6.1.2

The effective leadership is reflected in various institutional practices such as decentralization and participative management.

Response

Amity University Madhya Pradesh believes in decentralization and participative management in its academics and governance. The subsequent level of administrators at different levels (University, Schools of Studies, Centre of Excellence and Programme level) is duly empowered to manage daily operations and decision making. The same is evident from the well-defined Organizational Structure and formation of various committees which includes representation from Director(s), faculty members/staff, as well as students and alumni.

Decentralization

The university provides numerous opportunities to its stakeholders to contribute to decision making activities and framing of policies thus ensuring transparency and encouraging good governance. Administration has been empowered by giving more autonomy in decision making and strategic governance issues, thus allowing them to make best use of their knowledge and experience.

To encourage participative and supportive management, the heads are empowered to make and recommend decisions about academics, administrative matters of their respective Schools including curriculum designing, framing of programme structure, organizing guest lectures, seminars, industry visits, workshops etc. to ensure excellence in respective areas. The leadership team closely coordinates with heads for smooth and timely implementation.

Participative Management

The participative management system is evident from the fact that University has constituted different standing committees with members from across the University and each committee is headed by a senior member as Chairperson/Presiding Officer. This kind of management not only fosters sense of belongingness but also helps to broaden the thought process of the employees which further helps in creating a positive collaborative synergy among the teaching and non-teaching staff of the University.

- Directors/ Heads of different institutes guide their faculty in making operational decisions at Institute level.
- Institutes submit semester wise requirements to execute their teaching-learning activities in a systematic and planned manner.
- Heads are empowered to identify domain expertise requirements and connect with HR department to conduct recruitment and selection process.
- Board of Studies has representation of subject experts from academia and industry.
- University believes in transparent governance and has created dedicated platforms where employees as well as students meet and deliberate upon methods to bring further improvements in the existing system. Monthly structured meetings are held with teaching staff, administrative staff, and student representative.
- The leadership team is also accessible to its students and employees through intranet portal Amizone which has a well-defined escalation matrix, and the queries/ suggestions are required to be addressed in a time bound manner.

1. The Agenda Points proposed to be discussed during the meeting were earlier circulated to all the members.

3. After the attendance and establishment of quorum, the students' council proceeded to discuss the agenda points. The details of discussion are given in the succeeding paragraphs.

4. **Agenda Item 01: Welcome address by Chairperson- Students' Council**

The Hon'ble Dy Pro Vice-Chancellor of the University and Chairperson of Students' council opened the proceedings with his welcome speech. Following a formal welcome to all members of the Students' Council, the chairman explained the purpose, relevance, and responsibilities of the student council members.

5. **Agenda Item 02: Academic Support: Students' inputs to be sought on Classroom Lectures, Library, and Students Club**

(i) Classroom Lectures:

Students of ABS and ALS raised the issue of their full day engagement in the university due to which they are not able to join coaching classes for preparation of competitive exam. Replying to this issue, Hon'ble chairman assured them to discuss it with the concerned HOIS for more insight and take steps accordingly.

Students of ALS department shared his view on the curriculum and suggested to avoid the repetition in the curriculum. In response to his view, chairperson informed to the council that as a part of our routine practice, all the departments revise their syllabus every year.

(ii) Library:

Number of surveying and research related books are less in AIB, ALS and ABS. Other than that Student of ABS department suggested that we could include Research related books, which will be useful in various types of dissertations

and project work and to which the chairman replied that this can be done and implemented through proper channel.

(iii) **Co – curricular / Extracurricular Activities:** Activities such as annual cultural festival, SANGATHAN, AMICHROMA several literature events and competitions, fine arts and creativity competitions, student exhibitions led by students are conducted annually. It also includes dance festival orientation events amongst others. poetry, dance, musicals, etc are also conducted. The council also goes on to serve the purpose of organizing co-curricular activities, workshops, seminars and technical events and skill based workshops. As a part of the social awareness initiatives, under the aegis of NSS programs in health awareness, distribution of clothes, food, books etc and awareness activities like nukkad natak on cancer day, Anti-tobacco day, Justice Day, Language Day are also organized.

(iv) **Cafeteria and Mess:** Students from the 'A Block' and 'B Block' complained about the cafeteria and mess. The students complained of the following issues about the mess :

a) Menu is not followed properly,
b) The quality of food is very poor.
c) Mess register is not properly maintained.
d) Drinking water in mess is not regularly checked. Inadequate Seating arrangement especially when there is a common mess for girls and boys.

The students were informed that Director- Administration had addressed all the Hostel students recently for the said issues & a University Duty Officer checks the menu, quality of food, infrastructure etc twice a week to ensure quality & improve the system.

6 **Agenda Item 03: Ragging Free Campus**

The Chairman enquired if there was any issue of ragging in the Campus, in response to which all the students unanimously said that AU MP is already a ragging free campus and the relationship between the seniors and the juniors is really cordial.

7. **Agenda Item 07: Any Other Items with the Permission of the Chair**

Ms. Sakshi Kumari discussed an issue regarding the coaching class timing. She further explained that some girls have joined coaching classes for the competitive exams in evening and while returning they get late. They are left with only 20 minutes to reach the hostel before the closing time, which they fail to make at times because of unavailability of conveyance. Because of this, they are generally denied an out pass on weekends.

The students were informed that such specific cases may be forwarded to Director- Administration to seek permission extend their Out Pass timing.

There being no other point by any member, the meeting was concluded at 1615 hrs with thanks to the Chair.

D.O.F. No. 1-4/2021(QIP)

18th November, 2021

Subject: Initiatives undertaken by UGC for implementation of NEP, 2020-reg.

Dear Vice Chancellor,

As you are aware, National Education Policy (NEP), 2020 was launched on 29th July, 2020. On completion of one year of launch of NEP 2020, Hon'ble Prime Minister announced a number of historic initiatives including the major reforms such as Academic Bank of Credits, Guidelines for Multiple Entry and Exit in Academic Programmes, Internationalisation of higher education etc. in the august presence of our esteemed Education Minister. Some of the initiatives undertaken by the UGC for implementation of NEP, 2020 are as follows:-

- Regulations on Academic Bank of Credits to promote flexibility and facilitate student mobility
- Guidelines on Multiple Entry and Exit in the Academic Programmes of Higher Education Institutions
- Guidelines for Apprenticeship/Internship embedded degree programme as part of the curriculum of general degree programme
- Amendment of Institutions Deemed to be University Regulations to facilitate Vocational Education to enhance Employability
- Regulations on ODL and Online Education to expand access and increase GER
- Regulations on Credit Framework for online courses through SWAYAM, 2021 for recognition and integration of credits – Increasing the credit limit from 20% to 40%
- Guidelines for Internationalization of Higher Education
- Establishment of Office for International Affairs - one stop contact for foreign students
- Alumni Connect at University Level to engage with Alumni (of foreign origins and Indians living abroad)

The above-mentioned initiatives are aimed to improve accessibility, equity, quality, affordability & accountability and thereby bringing about transformative reforms in the higher education sector. The concerned/eligible institutions may implement above initiatives at their level so that the benefits can reach to the stakeholders in a time-bound manner.

Further, the University Grants Commission in its endeavour to address the major challenges faced by the higher education system in India adopted "UGC Quality Mandate" for improving the quality in higher education institutions.

The activities envisaged under Quality Mandate and aligned to NEP, 2020 can also be undertaken by HEIs at their own level such as offering multidisciplinary programmes, orientation to newly recruited faculty through Faculty Induction Programme (Guru Dakshta), Inculcation of human values and professional ethics (Mulya Pravah), framework for eco-friendly and sustainable campus in higher educational institutions (SATAT), empowering graduates with the vital skills requisite for global employment and successful life (Life Skills), orientation to new students through Student Induction Programme (Deeksharambh), social responsibility and community engagement, industry-academic linkage, development cell and start up incubation centre, divyangjan friendly physical infrastructure, translation of books/course materials for degree programmes in Indian languages.

The vision of NEP-2020, to provide quality education to all and thereby making India a global knowledge superpower can only be achieved with the active participation of the HEIs. Many HEIs are proactively involved in implementing NEP, 2020 and have initiated several measures for the same. In order to ensure that vision of NEP, 2020 gets translated into reality, I would request you to establish **"NEP Cell"** in your institution and make the above-mentioned initiatives operational as well as monitor their progress on timely basis.

Best wishes,

Yours sincerely,

D P Singh

5. Mr. Sunil Kumar Upadhyay– Member
6. Prof. Vikas Srivastava – Invited Attendee

Agenda Items:

1) Distribution of various courses in a semester and scheme of course: The committee discussed the distribution of various courses in a semester and scheme of course in light of the UGC Curriculum and Credit Framework for Undergraduate Programmes (CCFUGP). The committee agreed that a model course-credit scheme would be the best way to implement the UGC CCFUGP. It was also decided that one credit would be equivalent to 15 hours of lectures/tutorials or 30 hours of laboratory work, as proposed by UGC, New Delhi.
2) Model Course-Credit Scheme: The committee prepared and discussed a model course-credit scheme for the implementation of the UGC CCFUGP.
3) Each undergraduate programme has the following course categories in line with the UGC CCFUGP:

    i) Disciplinary/Interdisciplinary Major Courses
    ii) Disciplinary/Interdisciplinary Minor Courses
    iii) Multidisciplinary Courses
    iv) Ability Enhancement Courses (AEC)
    v) Skill Enhancement Courses (SEC)
    vi) Value Added Courses (VAC)
    vii) Summer Internship
    viii) Research Project/Dissertation

4) Minor courses will be in two sets –
    a) Department specific Minor courses (12 credits)
    b) General Minor Courses (12 Credits)
    c) General Minor Courses will replace existing CBCS Courses (Minor Tracks)
5) Multidisciplinary courses will be chosen by specific department as per need of courses.
6) Ability Enhancement Courses will include EVS (4 Credit Course), and Behavioral Sciences (4 Credit Course)

7) Skill Enhancement Courses will include French (9 Credit Course)
8) Skill Enhancement Course (SEC), Ability Enhancement Courses (AEC), Value Added Courses (VAC) should be completed in first four semesters.
9) Applicability of Guidelines. The committee agreed that the guidelines for the UGC CCFUGP would be applicable to undergraduate programmes starting from the academic year 2023-24 prospectively.
10) Credits earned by the students will be uploaded on the Academic Bank of Credits
11) Conduct of BoS: Institutions/Departments should conduct BoS to incorporate NEP 2020 and UGC CCFUGP.

Action Items:

1. The model programme structure of B.Sc.(Honors with Research) will be shared with all departments for their preparation of BoS.
2. Effected Institutes will plan and prepare their courses in line with the UGC CCFUGP guidelines.
3. Effected Institutes will prepare a list of Multidisciplinary courses to be offered in consultation with other Institutes.
4. Effected Institutes will plan and prepare for conducting BoS and incorporating NEP 2020 and UGC CCFUGP.

NEP 2020: MINUTES OF THE MEETING

Multi-institutional, multi-disciplinary, multiple-entry and multiple-exit are the soul of NEP 2020. A meeting regarding the National Education Policy 2020 was held in Room No. 101 at Amity Institute of Biotechnology, Amity University Madhya Pradesh, Gwalior on 16.08.2021. Following faculty members were present in the meeting:

1	Prof.(Dr.) Rajesh Singh Tomar	Chairman
2	Prof.(Dr.) Iti Roy Chowdhury	Member
3	Prof.(Dr.) Venkatadri Marriiboyina	Member
4	Prof.(Dr.) Devendra Pandey	Member
5	Prof.(Dr.) Mahalaxmi	Member
6	Dr. Sumit Narula	Member
7	Prof.(Dr.) Rakhi Singh Chauhan	Member
8	Dr. Anurag Jyoti	Member (Co-opted)

Following recommendations were given by the committee:

1. Disengagement of CBCS from main degree. Students may be allowed to do SWAYAM courses. Upon submission of certificates of 18 credits, degree may be awarded.
2. One year Certificate and 2 years Diploma courses may be offered for dropout students. For this, revision/re-structuring of the syllabi may be done.
3. Students with 4 years undergraduate degree with Research may be allowed to do 1 year postgraduate with the permission of regulatory bodies (e.g. AICTE, BCI, PCI, CoA etc.) wherever applicable.
4. A faculty giving good research output may be given flexibility of timings. Seed money may be provided to start a minor project based on which, major project for funding may be submitted to funding agencies.
5. In view of uncertainty in pandemic, students may be allowed to do more virtual labs. This may be applicable for AIB, AIP & ASET.
6. After university hours, we can run coaching classes for competitive examination. Faculty from AUMP/outside may be allowed.

D.O. No. F. 1-3/2017(NAD/MHRD) 06.11.2019

Respected Vice-Chancellor/Director,

As you are aware that National Academic Depository (NAD) is an online storehouse of academic awards (Degrees, Diplomas, Certificates, Mark-Sheets, etc.) lodged by the academic institutions/boards/eligibility assessment bodies in a digital format. It is a 24x7 online mode for making available academic awards and shall help in validating their authenticity, their safe storage, and easy retrieval. NAD comprises two interoperable digital depositories namely NSDL Database Management Limited (NDML) and CDSL Ventures Limited (CVL). These digital depositories shall keep the academic awards in the digital format and ensure data integrity

The Government of India has designated University Grants Commission (UGC) as an authorised body for implementation of the NAD Project. UGC vide its letter of even no. dated 24th November 2016 requested all the Academic Institutions viz. Central Universities, Institutions of National importance, State Universities, State-funded Deemed to be Universities, Private Universities, School Boards and Others to enter into a Service Level Agreement (SLA) with either of the depositories for on-boarding on NAD.

I am glad to share with you that the NAD has made a very significant progress in last two years and 1,106 Academic Institutes have already signed SLA and have uploaded their data. To enhance the reach of the programme Academic Institutions are requested to take actions as under:

- Designate Nodal Officers and set up a dedicated NAD cell for implementation of NAD and reflect their details on respective website.
- Advise their students to register on NAD website.
- Reach out to those students whose awards are already uploaded on NAD, to start using NAD services for accessing their academic awards.
- NAD-ID should be made a compulsory field in the admission and examination forms of the academic institutions.
- The email addresses and mobile numbers of the students should be provided by the Academic Institutions to the depositories for automatic creation of NAD IDs.

To attain the objectives of NAD, you are requested to kindly upload the legacy and fresh data of your institution before 31st December, 2019.

With warm regards,

Yours sincerely

(Rajnish Jain)

F. No.1-5/2021(NEP/DESK-PARL) 14th March, 2022

Subject: Implementation of Guidelines for Establishment of Research & Development Cell in Higher Education Institutions (HEIs)

Dear Vice Chancellor/Principal,

As you are aware, the National Education Policy (NEP 2020) focuses on catalyzing quality research in the nation and lays the framework to strengthen research ecosystems in Higher Education. With this in mind, the University Grants Commission has recently formulated Guidelines for Establishment of Research & Development Cell (RDC) in Higher Education Institutions (attached herewith). The establishment of RDC in HEIs will pave the way for integrating the key elements- Research, Innovation and Technology development for India's *Atma-Nirbhar Bharat* mission and address our societal challenges of the 21st Century.

To facilitate its effective implementation, the Vice Chancellors of Universities and Principals of Colleges are requested to take appropriate action for the establishment of the Research & Development Cell as per the enclosed guidelines in their respective universities and colleges. I would appreciate if you share the initiatives taken in this regard on UGC's University Activity Monitoring Portal (UAMP) www.uamp.ugc.ac.in.

Looking forward to your active cooperation in this regard.

With regards,

Yours sincerely,

Methodology and Research Techniques) and specific research theme-based workshops and Research Internships will motivate the end-users (students, scholars, and faculties) to participate actively in the process of ideation and innovative research in emerging areas.

a. Research Thrust and Clustered Areas

Thrust areas for Research in an HEI should be identified, underpinning the societal needs and the availability of key resources, including in-house human resources, faculty research competencies, and support systems. This would enable HEI to consider establishing a Center of Excellence (CoE) in these identified contemporary areas of research.

Research Clusters and/or Regional Research Consortia prompted/formed by RDC to bring all researchers, faculty, students, scholars, and Post-Doctoral Fellows for joint high value (interdisciplinary and trans-disciplinary) research projects to avail national and international funding opportunities. Shared infrastructure and expertise will enable cross-fertilization of ideas and mobilization of resources. Further, forming Regional Research Consortia adds a synergistic advantage in finding solutions in inter-disciplinary, trans-disciplinary, and multidisciplinary areas.

CoEs' can serve as Incubation Centres to transform innovative ideas into processes and products administered and monitored by the proposed RDC. RDC could also provide an avenue for community talent with prior learning/expertise to engage in research and innovation activities of HEI.

b. Research Incentives and Recognition

Incentives play a significant role in triggering and catalyzing research interest among scholars and faculties. Incentivizing quality publications and patents by students and faculty will have an enduring positive impact.

Institution of Excellence Awards for accomplishments/achievements in the form of impactful quality research and/ or research-based teaching will further stimulate and invigorate the research and innovation activities of the HEI.

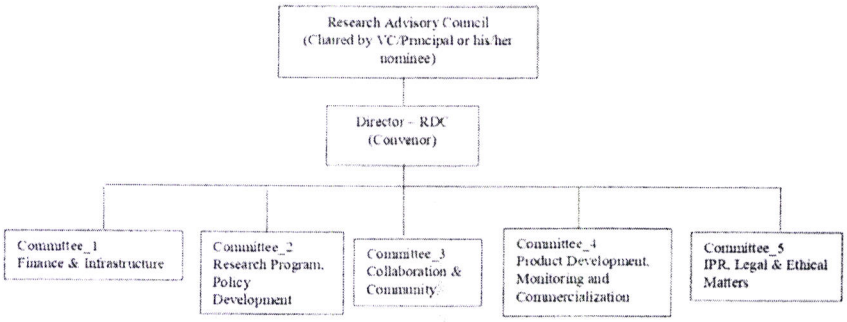

RDC should also develop a policy focussing on identifying specific intensives for research faculty and develop a unique Research Career ladder for strengthening the mission "Research".

c. Technology Development and Business Centred Facility

The Technology Development and business-centered facility will be a hub for strategic partnerships/ collaborations, industry-institute interface, sponsored or contract research, new knowledge generation, IPR, and patent services, venture capital, trade/market portfolio, technology transfer, and commercialization of research to facilitate innovation, incubation, entrepreneurship and start-up ventures.

d. Finance

RDC can facilitate resource mobilization and create a Corpus for research and development from government, industry, and other funding agencies and channelize Corporate Social

2. Administration

Established organizational structure (Bodies, Authorities, and Committees) will facilitate planning, implementation, and monitoring of research activities in HEIs, formulate rules, regulations, and policy frameworks for utilization of facilities and resources at HEIs.

A strategy adopted to integrate multiple functional units can support institutional research under a single-window operational system for effective administration.

The activities of RDC will be mentored and monitored by various committees for devising research models, technology, appraisal, foresight & review functions, mediating sectoral R&D progress, and IPR protection.

RDC should keep a close contact with Ministry Innovation Cell to make use of various innovative plans for facilitating the researchers.

3. Research Ecosystem/Collaboration

A vibrant research ecosystem in HEI aims to provide meaningful thrust for sustainable research and innovation and promote collaboration between government, universities, research institutes and industries.

HEIs need to build a sustainable research ecosystem that leads to consistent quality research outcomes and enhanced productivity.

In order to make RDC functionality viable, the HEIs that are relatively new or not so well established should develop a connection with RDCs of already well-known/established HEIs for their research.

RDC in each HEI will act as a facilitator for networking and collaborative research with other national and international institutions working in inter- disciplinary, trans-disciplinary, and multidisciplinary research areas. Reformed administrative structure at HEIs can reach out to key industry players, research organizations, institutions, associations, NGOs, government bodies to forge strategic partnerships.

HEIs need to establish collaborations, teams/consortia, partnerships, and combined ventures for joint research activities through clustering institutions and organizations to facilitate the exchange of students, scholars, and faculty.

There is a need to strengthen resource sharing in content and infrastructure both within the university and among universities, funding agencies, industries, corporates and government.

Guidelines for Establishment of Research & Development Cell In Higher Education Institutions

Introduction

The National Education Policy (NEP) 2020 envisages the promotion of quality research within the Higher Education system. Research and innovation are important aspects to enhance quality education by the Higher Education Institutions (HEIs). Societal challenges of our country can only be addressed by having a strong and vibrant higher education ecosystem with an emphasis on research, innovation, and technology development. The integration of Research, Innovation and Technology Development is the foundation of Atma-Nirbhar Bharat (Self-reliant India). The establishment of Research and Development Cell (RDC) in HEIs will enable attainment of targets of Atma-Nirbhar Bharat and is expected to play a pivotal role in catalyzing multidisciplinary/ transdisciplinary and translational research culture mandated in NEP 2020.

Vision

To put in place a robust mechanism for developing and strengthening the research ecosystem within HEIs, aligned with the provisions of NEP-2020.

Mission

- To create a conducive environment for enhanced research productivity.
- To encourage collaboration across industry, government, community- based organizations, and agencies at the local, national, and international levels.
- To facilitate greater access to research through mobilization of resources and funding.

Objectives

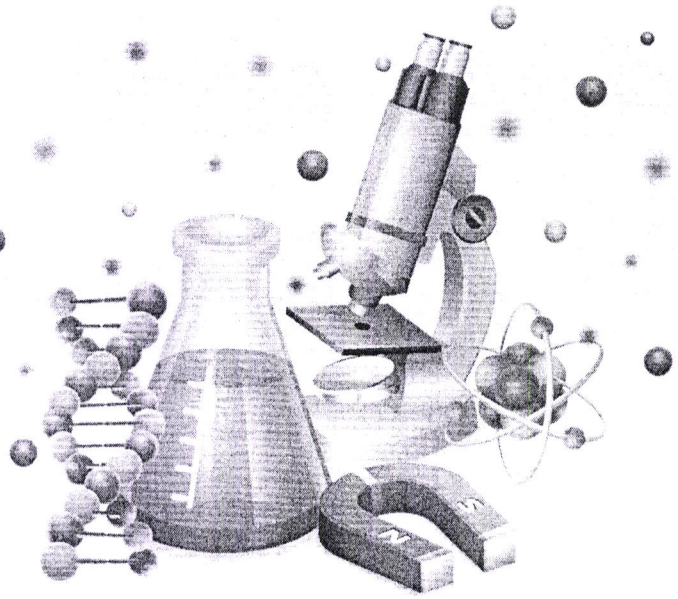

1. To create an organizational structure with role-based functions of RDC, formulate Research Policy for the HEIs, identify thrust areas of research, and form related cluster groups/ frontline teams/consortia of researchers.
2. To create enabling provisions in Research Policies for recruitment of research personnel, procurement of equipment, and financial management with adequate autonomy to the Principal Investigator(s) and disseminate research outcomes to stakeholders and the public at large.
3. To establish a special purpose vehicle to promote researchers and innovators, identify potential collaborators from industry, research organizations, academic institutions & other stakeholders for cooperation and synergistic partnerships.
4. To act as a liaison between researchers & relevant research funding agencies, extend guidance in preparation & submission of project proposals and post-sanctioning of the grants to oversee adherence to timelines.

D.O. F.1-11/2018 (MIC/QIP)

November, 2018

Dear Vice Chancellor,

Please accept my greetings on the occasion of Deepawali !

As you are aware, that UGC and MHRD have taken various initiatives for improving Quality Research and Innovation in Higher Education. MHRD Innovation Cell (MIC) has been established by MHRD to foster the culture and innovation within Higher Education Institutions (HEIs).

The primary mandate of MIC is to encourage, inspire and nurture young students to work on new ideas. MIC has envisioned creation of **"Institution's Innovation Council (IICs)"** across selected HEIs. A network of these IICs will be established to promote Innovation in the Institution through multitudinous modes leading to an innovative eco-system in the campuses. So far, 800 HEIs have complied by registering online however, most of them are from Engineering, Technology and such other professional institutions.

Although, it was resolved in the National Conference of Vice-Chancellor's on 27th July, 2018 to create an innovation eco-system where culture of research is ingrained for all, hardly 96 universities have registered so far for establishment of IIC. In this context, I am to request you to take this initiative forward and register online before 20th November, 2018.The link to register in MHRD '**Institution Innovation Council (IIC)** is https://www.facilities.aicte-india.org/IC/iic.html . For any further clarification in this regard, please contact: Dr. K. Elangovan, Assistant Innovation Director, Innovation Cell, Ministry of HRD, Govt. of India; Contact No. 9686637128, 11 29581332, 26131576-79 (ext.-1332); elangovan.kariappan@gov.in.

I hope that you will be able to establish IIC as per the attached format and support in nurturing innovation in Institutions of Higher Learning.

Warm regards,

Yours sincerely,

(Prof. Bhushan Patwardhan)
