Coach & Director -
WeSafe India

The next part of the session was conducted by Mrs. Rakhi Oswal, Life Coach & Director - WeSafe India. She said, Yoga is an art of wellness that was not only born in India but has also blossomed in India for thousands of years. It is an art that helps many people to attain better health and awareness. It leads them to holistic

wellbeing. It has incredible benefits both for our physical and mental health. When Yoga, Pranayama, and meditation are practiced together, a connection between mind and body is created which improves overall health. There are several forms of yoga merging Pranayama and Meditation, in which there is control of breathing, while one is performing yoga.

She said, when we talk about Pranayama, it is translated as an extension of one's prana force. It implies to the set of breathing techniques in which your breath is altered intentionally to produce specific results. While meditation is unwinding of thoughts, it has nothing to do with concentration of thoughts on one thing. It is about becoming thoughtless. Practicing yoga, Pranayama, and meditation has significant health benefits. With so many studies, people have started recognizing the importance of Yoga, Pranayama, and Meditation in their life.

The talks were followed by question answer session which was taken up by speakers. The International yoga day was coordinated by Dr. Venkatadri Marriboyina, Professor and Head, CSE Dept. supported by Maj Gen (Dr) SC Jain, VSM** (Retd), Director ASET. Yoga day was appreciated by all the participants.

The third phase of the workshop commenced with elucidation of the usage of techniques that are central to CDT and the knowledge concerning how to use these techniques within therapeutic treatments. Students were enlightened with the ways in which they can learn these techniques by changing the linguistic pattern of their conversation with the patient and by introducing new exercises. To execute this, Dr Jain used his own therapeutic experiences with patients to take the students through the process and finally ended with a message of professional integrity encouraging the participants to learn CDT and use it for the betterment of society.

Questions and answer sessions were open throughout the workshop and Dr Jain humbly encouraged the participants to ask questions and answered their queries with utmost certainty. He also provided live examples of CDT by inviting participants to express their fears and overcome them by using the techniques that are being taught. The workshop proved successful and enlightening for the participants and the faculty with the opportunity to learn novel ideas and methods that lay down the path for advanced system of treatment within clinical psychology

The workshop was inaugurated by Dr. Deepa Pandey, Officiating Head of Institute of AIBAS, Dr. Rajendra Kumar Sharma, Head of Department of Clinical Psychology, the Organizing Committee and the faculty members of AIBAS.

ग्वालियर। कोविड-19 के समय मास्क ही केवल बचाव है। इसलिए शासन की जारी गाइडलाइन का पालन करें। मास्क नहीं पहनने से आप खुद, परिवार के सदस्यों और लोक स्वास्थ्य के लिए खतरा बढ़ाते हो। यह बात एमिटी लॉ स्कूल के निदेशक मेजर जनरल राजेंद्र कुमार ने कही। यूनिवर्सिटी की ओर से प्रतिवर्ष 28 सितंबर को चांसलर डॉ. असीम चौहान के जन्मदिवस को नवाचार दिवस के रूप में मनाती है। इस उपलक्ष्य

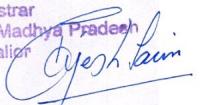

में यह कार्यक्रम किया गया। इसमें जिला विधिक सेवा प्राधिकरण ने सहयोग किया। कार्यक्रम में जिला विधिक सेवा प्राधिकरण के सचिव एवं अतिरिक्त जिला न्यायाधीश रितुराज सिंह चौहान ने कोरोना महामारी के बचाव के बारे में जानकारी दी। इस अवसर पर हजार फेस मास्क एवं 500 सेनिटाइजर की बोतल का वितरण जरूरतमंद लोगों को किया गया। इस अवसर पर प्रो. राखी सिंह चौहान, प्रो. संदीप कुलश्रेष्ठ सहित छात्र मौजूद रहे।
