengkulu is located in Sumatra, Indonesia and it was established in 1982. It now has 8 faculties (Agriculture, Engineering, Mathematics and Natural Sciences, Medicines and Health Sciences, Law, Political and Social Sciences, Economic and Business, and Education). Currently, there are more than 15000 undergraduate students, 2000 master students and more than 100 PhD students which are currently studying at UNIB.

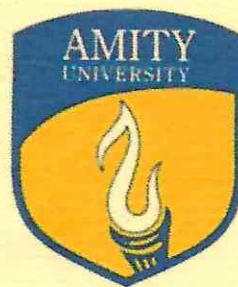

As part of efforts to improve international exposure of our university, we are building collaborations with many universities in many parts of the world. Collaborations with many institutions will allow us to learn more in managing our university and linking up with resources available around the world for education. Then, we can work together in overcoming challenges for education in globalization era. So far, major collaborations with universities outside Indonesia that we have done include student and staff exchanges and research collaborations.

Therefore, we hope that the signing of this Memorandum of Understanding (MoU) will become a foundation for further collaborations between Amity University Haryana and University of Bengkulu, especially between Amity School of Applied Sciences, AUH and Faculty of Mathematics and Natural Sciences, UNIB. Attached is the MoU document that has been signed by UNB's side. We would like to ask you to process the MoU at AUH for signing and please send one copy back to us.

We appreciate your support and understanding.

Sincerely yours,
