Aman worked in Backend Development for our AI based reverse job platform, devising strategies, prototyping and implementation of modules. Aman came up with innovative solutions very quickly for pressing issues and was proactive. His knowledge on **MongoDB, Digital Ocean, Nginx and understanding of NodeJS** helped Moyyn in launching an independent platform for candidates which integrates several AI tools.

Our team had nothing but praise for his can-do attitude. We are pretty sure he will be a great asset to any team he joins. We highly recommend Aman and we are sure he'll be as successful

at your company as he was at ours.

We appreciate his hard-working attitude and commitment to the tasks assigned. The outcomes of the work were highly satisfactory and Moyyn wishes him all success in his future endeavors.
