Entrepreneurship and Industrial Exposure in India

Program Outcome Report

22nd August 2023

- 1) **Amity Institute of Pharmacy**, Amity University Madhya Pradesh, Gwalior organized a **world entrepreneurs' day** celebration on **Entrepreneurship and Industrial Exposure in India** on 22nd August 2023. This program is organised by the **Institution's Innovation Council** of Amity University Madhya Pradesh, Gwalior. The inspiration behind taking up this topic for the program is the 4th quarter activities of IIC 5.0, Ministry of Education's Innovation Council established by Government of India.
- 2) This program was coordinated by **Dr. Naveen Sharma, Dr. Jovita Kanoujia, Dr. Nimisha Jain, Ms. Ankita Kishore, and Mr. Arvind Singh Jadon**. In this program, B. Pharm students from all semesters and all AIP faculties actively participated. This program was successfully planned and organized with the coordination of **Prof. (Dr.) S. Mohana Lakshmi**, Director, Amity Institute of Pharmacy, Amity University MP.
- 3) **The Objectives of the program were-**
 - a. To celebrate World Entrepreneurship Day, 2023.
 - b. To encourage students to think about entrepreneurship as a feasible career option by increasing their understanding of the role that entrepreneurship plays in fostering economic growth.
 - c. To inspire potential entrepreneurs through sharing success stories, emphasizing the accomplishments of entrepreneurs from varied origins, and emphasizing their societal effect.
 - d. To create networking opportunities for entrepreneurs to interact, exchange experiences, and form collaborative partnerships that can lead to innovation and development.

- 4) Dr S. Mohana Lakshmi (Director AIP), welcomed our guest speaker **Mr. Anup Choubey**, Project Head, AISECT, Gwalior, **Mr. Udyan Lahariya**, Business Founder GBC, Gwalior, HODs, faculty members, and students. She briefed our audiences about world entrepreneurship day by discussing the theme and encouraging them to actively participate in the celebration.
- 5) **Mr. Anup Choubey** and **Mr. Udyan Lahariya** were the distinguished guest speaker for this event. **Mr. Anup Choubey** has completed Master of Science in Physics-electronic and radio physics from SOS Jiwaji University in 1981. He did Master of Business Administration in human resources and marketing from Guru Ghasidas University Bilaspur Chhattisgarh. He held the post of the General Manager in Industrial Infrastructure Development Corporation (IIDC) at Jabalpur, Malanpur and Morena. He was also appointed as a General Manager Industrial Infrastructure Development Corporation, Gwalior, department of Ministry of Micro, Small and Medium Enterprises (MSME). Presently he is associated with All Indian Society for Electronics and Computer Technology (AISECT LTD) as a project head. **Mr. Udyan Lahariya** is currently a Business Founder of GBC, Gwalior, a company that is dealing with Heavy Fabrication Industry, Railway Projects and Power Projects. He has completed his degree in Bachelor of Technology from MPCT Gwalior. He has completed his post-graduation in Master of Business Administration (MBA) from Cardiff University, United Kingdom. His Work experiences included 1 year, part time working in 99 Cent Store at Cardiff, 1.5 year experience with Tesco Sales United Kingdom, and now sir is working as a-successful Businessman and running his own company named GBC, Gwalior, handling with Heavy Fabrication Industry, Railway Projects and Power Projects.
- 6) One of the experts is renowned in the field of service provider for the new startup through the Industrial Infrastructure Development Corporation (IIDC) and department of Ministry of Micro, Small and Medium Enterprises (MSME) and second one is young entrepreneur and job provider.
- 7) The guests are recommended by Dr. Naveen Sharma, Professor in Pharmacology, Amity University Madhya Pradesh, Gwalior.
- 8) The faculty members and students (250 members) of Amity Institute of Pharmacy attended and more than 80 students were participated in the different activities.

9) The take home points of the program are:

- Entrepreneurship drives the growth and diversification of the economy and contributes to the creation of wealth. Role of entrepreneurship in economic development. Encourages innovation by bringing new ideas, products, and services to the market. Contributes to social change by developing products or services that reduce people's dependence on outdated technologies.
- Entrepreneurship not only provides large-scale employment and ways to generate income, it also has the potential to improve the quality of individual life by developing products and services that are affordable, safe to use, and add value to their lives. Entrepreneurship also introduces new products and services that remove the scarcity of essential commodities.
- Entrepreneurship can be a path to economic independence for both the country and the entrepreneur. It reduces the nation's dependence on imported goods and services and promotes self-reliance.
- By starting new firms and businesses, entrepreneurs play a key role in shaping the economy and creating a more dynamic and diverse business landscape.

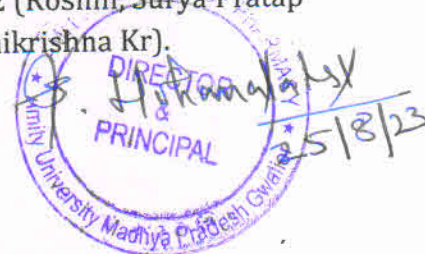

7) We have conducted three activities for the students

1. Innovative logo design
2. Speech competition
3. Whizz Shark (Mini Shark Tank)

8) In the innovative logo design competition 39 students were participated, and the first position was secured by Ms Shivani (Vth- Semester), second position was secured by Shubham Agarwal (Vth- Semester), and third position was secured by Surya Pratap Singh (IIIrd- Semester).

Soft Skills Training for Professionals at Pharmaceutical Company

Program Outcome Report

08th November 2023

- 1) **Amity Institute of Pharmacy, Amity University Madhya Pradesh, Gwalior** organized an **Expert Talk and Workshop on Soft Skills Training for Professionals at Pharmaceutical Company** on 8th November 2023.
- 2) This program was coordinated by **Mr. Arvind Singh Jadon and Mrs. Monika Kaushik**. In this program, B. Pharm students from Vth semesters and all AIP faculties actively participated. This program was successfully planned and organized with the coordination of **Prof. (Dr.) S. Mohana Lakshmi**, Director, Amity Institute of Pharmacy, Amity University MP.
- 3) **The Objectives of the program were,**
 - a. Soft skills provide students with a strong conceptual and practical framework to build, develop, and manage teams.
 - b. To encourage students to think positively about the working and study environment in your university by increasing their understanding of the role that soft skills play in fostering economic growth.
 - c. To disseminate knowledge and appropriate skill practices through recognized systems of training, testing and certification to validate competency levels.
- 4) **Dr S. Mohana Lakshmi (Director AIP)**, welcomed our guest speaker **Dr. Sarvesh Raj Rocque, Faculty, Amity School of Communication Enhancement and Transformation, AUMP, Gwalior, HODs, faculty members, and students**. She briefed our audiences about the importance of soft skills by discussing the theme and encouraging them to actively participate in the workshop.

Dr. Sarvesh Raj Rocque was the distinguished guest speaker for this event. **Dr. Sarvesh Raj Rocque** is a professional who applies practical industry experience and best practices in academic pedagogy to simulate real-life situations that prepare students for college and career success. He has done his PhD in 2019 from PACIFIC UNIVERSITY, RAJASTHAN. He has done his Master's in Sociology in 2005 from DEVI AHILYA VISHVA VIDHYALAY, INDORE. Dr. Rocque represented Indore in the state-level Badminton. In his career he earned a reputation for developing curricula that challenge students to think analytically and exercise cognitive learning skills. He has a successful career history of lifting students to reach their highest potential. Dr. Sarvesh Raj Rocque is a people-first leader, known for working collaboratively to improve learning outcomes.

- 5) The guest was recommended by Iti Roychowdhury, Director, Amity School of Communication Enhancement and Transformation, Amity University Madhya Pradesh, Gwalior.
- 6) The faculty members and students (80 members) of the Amity Institute of Pharmacy attended the workshop.
- 7) **The take-home points of the program are:**
 - Soft skills are character traits and interpersonal skills that characterize relationships with other people and complement hard skills in the workplace.
 - Soft skills are non-technical skills that describe how you work and interact with others. Unlike hard skills, they're not necessarily something you'll learn in a course, like data analytics or programming skills.
 - Soft skills such as communication, teamwork, creativity, adaptability, problem-solving, work ethic, critical thinking and conflict management can be developed and honed over time.
- 8) We have provided a pre-read to the students on the case study "Soft Skills Training for Pharmaceutical Professionals at XYZ Pharma" before the workshop for a better understanding of the topic.

Sub: NBEMS CPR Awareness Programme (Online) on 6th December 2023 at 9.30 am - reg.

Sir / Madam

Please find attached herewith letter No.NBEMS/EDO/2023/4021 dt.7.11.2023 received from National Board of Examinations in Medical Sciences (NBEMS) regarding CPR Awareness Programme on 6th December 2023 which is self explanatory.

As the Cardiopulmonary resuscitation (CPR) is a life saving technique that can be performed by anyone who has received proper training. CPR can restore blood flow and oxygen to the brain and other vital organs of a person who has suffered a cardiac arrest, immediate CPR can significantly improve the chances of survival after suffering from cardiac arrest. Trained personnel can act quickly and confidently in an emergency situation and potentially save a life.

In view of above, your support is solicited in participating the awareness programme of CPR conducted by NBEMS which is in the public interest.

Please find below the link to be used for the CPR Programme.

Ref. No. NBEMS/EDO/2023/4021

Dated: 07.11.2023

Subject: NBEMS CPR Awareness Programme on 6th December, 2023-reg.

Dear Dr. Patel,

National Board of Examinations in Medical Sciences (NBEMS) is an Autonomous Body of Ministry of Health & Family Welfare, Government of India and is entrusted with the task of conducting examinations in the field of modern medicine on Pan India basis including NEET-PG, NEET-SS and NEET-MDS. NBEMS has also accredited more than 1300 hospitals with more than 14000 PG seats in various Broad and Super Speciality Courses.

As you are aware, cardiopulmonary resuscitation (CPR) is a life-saving technique that can be performed by anyone who has received proper training. CPR can restore blood flow and oxygen to the brain and other vital organs of a person who has suffered a cardiac arrest. Immediate CPR can significantly improve the chances of survival after suffering from cardiac arrest. Trained personnel can act quickly and confidently in an emergency situation, and potentially save a life.

As a commitment towards the society, NBEMS shall be organizing CPR Awareness Program on 6th December, 2023 at 09:30 A.M across the country to spread awareness and impart training to thousands of youths and non-medical personnel to administer CPR in a proper manner. The programme will comprise of a short video explaining the participants about the benefits of CPR and methodology to administer it. A doctor will be deputed at each venue to answer the queries of the participants. *Digital Certificate of participation shall be issued to all participants by NBEMS.*

I request active involvement of PCI in NBEMS CPR Awareness Programme so that maximum public is benefited. I request your good office to:

- Inform all pharmacy colleges to participate in the NBEMS CPR Awareness Programme and to provide us the list of participating colleges. All staff and students may be asked to participate in the programme. The colleges may use their auditorium/lecture hall for display of the CPR video with good audio support. The web-page to access the video and further details shall be shared by NBEMS in due course.
- The list of participating pharmacy colleges may be informed to NBEMS at email id: nbefaculty@natboard.edu.in along with the contact details of nodal person who will

Cardiopulmonary Resuscitation Awareness Program

Date: 06 December 2023

Time: 9:30AM to 11:00AM

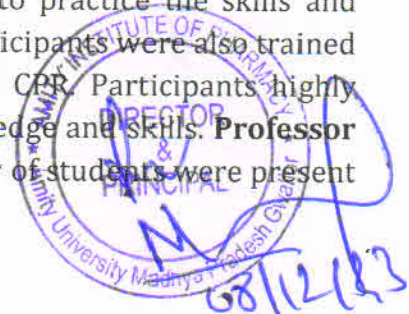

Amity Institute of Pharmacy, Amity University Madhya Pradesh, Gwalior conducted a Cardiopulmonary Resuscitation (CPR) awareness program on 06 December 2023 at 9:30 AM. This program was organized by the National Board of Examination in Medical Sciences (NBEMS). This program was mandatory to conduct in a pharmacy institute that had been instructed by the Pharmacy Council of India (PCI).

The CPR program was conducted under the guidance of **Lt Gen VK Sharma, AVSM (Retd) Pro-Chancellor** of Amity University, and **Professor (Dr) S. Mohana Lakshmi**, Director, Amity Institute of Pharmacy Gwalior. An online link of the program was given by the NBEMS for the conduction of this program and **Dr Abhijat Sheth, President of NBEMS** explained and sensitized the students and faculty members about the importance of CPR and educated them about the importance of CPR. He explained that cardiopulmonary resuscitation (CPR) is an emergency technique used when a person's heart stops beating. CPR can help maintain blood flow to the heart and brain by compressing the chest and providing oxygen from the rescuer's breaths.

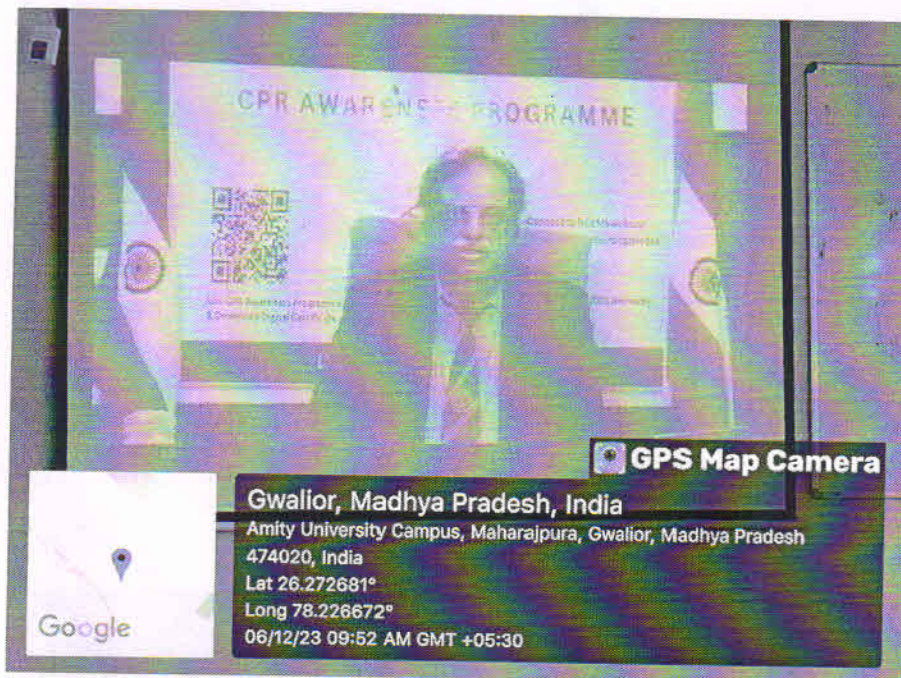

In the program, **Professor (Dr.) Naveen Sharma**, Amity Institute of Pharmacy, and his team members **Dr. P. Sagar, Dr. Vikas Pandey, Mr. Arvind Singh Jadon** taught the CPR technique, and they performed this technique with the help of students.

Dr. Naveen Sharma said that learning of CPR is an important skill that can save someone's life. He also told what precautions should be taken before performing CPR. He stated that performing CPR will allow the performer to contribute to the saving of lives while also raising CPR awareness in the community. He focused that we are committed to imparting important life-saving skills like CPR to the students and faculty members.

During the program, participants were provided detailed information about the basic principles and techniques of CPR. They were also allowed to practice the skills and procedures required to perform CPR. Apart from this, the participants were also trained on how to handle various situations that may arise during CPR. Participants highly appreciated the program as they have gained valuable knowledge and skills. **Professor (Dr.) Neeraj Mishra**, all faculty members, and a large number of students were present on this occasion.

Report of

Two-days event on "Capacity Development & Skill Enhancement"

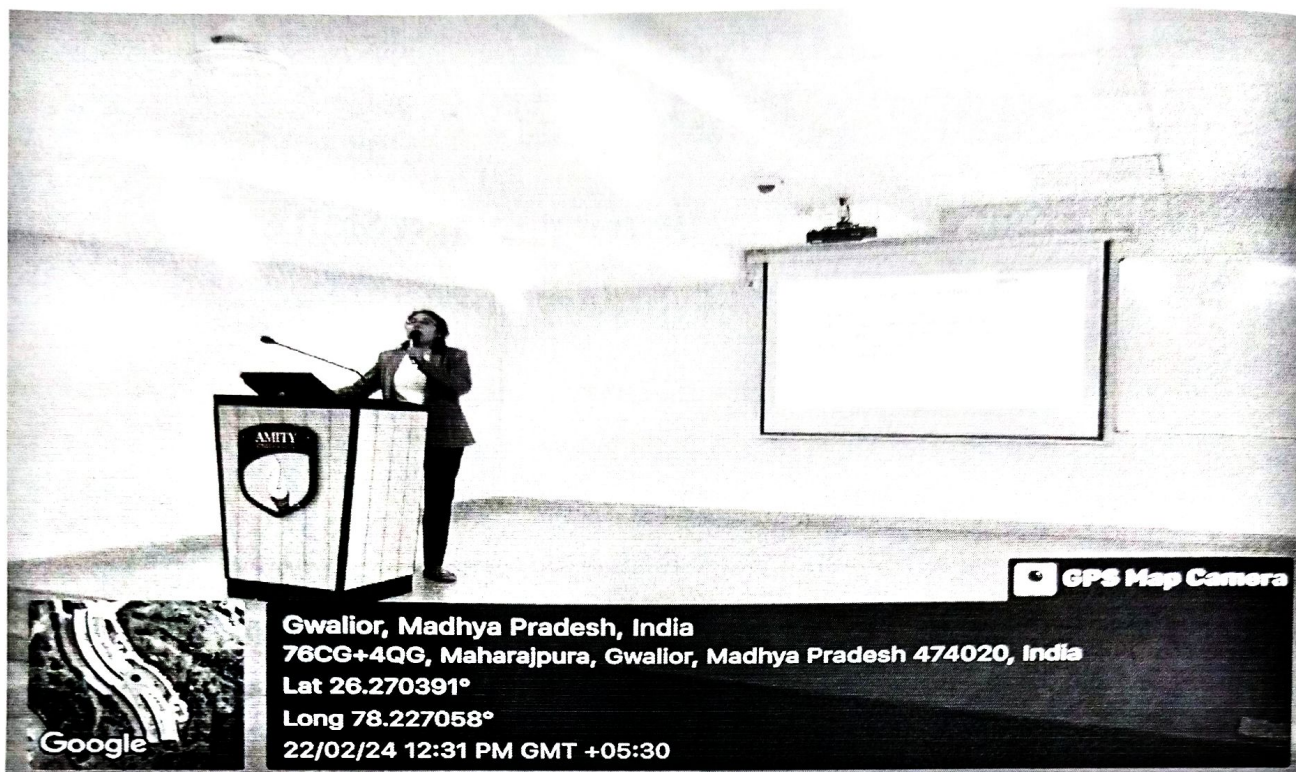

22-23 February 2024

The **Amity Institute of Pharmacy**, Amity University Madhya Pradesh, Gwalior organized two-day events on "**Capacity Development & Skill Enhancement**" organized on **Thursday, 22nd February and Friday, 23rd February 2023**.

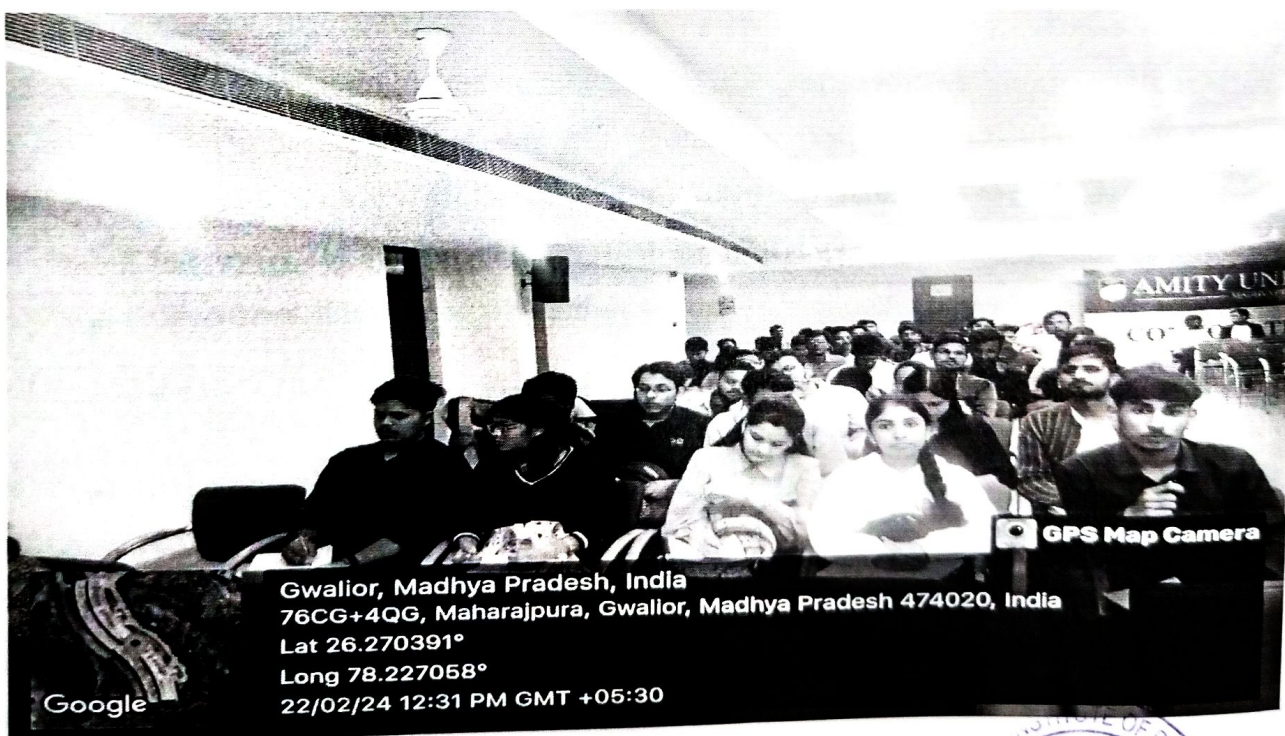

The two-day "Capacity Development & Skill Enhancement" events organized by the Amity Institute of Pharmacy at AUMP aim to inspire and engage students with **Dr. Tanweer Haider** and **Dr. Wasim Akram** as the Event Coordinators and **Prof. (Dr.) S. Mohana Lakshmi** as the Convener. The event registered **206 enthusiastic participants** and encouraged new skill development, and communication skill to improve their professional and personal ability. The trainers/speakers are from the different departments of AUMP. **Dr. Bishakha Mandal** delivered the lecture and interacted with participants on how to improve the communication proficiency in day-to-day life and professional life. This is the first lecture of event on 22 February 2024 from 11.00 am to 12.30 pm. The second lecture was on 22 February 2024 from 3.00 pm to 4.30 pm. **Dr. Madhavi Dhingra** delivered a lecture on MS Word and trained the participants on the same. The lecture cum training was very useful for the participants to enhance their understanding of MS Word.

The Next day of the session i.e. 23 February 2024 started with **Ms. Anvesha Singh**, she delivered and trained the participants on the "Office letters and applications". The lecture was started at 11.00 am and completed at 12.30 pm. The participants benefited from the session of Ms. Singh. They have improved their knowledge of office letters and application writing. The 2nd session of the day was taken by **Dr. Kapil Sharma**, who delivered a lecture and trained the students on "MS Excel". The respective HOIs and the Faculty Coordinators and Faculty of Institute also attended the event.

Report of Seminar

On

"The synthesis and biochemical evaluation of nonbenzenoid aromatic scaffold comprising peptides and nucleic acids".

22nd March 2024

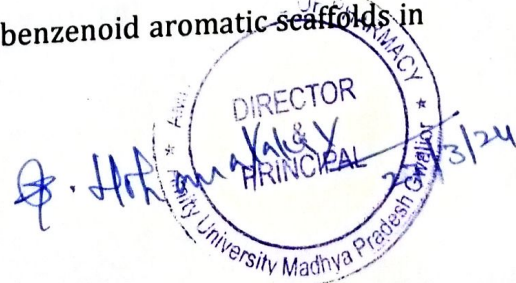

Amity Institute of Pharmacy, Amity University Madhya Pradesh organized a Seminar on "The synthesis and biochemical evaluation of nonbenzenoid aromatic scaffold comprising peptides and nucleic acids" on 22nd March 2024. Dr. Nagendra K. Sharma, Associate Professor, at School of Chemical Sciences, National Institute of Science Education Research, Bhubaneswar was the resource person. He is a renowned expert in the field of chemical sciences and has over 10 years of experience with several achievements.

To welcome our guest, a token of gratitude in the form of a flower bouquet was given to **Dr. Nagendra K. Sharma** by Head of the Institution, **Dr. S. Mohana Lakshmi**. The session commenced with a warm welcome address by the Director of the institute, **Dr. S Mohana Lakshmi**, who expressed her gratitude to the attendees for their participation and enthusiasm. She emphasized the importance of staying abreast of the latest developments in research in chemical sciences and highlighted the relevance of the chosen topic in advancing scientific knowledge and innovation.

Dr. Nagendra K. Sharma began by providing an overview of nonbenzenoid aromatic scaffolds and their significance in drug discovery and development. He elucidated the synthesis pathways involved in creating these scaffolds and highlighted their structural diversity and potential applications in medicinal chemistry.

The lecture then delved into the biochemical evaluation of nonbenzenoid aromatic scaffolds, focusing on their interactions with peptides and nucleic acids. **Dr. Sharma** elucidated the various analytical techniques used to assess the efficacy and properties of these scaffolds, including spectroscopic methods, chromatography, and computational modeling.

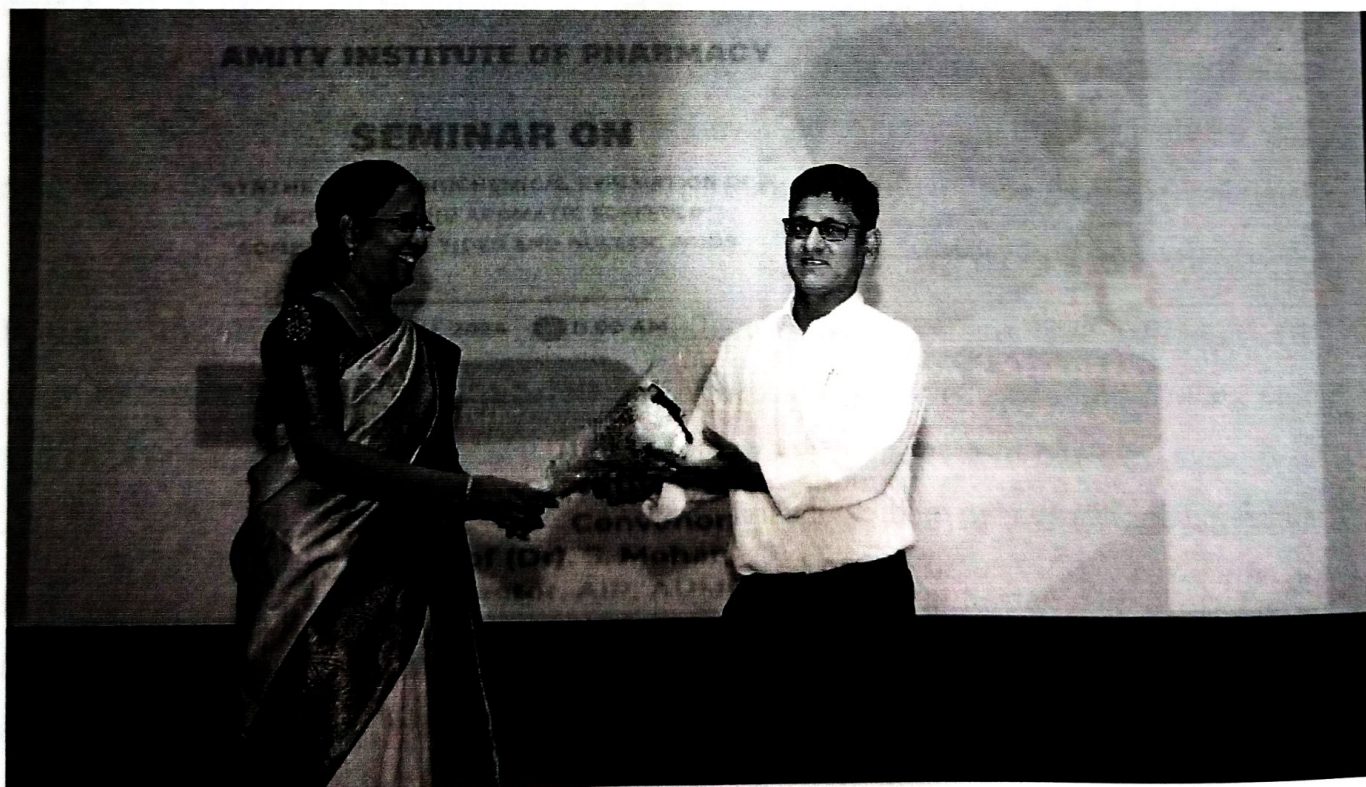

Throughout the presentation, **Dr. Sharma** shared cutting-edge research findings and real-world examples to illustrate the practical implications of nonbenzenoid aromatic scaffolds in drug design and delivery.

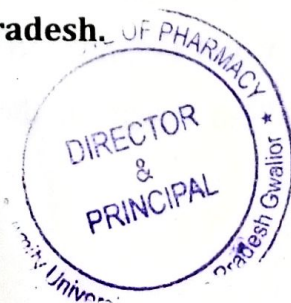

The session concluded with an engaging Q&A session, during which attendees had the opportunity to seek clarification, share their insights, and engage in meaningful discussions with **Dr. Nagendra K. Sharma**. The interactive nature of the discussion fostered a collaborative learning environment and provided valuable networking opportunities for students and faculty alike.

The seminar was a resounding success. It served as a platform for knowledge exchange, critical thinking, and professional development, inspiring attendees to explore new avenues in pharmaceutical research and contribute to the advancement of science and healthcare. More than 200 students have been benefited by the seminar in the form of knowledge, facts and information in the integration of various disciplines such as science, technology, and research. The event was also attended by the respective HODs and the Faculty members. Finally, as a gesture of appreciation, the guest was presented with a shawl and a memento. The event was a testament to the commitment of Amity University Gwalior to academic excellence and innovation in education.

GLIMPSES OF PROGRAMME

About the Conference

Cardiovascular diseases (CVD's) are a persistent challenge that led to an enormous number of premature and preventable deaths. Global death counts due to CVD's increased from 12.4 million in 1990 to 19.8 million in 2022.

This conference is planned to bring the experts in the field of cardiology to disseminate to transform patient care and advance the field through ground-breaking research, pioneering technologies, and collaborative initiatives. This will be an amazing platform for academicians, healthcare professionals, researchers, scholars, students, and industrial professionals to converge and exchange their insights into preventive measures, management, and multidisciplinary therapeutic approaches for cardiovascular diseases. It will also provide unparalleled networking opportunities among the delegates. This pivotal event serves as a catalyst for shaping the future of cardiovascular medicine on a global scale.

Conference Theme

A world without cardiovascular disease (CVD) is possible. Yet millions of lives are lost annually to heart disease each year. The theme of this conference: **Innovation and education to overcome cardiovascular diseases- Back to patients.**

The conference covers various topics such as:

1. **Basics of Cardiovascular Science:** Function of cardiovascular system, diseases and its risk factors in Indian scenario.
2. **Cardiovascular pathology:** Popularising the preventive measures, cardiovascular diseases rehabilitation.
3. **Cardiac nursing:** Acute and Chronic cardiac care, Cardiovascular pharmacology and various treatment's methods.
4. **Strategies to improve Cardiovascular health:** behaviours, systems, and policies in India, and Cardiovascular research needs in India.
5. **Multidisciplinary approaches for the management of cardiovascular diseases.**
6. **Informative and insightful platform on cardiopulmonary resuscitation (CPR).**

5. Who all attended the webinar? Also, if possible, give the numbers.

Ans:

555 participants from 42 Pharmacy Institutes/Universities across India attended the Conference.

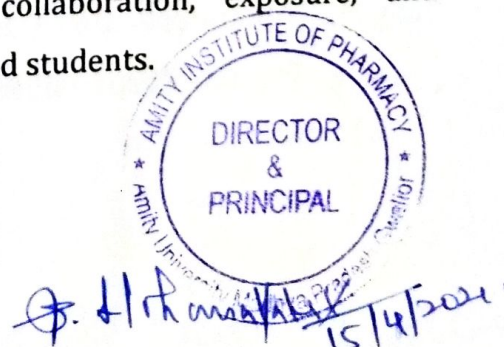

6. What were the 'Take Home' for the Guests and the Attendees in the form of knowledge, facts, information etc.?

Ans:

- Strong emphasis on the importance of preventive measures in reducing the burden of cardiovascular diseases. This includes lifestyle modifications such as healthy diet, regular exercise, smoking cessation, and stress management.
- Early detection and screening for cardiovascular risk factors, including hypertension, high cholesterol, diabetes, and obesity. Timely identification allows for interventions to prevent disease progression.
- Need for a holistic approach to the management of cardiovascular diseases, considering not only medical interventions but also lifestyle changes, psychosocial factors, and patient education.
- Attendees might learn about the latest advancements in the treatment of cardiovascular diseases, including pharmacotherapy, interventional cardiology procedures, surgical with robotic techniques, and device therapies.
- Multidisciplinary Collaboration among healthcare professionals, including cardiologists, primary care physicians, nurses, dietitians, and pharmacists, is highlighted as essential for delivering comprehensive cardiovascular care.
- Educating patients about their condition, treatment options, lifestyle modifications, and self-management strategies is emphasized to empower patients to actively participate in their care and improve outcomes.
- The conference concluded with discussions on research priorities, emerging trends, and future directions in cardiovascular disease prevention, management, and treatment, inspiring attendees to contribute to advancing the field.

7. Has the Extension Activity/ Seminar/ Fest been able to generate any Tangible Gains for the Faculty, Researchers and Students of Amity? If yes, what are these?

Ans: Yes, the Conference at Amity has provided tangible gains including enhanced knowledge, skill development, networking opportunities, research collaboration, exposure, and personal/professional development for faculty, researchers, and students.

- The topic of the conference was unique, and it attracted a fair amount of attention from academicians, scientists, and research scholars from various areas of Medical, Science and Technology.
- Conference proceedings with ISBN and newsletter of the Amity Institute of Pharmacy AUMP were released during the conference, received 57 abstracts in poster category, 13 abstract for oral presentation and received 22 full length articles. This enriched the research publications, citations and ranking of AUMP.
- Eminent speakers were invited to the national conference. They enriched sessions with their vast knowledge, participants, researchers, research scholars and students benefited by their deliberations.
- As per policy of the University all the talks were recorded and will be kept in Library for future reference of faculties, scholars, and students.
- The event was covered by various newspapers like Nav Bharat, Nai Duniya, Patrika, Swadesh etc. This has resulted in the brand building of AUMP and is likely to result in enhanced admissions in the forthcoming session.

8. What are the 'Progressive Outcomes /Way Forward' planned, based on the event of the webinar? Please give them pointwise, with timelines and names of the persons responsible for their execution.

एमटी में कार्डियोवैस्कुलर डिसीजेस, प्रिवेंशन, मैनेजमेंट एंड ट्रीटमेंट पर राष्ट्रीय सम्मेलन आयोजित

नवभारत न्यूज

ग्वालियर 11 अप्रैल. एमटी यूनिवर्सिटी मध्य प्रदेश, ग्वालियर में कार्डियोवैस्कुलर डिसीजेस, प्रिवेंशन, मैनेजमेंट एंड ट्रीटमेंट विषय पर राष्ट्रीय सम्मेलन का उद्घाटन एमटी विश्वविद्यालय के प्रो-चांसलर लेफ्टिनेंट जनरल वीके शर्मा (एवीएसएम) ने किया। प्रारंभिक उद्घोषण में उन्होंने बताया कि हृदय रोगों से बचने के लिए स्वस्थ जीवन शैली अपनाना चाहिए। नियमित रूप से व्यायाम करना और संतुलित आहार का सेवन करना जरूरी है। उन्होंने युवाओं से आह्वान किया कि तंबाकू और शराब से परहेज करें और समय-समय पर स्वास्थ्य की जांच कराएं।

सम्मेलन में मुख्य वक्ता डॉ. पुनीत रस्तोगी, हेड डिपार्टमेंट ऑफ कार्डियोलॉजी, जो आर मेडिकल कॉलेज ग्वालियर ने

हृदय रोगों के विभिन्न पहलुओं पर महत्वपूर्ण जानकारी साझा की। उन्होंने कहा कि हृदय रोग भारत में मृत्यु का एक प्रमुख कारण है। उन्होंने बताया कि कोविड के बाद भारत में कोरोनरी आर्टरी डिजीज के सर्वाधिक, बीस प्रतिशत में अधिक मामले निरन्तर सामने आ रहे हैं, जो चिंता का विषय है। उन्होंने कहा कि हृदय रोग किसी भी उम्र में हो सकता है, वर्तमान दौर में युवाओं में हार्ट अटैक के मामले देखे जा रहे हैं।

डॉ. पुनीत रस्तोगी ने बताया कि दिल का दौरा एक गंभीर स्थिति है, और सभी प्रकार के दिल के दौरों में स्ट्रेमो सबसे गंभीर है। स्ट्रेमो दिल का दौरा तब होता है जब हृदय की धमनियों में से एक पूरी तरह से अवरुद्ध हो जाती है, जिससे हृदय की मांसपेशियों तक रक्त का प्रवाह रुक जाता है। इससे हृदय की कोशिकाएं क्षतिग्रस्त हो जाती हैं और मृत्यु का खतरा बढ़ जाता है।

बताता है।

डॉ. रस्तोगी ने स्ट्रेमो का इलाज पर चिन्ता से जानकारी साझा की। उन्होंने बताया कि स्ट्रेमो एक चिकित्सा आपात स्थिति है। यदि आपको स्ट्रेमो का संदेह है, तो तुरंत चिकित्सीय सहायता लेनी चाहिए। जितनी जल्दी इलाज शुरू किया जाता है, उतना ही कम हृदय की क्षति होती है और मृत्यु का खतरा कम होता है। स्ट्रेमो के उपचार में आमतौर पर अवरुद्ध धमनी को खोलने के लिए पैंजियोप्लास्टी या बाईपास सर्जरी

और रक्त के थक्कों को रोकने के लिए दवाएं। हृदय को मजबूत करने और धमनियों के दिल के दौरों के जोखिम को कम करने के लिए दवाएं।

इस अवसर पर डॉ. रंतेंद्र ब्रज प्रोफेसर एंड हेड डिपार्टमेंट ऑफ फार्माकोलॉजी और डॉ. डी. इंदु इस्टीमेट ऑफ मेडिकल साइंसेज भोपाल ने संबोधित किया।

सम्मेलन में अन्य प्रमुख वक्ता डॉ. वरुण बंसल, रोबोटिक कार्डियक सर्जन, इन्दुप्रस्थ

अपीली हॉस्पिटल न्यू दिल्ली और डॉ. नेहा बंडा हेल्थ केयर मैनेजमेंट प्रोफेशनल इंडियन इन्स्टिट्यूट ऑफ मेडिकल साइंसेज न्यू दिल्ली ने व्याख्यान दिया। इस मौके पर विशिष्ट अतिथि डॉ. प्रदीप कुमार प्रजापति, कुलपति डॉ. सर्वपल्ली राधाकृष्णन अयुर्वेदिक यूनिवर्सिटी जोधपुर ने व्याख्यान दिया।

इस कार्यक्रम में छात्रों द्वारा कई पोस्टर और मौखिक प्रस्तुतियाँ प्रस्तुत की गईं, इस कार्यक्रम की अध्यक्षता डॉ. एससी मेहता, डॉ. सरोज कोठारी (गवरा राजा

मेडिकल कॉलेज ग्वालियर), डॉ. वीके अशोक (एमटी यूनिवर्सिटी मानेसर) और डॉ. अरवि लक्ष्मी (टीपीएस अय्यर नई दिल्ली) ने की।

समापन समारोह के अवसर पर प्रो. चंसलर लेफ्टिनेंट जनरल वीके शर्मा एवीएसएम रिजल्ट ने संबोधित किया और राष्ट्रीय सम्मेलन का फार्मसी स्टूडेंट्स के लिए महत्वपूर्ण बताया। सम्मेलन का सारांग डॉ. रवीन शर्मा द्वारा प्रस्तुत किया गया है कार्यक्रम का सफल निदेशक डॉ. एस. मोहन लक्ष्मी द्वारा धन्यवाद ज्ञापन के साथ हुआ। इस अवसर पर प्रभाती कुलकर्णी (डी.) अय्यर विशिष्ट और इस सम्मेलन में फार्मसी के सभी संकाय सदस्य विशेष रूप से उल्लेखित रहे। सम्मेलन में चिकित्सा क्षेत्र के गणमान्य विशेषज्ञ और बड़ी संख्या में छात्र उपस्थित थे।

REPORT

OF

Workshop on Rotary Vacuum Evaporator (Buchi, India Pvt Ltd)

Amity Institute of Pharmacy, AUMP organized a **"Workshop on Rotary Vacuum Evaporator (Buchi, India Pvt Ltd)"** on **09th May 2024** from **02:30 to 05:00 pm**. The training was initiated by **Mr. Naresh Singh, Senior Service Engineer**, Buchi India Pvt. Ltd. He gave the overview of the Rotary Evaporator (R-300 generation) by showing various components including chiller machine, heating bath, condensed solvent collector, condenser, vacuum pump, temperature cum rotation controller, and waste vessel. He has also shown the digital interface of the rotary evaporator to get the information on vacuum settings in terms of (m bar). Mr. Singh demonstrated the different operations, such as setting the vacuum, fixing the sample solvent vessel, and setting the temperature cum Rotation to participants. He has detailed the rotary evaporation, which works on the principle of reduced pressure, thin film formation of solvent across the glass flask using rotation and applying elevated temperature. Moreover, he also discussed troubleshooting the common rotary evaporator issues and basic preventative measures.

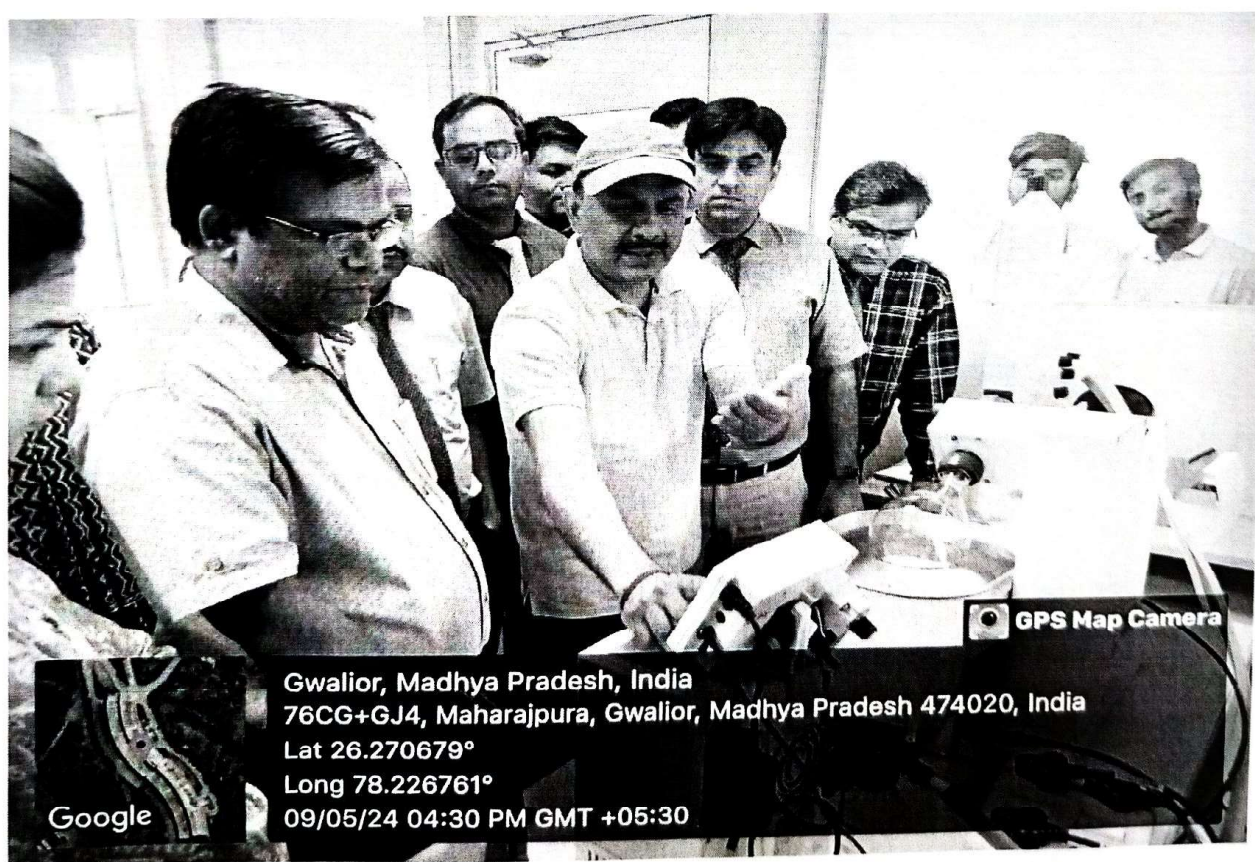

The faculty members and non-teaching of Amity Institute of Pharmacy have participated in the workshop enthusiastically. The workshop was attended by 22 faculty members, 07 non-teaching staff and B. Pharm students. The session provides a comprehensive understanding of the distillation under reduced pressure using different parameters such as Rotation per minute, elevated boiling points, and condensation of evaporated solvent, including a hands-on session on how to set up, operate, and clean a rotary evaporator. The program was organized by **Dr. V. Murugesan, Professor, Department of Pharmaceutical Chemistry**. This program was successfully planned, and organized with the co-ordination of **Prof. S. Mohana Lakshmi, Director, AIP, AUMP**.

- To gain insights into industry standards, compliance requirements, and regulatory frameworks.
- To interact with professionals and understand the qualities valued in the industry.
- To get experience about modern laboratories advanced technologies, and innovative practices.
- To visit different departments within organisation for understanding the diverse roles and functions.

4) Godrej Consumer Products Ltd, Malanpur: An Overview

- **Godrej Consumer Products Ltd (GCPL)** is a major player in the fast-moving consumer goods (FMCG) sector in India. The organisation is part of the Godrej Group, one of India's oldest and most respected conglomerates. GCPL manufactures and markets a wide range of products in categories such as personal care, hair care, home care, and fabric care.

➤ **Malanpur Facility**

Key Features of the Malanpur Facility

Production Capabilities:

- The Malanpur plant is one of GCPL's significant manufacturing facilities.
- The facility produces a variety of consumer goods, including soaps, hair colorants, household insecticides, and toiletries.
- Equipped with state-of-the-art technology to ensure high-quality production standards.

Product Range:

- **Personal Care:** This includes products such as soaps (Cinthol, Godrej No.1), hair color (Godrej Expert), and other grooming products.
- **Home Care:** This encompasses household insecticides (Good Knight, HIT), air fresheners (Godrej aer), and other home cleaning products.

Sustainability Initiatives:

- GCPL places a strong emphasis on sustainability and environmental responsibility.
- The Malanpur facility incorporates green manufacturing practices, including energy-efficient processes and waste management systems.
- Efforts are made to reduce the carbon footprint and implement eco-friendly production methods.

Quality Assurance:

- The plant follows stringent quality control measures to ensure the consistency and safety of its products.
- Regular audits and inspections are conducted to maintain high standards of manufacturing practices.

Workforce:

- The facility employs a skilled workforce, including engineers, technicians, and factory workers.
- Continuous training and development programs are in place to enhance employee skills and productivity.

Certifications:

- The Malanpur plant is certified with various quality and safety standards such as ISO 9001 (Quality Management), ISO 14001 (Environmental Management), and OHSAS 18001 (Occupational Health and Safety).

Strategic Importance

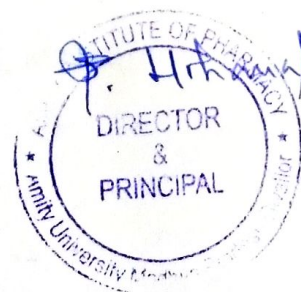

- Domestic Market: The Malanpur plant plays a crucial role in meeting the demand for GCPL's products across India.
- Distribution Network: Products manufactured at Malanpur are distributed through a vast network, ensuring availability across urban and rural markets.
- Innovation Hub: The facility often serves as a hub for innovation, where new products and formulations are developed and tested.

Corporate Social Responsibility (CSR)

- GCPL is actively involved in CSR activities, focusing on community development, education, health, and environmental sustainability.
- Programs aimed at improving the quality of life for the local community around Malanpur are regularly conducted.

Conclusion

- The Malanpur facility of Godrej Consumer Products Ltd is a cornerstone of the organisation's manufacturing operations. With a strong focus on quality, sustainability, and innovation, the plant not only supports GCPL's extensive product range but also contributes to the organisation's mission of bringing effective and affordable products to consumers while being environmentally responsible and socially conscious.
- 5) The visit to Godrej Consumer Products Ltd. was a valuable experience for students, offering a holistic view of the various sections and units that contribute to the functioning of a Cosmetics/FMCG organisation. This exposure has enhanced students' knowledge and appreciation of the complexities of the industry and potential career opportunities.
 - 6) **Mr. Amit Bahel (Manager HR)** was felicitated by the program co-ordinators with memento and sweets. The Vote of thanks was given by **Mr. Kapil Gupta** on behalf of Amity Institute of Pharmacy, Amity University Madhya Pradesh, Gwalior.

World Intellectual Property Day 2024

Outcome Report

28th May-2024

- 1) **Amity Institute of Pharmacy**, Amity University Madhya Pradesh, Gwalior organized a world intellectual property day on 28th May 2024. This program is organised by the **Institution's Innovation Council** of Amity University Madhya Pradesh, Gwalior. This is the 3rd quarter activities of IIC 6.0, Ministry of Education's Innovation Council established by Government of India.
- 2) The event was held at seminar hall Block 'C' AUMP. This program was planned and coordinated by Dr. Naveen Sharma and Mr. Arvind Singh Jadon under the guidance of Prof (Dr.) S. Mohana Lakshmi, Director, Amity Institute of Pharmacy, Amity University Madhya Pradesh.
- 3) **Objectives of the program:**
 - To create an awareness among the students about the Intellectual property rights and its benefits in promoting investment in research and development.
 - To encourage students to innovation and creativity by providing legal protection to inventors and creators.
 - To aware the students about how IPR helps to ensure the consumers in buying genuine and safe products, not counterfeits or pirated versions.
- 4) In this program, **Dr Umang Garg**, IPR expert, Amity School of Engineering & Technology, Amity University Madhya Pradesh, was invited as guest to judge the participants who took part in different activity. Dr Umang said that intellectual property (IP) concerns to any original creation of the human intellect such as artistic, literary, technical, or scientific creation. He also said Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period. These legal rights confer an exclusive right to the inventor/creator or his

assignee to fully utilize his invention/creation, it is very well settled that IP play a vital role in the modern economy.

- 5) There were 85 B. Pharm students from the 2nd semester who have actively participated and during the program elocution competition and essay writing competition were conducted. There were 15 students participated in elocution competition and 23 students were participated in essay writing competition.
- 6) In the **elocution competition**, a total of 15 students were participated and the first position was secured by **Bhoomi**, second and third position secured by **Raghavi Bansal** and **Devam Mishra**.
- 7) In the **essay writing competition**, a total of 23 students were participated out of which the first prize was secured by **Deepanshi Baloni** and the Second and third prize was won by Deepka Mandol and Nanshi.
- 8) At the end of the events, after the declaration of the results, the Vote of thanks was given by Dr Naveen Sharma. A special thanks to our guest Dr. Umang Garg for his valuable time and words. Also give the special thanks to Prof. (Dr.) S. Mohana Lakshmi, Director, Amity Institute of Pharmacy, and other faculty members for their valuable suggestions. A good appreciation was also conveyed for the student's efforts and contributions to complete this program.

9) **Program Outcomes:**

IPR plays a crucial role in fostering innovation, providing legal protection, and offering financial and professional benefits to students. By understanding and leveraging IPR, students can enhance their academic achievements, career prospects, and entrepreneurial ventures, contributing to a culture of innovation and creativity within the academic community and beyond.

Intellectual Property and

Youth: Innovation for a Better Future

• Introduction →

IP full form intellectual property is a term that refers to creation of the mind like inventions, literary and artistic works, designs, symbols, names and image used in commerce. Intellectual property have legal rights for copyright claims.

Protecting these creation is essential because it ensures that creators can benefit from their own work. This creation protection encourage innovation and creativity, which are crucial for progress in any society.

Intellectual property day is celebrated on 26 september.

• The Role of Youth in innovation →

Young people have always been at the forefront of change and innovation. With fresh ideas and new perspectives, they have the potential to solve problems in unique ways.

In today's digital age, youth have more tools and resources and ideas. From developing new apps to inventing sustainable technologies, young innovators are making significant contributions to a better future.

• How intellectual property helps Youth innovate →

↳ Encourages creativity.

↳ Provides Recognition & reward.

↳ Fosters economic growth

• Examples of Youth Innovations →

↳ Technology →

Many young inventors have created apps that solve everyday problems.

Eg: Apps that help people with disabilities navigate cities or apps that promote mental health awareness.

↳ Environmental solutions →

Young people are also coming up with innovative ways to address environmental issues

↳ Social impact.

• Challenges & solution →

Despite their potential, young innovators often face challenges. Lack of funding, limited access to resources and insufficient knowledge about IP can hinder their progress.

→ Education and Awareness.

↳ By teaching young people about IP rights. Workshops and resources to help.

→ Support system → Governments, businesses and NGOs.

→ Collaboration and Networking.

→ Music and movies industries.

• Case studies of youth innovation →

↳ Greta Thunberg and Environmental Advocacy.

↳ Boyan Star and the ocean cleanup.

↳ Malala Yousafzai and educational advocacy.

There are various case studies.

• Conclusion →

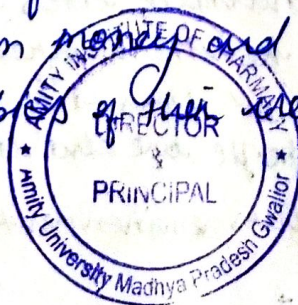

Youth have an incredible potential to drive innovation and create a better future. By understanding and utilizing intellectual property rights, they can protect their ideas, gain recognition and contribute to economic growth.

With the right support and resources, young innovators can overcome challenges and make a lasting impact on the world.

Encouraging and supporting these young minds is not just beneficial for them, but for society as a whole.

It help for our youth for a better future.

By this also can earn money and other can not make fake or copy of their creation, innovation.

Topic - IP and Youth, ^{Innovations} for Better future.

Intellectual property - It refers to the creation of mind which includes the artistic work, inventions, new music, images and other useful materials for the commerce.

Intellectual property are of many types which can be classified as - Patent, copyrights, Trademarks and Trade secrets.

• Intellectual property makes sure that the individual's invention doesn't get ~~steal~~ by someone else as well as it provides the reward for the inventions.

Patent - It is the type of ~~title~~ given to your invention so that other people can't use it to gain profit.

Copyrights - It is given on images, or in researches when there is a new discovery or changes made in some researches.

Trademarks - It is a ~~symp~~ symbol given to an industry's product or any product in general which helps in distinguish between the products of two different industries.

Trade secrets - This is given to the specific licensed or authorized information only. Such as any secret information released by the government.

Dr. H. K. Mishra
30/5/24

- Intellectual property provide many Intellectual Intellectual laws which ensures the protection of the individual's work.

Intellectual property is useful in Industries, business, universities, indigenous people and in almost each and every place.

Youth involvement —

- Young minds are filled with great enthusiasm, ideas, creations and inventions. They are filled with great energy which helps them to think more creatively and thus, they invent and become great inventors. Whether they will be an entrepreneur, an artist or even a scientist, IP make sure to prevent their ideas from stealing as well as they provide them patent, copyright for their work as well as Reward.
- Correct uses and information about the intellectual property by the youth can not only lead to development personally but can also help in the significant growth in the 'Economy'. The youth are the pillars for the future development of the country. It's the responsibility of school, universities and companies to aware people as much as they can about the IP and its uses.
- IP provides personal growth, economic growth and reward to youth for their works.

For example → In India, Sushant Pattinak
a 22 year old boy got the patent for
his invention on the wheelchair for the
disabled people, which can control the wheelchair
by just breathing, he also invented multiple
other inventions.

Another 33 year old male, ^{Aditya Waryana} got a patent
for his invention 'Awar' which helps
the impaired people.

Conclusion - IP and youth together can help the
overall growth of country and its economy. So
the youth can be as much innovative as much
they want when they know their ideas are
safe and protected from theft and can develop
as much inventions they want. IP and youth are
a growing bridge for the country's development.

Introduction :- Intellectual properties are the properties which provide right over certain creations or inventions.

It helps the inventor to protect their product and get benefits in several forms such as incentives. In modern era intellectual property rights are being preserved and it helps to boost the youth for further creativity.

Rights & Laws :- There are several laws which helps in protection of the authenticity of invention and WIPO treaty along with US continuously working on developing helpful rights and incase of violations to take needed actions. "Article 27" is one of the laws developed in India for protection of IP.

There are different rights developed for individual property. Some of them are described below :-

- **Trademark :-** Trademark provided to a formula, concept, and procedure of a product.

Eg :- The formula of coca-cola is having its own trademark.

- **Industrial Innovation Right :-** These rights are provided to the developer of visual product generating easily mappable content

- **Plant varieties right :-** These rights have been given to the new plant variety discovered and helps to protect the genotype of it.

- **Copyright -** It is the most common and easily accessible right which is provided for the limited period of time.

G. H. Khanabadi
30/05/21

There are Circuit design right used for mark product in US
and Supplement Protection right available for
pharmaceutical products.

History :- Intellectual property are intangible creations,
Unlike traditional property they are indivisible.
IP provide rights to a group of people over a single
product.

So it faces a lot of criticism when IP protection
Act was passing.

And in recent years there are many modifications
in IP Acts.

Conclusion :- IP provide boost in economic growth of
a country. It provide youth a lot of
new chances in forms of 'incentives', Economic
support have been provided for development
and creating new products.
