ABOUT PRO BONO CLUB

The Pro Bono scheme, is a program or initiative in which professionals provide their services free of charge or at a reduced fee to individuals or organizations in need who cannot afford legal or other professional assistance. The term "pro bono" is commonly associated with legal services, but it can also apply to other fields such as healthcare, accounting, architecture, and more. In the legal context, pro bono work involves lawyers and legal professionals volunteering their time and expertise to provide legal assistance to individuals or groups who cannot afford to pay for legal services. This assistance can include legal advice, representation in court, drafting legal documents, or other forms of legal support. These entities encourage their members or employees to dedicate a certain amount of their professional time to pro bono work.

The goal of pro bono work is to ensure access to justice for disadvantaged individuals or groups who may otherwise be unable to navigate the legal system or afford legal representation. It aims to address the inequality in access to legal services and promote equal protection under the law. Pro bono schemes are often organized and facilitated by professional associations, Bar Associations, or Law Firms.

VISIT TO DORAR & CHIRAI

DORAR

Amity Law School, Amity University Madhya Pradesh, recently conducted a transformative outreach visit to Dorar village, a community of approximately 5,000 people, under the leadership of Maj. Gen. Rajender Kumar (AVSM, SM, VSM), Director of the law school. The visit aimed to empower villagers by educating them about their legal rights and the availability of free legal aid, a crucial resource in our society where access to justice often remains limited for marginalized communities. Legal aid plays a vital role in ensuring that everyone, regardless of their financial status, can defend their rights and receive fair treatment under the law. Recognizing this need, the Pro Bono Club sought to bridge the gap by offering free legal services to the people of Dorar village.

Amity Law School's Pro Bono Club recently visited Chirai village, home to approximately 3,500 people, with the mission of providing legal knowledge about their rights and the availability of free legal aid for any matters they may face. Organized by the village sarpanch, Mr. Banti Adiwasi, at the panchayat office, the visit saw active participation from women, men, and children, with a dedicated time slot for women to address their concerns privately. The 2.5-hour meeting led to the resolution of several minor issues on the spot, while more complex complaints were formally documented in the presence of the Pro Bono team. The team also visited the local Anganwadi school, engaging with teachers and students to assess issues related to fees, basic facilities, and other government-mandated necessities. The visit was particularly impactful given that a significant portion of the village's population belongs to the SC/ST community, with property disputes being a major concern.

The team efficiently addressed these disputes and coordinated with the area Collector for further action. Additionally, the Pro Bono members provided valuable information on the rights and benefits of the Adivasi community and explained the advantages of alternative dispute resolution (ADR) as a fast and effective solution. This outreach effort was a resounding success, empowering the villagers with the knowledge and resources they need to assert their legal rights.

The Pro Bono Club of Amity Law School, Amity University Madhya Pradesh, in collaboration with the Traffic Police of Gwalior, Madhya Pradesh, organized its first Road Safety and Traffic Rule Awareness Drive at Gola ka Mandir, a major traffic junction connecting Gwalior with the Agar, Morena, Bhind, and Jhansi highways. This initiative was conducted under the esteemed guidance of Maj. Gen. Rajender Kumar (AVSM, SM, VSM), Director of Amity Law School, along with Deputy Director Prof. Dr. Rakhi Singh Chauhan, Assistant Prof. Dr. Arun Sharma, and Assistant Prof. Anshu Dwivedi. The drive was structured into four key phases: the first involved spreading awareness through slogans broadcasted over loudspeakers; the second focused on checking seat belts, helmets, and driving licenses in cooperation with the police; the third phase involved identifying traffic violators and issuing penalties, resulting in a significant number of challans being issued within an hour; and the final phase was dedicated to showing appreciation to those who adhered to traffic rules, with tokens of gratitude being offered. Additionally, helmets and safety kits were distributed to those who were unable to purchase them. The two hour

event saw enthusiastic participation from both students and faculty of Amity Law School, who engaged directly in the ground-level awareness activities. A key issue identified during the drive was the misuse of connections by some individuals to evade minor traffic penalties, which has been undermining the authority of the police force. To address this, DSP Traffic Mr. Ajit Chauhan signed a Memorandum of Understanding (MoU) with Amity Law School to organize similar awareness activities on a weekly basis across different areas of Gwalior.

VISIT TO SWARG SADAN ASHRAM

The Pro Bono Club of Amity Law School, Amity University Madhya Pradesh, under the guidance of Maj. Gen. Rajender Kumar (AVSM, SM, VSM) and Deputy Director Prof. Dr. Rakhi Singh Chauhan, recently undertook a compassionate outreach initiative by visiting Ashram Swarg Sadan, a sanctuary dedicated to providing refuge for individuals who have been abandoned, are homeless, or suffer from disabilities. This ashram is a haven for those who have been marginalized by society, often due to mental health challenges, physical disabilities, or terminal illnesses, and it plays a crucial role in offering them shelter, care, and a semblance of family.

The visit was a key part of the Pro Bono Club's broader mission to promote social justice, human rights, and community welfare. By engaging directly with the residents of Ashram Swarg Sadan, the club aimed to not only provide immediate support but also to understand the deeper issues faced by these vulnerable individuals. The focus was on raising awareness about the human rights of those who have been isolated due to mental disorders, physical disabilities, or social stigma. The residents of Ashram Swarg Sadan include individuals affected by severe health conditions such as AIDS, HIV, tuberculosis, and cancer, all of whom require continuous medical care and emotional support.

Recognizing the urgency of these needs, Maj. Gen. Rajender Kumar and Prof. Dr. Chauhan took the commendable step of donating a month's supply of essential medical provisions to ensure that the residents' immediate health needs were met. This donation included medicines, hygiene products, and other necessities that are often in short supply at such institutions.

CONCLUSION

As we reflect on the past year, it is with immense pride and gratitude that we recount our journey through the Pro Bono Club at Amity Law School, Madhya Pradesh. This experience has been nothing short of transformative, both for our students and the communities we have had the privilege to serve.

Through our initiatives, we were given the unique opportunity to connect with the very roots of society, gaining firsthand insight into the challenges faced by the unprivileged at the grassroots level. This connection has deepened our understanding of the critical issues that persist in our society and has reinforced the importance of providing accessible legal aid to those who need it most.

Working closely with individuals and families who often find themselves marginalized and overlooked, we have witnessed the profound impact that legal assistance can have on their lives. Whether it was guiding them through legal complexities or simply offering a listening ear, the support we provided through the Pro Bono Club has been a meaningful effort to bring everyone closer to the mainstream of society.

This initiative, under the aegis of the Department of Justice, has been a powerful reminder of the vital role that legal professionals play in upholding justice and equity. It has also reaffirmed our commitment to the principle that access to justice should not be a privilege of the few, but a right available to all. As we continue this important work, we do so with a renewed sense of purpose and a deepened commitment to using our legal knowledge and skills to uplift those who need it most.

We look forward to continuing this journey, making a positive impact on the lives of many more, and ensuring that justice remains within

Aim & Objective of the Programme:

The National Conference was organized with the following objectives:

1. To encourage the participants to understand why the British-era criminal laws have long been criticized for their colonial origins, reflecting an imposition of foreign legal systems on India.
2. To explore why has the Decolonization initiative taken place by replacing these laws with indigenous Bharatiya laws and how it signifies a crucial step towards decolonization.
3. Understanding the purpose of adopting Bharatiya laws in empowering India to establish its legal framework based on its cultural, social, and political realities, rather than adhering to laws imposed by a former colonial power.
4. To throw light and discuss its cultural relevance by elaborating on how Bhartiya Laws can better reflect the values, traditions, and customs of Indian society, ensuring that the legal system aligns with the cultural ethos of the nation.
5. To manifest how Bhartiya Laws would be more helpful in addressing injustice in a better way as many argue that the British-era laws are outdated and fail to address contemporary social and legal issues effectively.
6. To understand the reform agenda by discussing how the replacement of colonial laws presents an opportunity to usher in comprehensive legal reforms, addressing shortcomings and inconsistencies in the existing legal framework.

SOME CHANGES?

NO SEDITION (S. 124A IPC)?

ELECTRONIC EVIDENCE UNDER SECTION 65B IEA

ACTS OF TERRORISM UNDER UAPA

- Replaced it with a much more vague and broad nomenclature in the BNS, through section 152 titled 'Acts endangering sovereignty, unity and integrity of India.'
- E-Communications under the new section r/w Telecommunication Bill 2023 virtually opens doors for legal interception of electronic communications, and thus, raises alarms for privacy?

BSB expands the definition of 'documents' to include electronic or digital records including online communications on various personal devices. The definition is broad, and covers any electronic communication such as messages, call recordings, and emails as well as electronic communication devices such as mobile phones, laptops, cameras, and any other electronic device.

Now by classifying electronic records as documents, there is a possible shift in its perception from secondary evidence to primary evidence. Considering in mind how electronic records can be easily tampered without an identifiable trail, classifying it as primary evidence might be problematic!

- Section 113 of the revised Bill has modified the definition of the crime of terrorism to entirely adopt the existing definition under Section 15 of the Unlawful Activities (Prevention) Act, 1967 (UAPA).
- Are special laws equal to General Penal Laws? We need to think more about this!
